TAFT'S POLICY TOWARD THE REPUBLICANS IS MADE CLEAR

Will Treat Regulars and Insurgents Alike in Matters of Patronage.

COPIES OF LETTER FROM HIS SECRETARY.

Written to An Iowa Politician Have Been Sent to Heads of Departments.

WASHINGTON, Sept. 17.—Indicate multiply that the letter written by Charles D. Norton, secretary to the president, to an unnamed Iowa politician, is an expression of the policy of President Taft to be followed in the various departments of government in their attitude in matters of patronage toward all Republicans whether insurgents or regulars. Copies of the letters have been sent from directly to the executive heads of all the departments in Washington. The copies were to be accompanied by a letter or transmittal directing the department heads to heed the suggestions contained in the letter, but were never accompanied by a note that the letter had been written by the authority of the president.

TRADE INCREASED.

WASHINGTON, Sept. 17.—Trade between the United States and the Philippine Islands increased 84 per cent during the years of operation of the new tariff law, according to the Department of Commerce and Labor statistics.

New Assistant.—Miss Blanche McRay has been appointed assistant to Postmaster Russell at North Bend.

Leases Ranch.—P. Schillers from of North Bend has leased a ranch of 18,000 acres in the Santa Clara Valley of California. He has leased the place for fifteen years. He gets possession in December.

Days Interest.—Art Blanchard has bought Jas. Falconer's interest in the Marshfield Cleaning and Dye Works. He will continue in the employ of the Coos Bay Gas and Electric Company for the time being at least and allow his partner, Chas. Leach, who has been identified with the business heretofore continue its management.

Back From Trip.—Pearly Lund of the Hub has returned from Coquille, where he has been visiting his sister, Mrs. F. C. True, and from Bangor, where he has been superintending the Hub's store while Manager Sullivan was in Marshfield on business. Those were the avowed purposes of his trip so far as he announced them and so far as others here know, but today there came rumors from Coquille of a big whirl that he cut in society while in the county seat.

BEAR THIS IN MIND.

A good schools, fine business houses, plenty of churches and even a healthful climate will never amount to much for a place whose citizens are continually knocking on the business door, complaining of taxes and kicking generally. The way to make Marshfield grow and prosper is to have faith in the city and to communicate that faith and confidence to others.

Is Ill.—Mrs. Elizabeth Adams of the Magnus and Matson store, has been confined to her home the past week by a severe case of poison oak poisoning.

NORTH BEND NEWS.

William Doyle, a contractor Wednesday, is visiting in North Bend.

Mrs. Ellen Anderson of Union avenue in North Bend, who has been visiting in Portland, has returned home.

IS CHARGED WITH MURDER

Grand Jury Indicts Frank Garrison and Trial Starts Monday.

Murder in the first degree is the charge which Frank Garrison must face in the Circuit Court. Such was the indictment returned by the Grand Jury at Coquille last night after hearing the evidence in the case. Garrison is charged with killing Roy Perkins. The witnesses went back to Coquille this morning, but they returned at noon, as they will not be needed until Monday, when the trial of Garrison will be taken up in the Circuit Court.

MUCH PUBLIC WORK DONE

County Has Built Many Good Roads and Constructed New Bridges.

Coos county has spent a large amount of money making public improvements. The commissioners have completed the work of the September term and the bills which they have allowed show a great amount of improvement of various kinds.

The road work this year has been more extensive than ever before. The county made large appropriations, the people assessed themselves in many cases to carry out work in their district, and some private donations were made by property owners interested. Altogether there has been expended in Coos county this year about \$200,000 for the improvement of roads. Both of the stage routes to Roseburg were improved and there is scarcely a road in the whole county which did not receive some attention. In many instances the work was of an expensive nature and did not make as much showing as might be expected. For example, the work at Brewster grade on the Coos Bay

Wagon Road was of a highly expensive nature. A deep cut was made and it required the expenditure of a good deal of money, but the improvement was of a permanent nature. The work on the Myrtle Point-Roseburg road was also expensive. About \$30,000 will have been expended between Myrtle Point and the county line before the end of the year, but the road has been resurveyed and the bad places cut out. On the road from Bandon north, one of the big mountain grades was done away with. The opening of a new road from Flagstaff to Marshfield was a big improvement and will give about one thousand residents of the county a quicker wagon road route to the city. The commissioners say that they feel the \$200,000 which has been spent has been well placed.

The building of bridges is another piece of work which has cost the county a large amount. The bridge across South Slough was erected at a cost of about \$12,000. The new steel bridge over the south fork of the Coquille River at the Herman place cost about \$9,000. The extension of the Front street bridge in Marshfield to connect with North Bend will be an expensive piece of work and the bridge on the Bunker Hill road will cost about \$2,700. There were some smaller bridges and some repairing to be done, so that the total cost of the bridge work in the county this year will amount to about \$30,000.

Another big improvement made by the county was the work done at the court house which cost about \$5,000. A new room was provided for the abstractors, the old hot water heating plant was taken out and re-

HE DEFENDS NEW NATIONALISM

Roosevelt Says It Only Means Application of New Conditions to Old and Fundamental Moralities.

(By Associated Press.) SYRACUSE, N. Y., Sept. 17.—Col. Roosevelt returned to the defense of his new nationalism to-day as was specifically indicated in the title of his address at the State Fair here to-day, "The New Nationalism and the Old Morality." The new nationalism, he reiterated, means nothing but an application to the new conditions of

certain old and fundamental moralities, it means an invitation to meet the new problems of the present day in the spirit in which Lincoln and the men of his day met their new problems. To his critics he puts this issue: "Is any party willing to take the other side of the propositions of which complaint is made? If so, it would be a good thing to have the issues before the people, for in the end the people would most certainly decide in favor of the principles embodied in the new nationalism, because otherwise this country could not continue to be a true republic, a true democracy."

ADDITIONAL SOCIETY.

One of the largest social events of the season was a reception which was given Friday evening by the members of the Methodist Church at North Bend. It was a farewell to the pastor, Rev. R. H. Pierson, who will leave for the conference and who does not expect to be returned to North Bend. About two hundred persons called during the evening to pay their respects to the minister. They were entertained with music and refreshments were served by the ladies throughout the evening.

placed with a steam heating plant, the vaults were enlarged and other improvements were made. While a large amount of money has been spent by the county this year much of it has gone for permanent improvements which were needed. During the past year more real public work has probably been done than during any previous year in the history of the county.

SINGER GOT LARGE SUMS

Marriage Settlement Made By R. W. Chanler Involved Valuable Property.

(By Associated Press.) NEW YORK, Sept. 17.—The agreement between Mme. Cavalleri and Robert Winthrop Chanler, the terms of which are the subject of many divergent reports, was filed in the register's office to-day by the counsel for the singer. The agreement made the last day of May this year in Paris between Chanler and the singer whose first name is given as Nattina, states that whereas the marriage of the two was about to be solemnized and that doubts might arise as to their mutual property rights it was agreed that the property of each of them, both in the present and future, should remain the separate property and under the sole control of each of them, and the agreement then goes on to recite that in consideration of the said intended marriage and for the sum of \$1 three farms in Red Hook, N. Y., approximating 350 acres, subject to a mortgage of \$60,000, are given to Mme. Cavalleri together with thirty pieces of land and buildings in New York City and "all other realty forming a part of the share of the above named Robert Winthrop Chanler of and in the estate of Mrs. Laura Dolano, subject to a mortgage of \$140,000." The agreement provides further that Chanler agrees to pay yearly the sum of \$20,000 to Mme. Cavalleri during her life.

CASE GOES TO THE JURY

Trial of Will White Charged With Murder Has Been Finished.

The case of Will White, the young man of Bandon who has been tried for murder in the Circuit Court this week at Coquille, has gone to the jury. It is expected that a verdict will be returned this evening. White is charged with killing his stepfather. The defense made was insanity.

SUNDAY TO BE A GREAT DAY

Interesting Sermons at Tabernacle—Decisions Made at Most Every Service.

- (By Rev. G. LeRoy Hall.)
- TABERNACLE PROGRAM TO-NIGHT.
- 7.45, Mr. Lyon will speak on "The Story of a Father's Love." SUNDAY.
- 11 A. M., union morning service, "The Delty of Christ."
- 3 P. M., meeting for men. Subject, "Sowing and Reaping."
- 7.30 P. M., evening service, "Heaven and Hell."
- Meeting every night next week, the last week of this union campaign.
- Mr. Harris goes to Seattle at the close of this campaign to give an evening's musical recital.

That Mr. Lyon is working for the permanent good of the city and the religious uplift of the people is evidenced by all who hear him from night to night. He delivered a splendid sermon last night upon the text, "I am not ashamed of the gospel of Christ, for it is the power of God unto salvation unto everyone that believeth." It was in itself a message of power and of love. Sunday will be a great day. Mr. Lyon will speak upon the delty of Christ. This will be a sermon in which he will endeavor to clear up many cloudy ideals of Christ and point out the real Christ.

LYONGRAPHS.

"The moth of worldliness has eaten holes in many Christian garments, and the ungodly are ridiculing their raggedness."

"Shun a man that tells a dirty story as you would hell itself."

"Condemnation is not merely for doing wrong but for rejecting Jesus Christ."

"If you are not going toward Christ you are going from him. The farther you go the faster you go, and the harder it is to turn."

"If some young fellows were to call upon my daughter I would want to have a shotgun trained on them from the ceiling."

"If you reject Christ and go down to death unsaved, really you commit spiritual suicide."

"There is no such a thing as a secret Christian. If your belief is false, give it up, but if it is true propagate it. Don't be a coward."

"When you interfere with a man's schemes for financial profit, watch out for his opposition."

NOTES.

At the Sunday morning service, Mr. Lyon will tell the story of his conversion from Unitarianism to Christianity. He went to college an unbeliever. No man can afford to miss the great meeting Sunday afternoon.

Police Order the Show Closed and Charge Infants Are Neglected.

CHICAGO DOCTORS ARE IN CHARGE.

Claims That Long Railroad Trip Was Cause of the Deaths.

(By Associated Press.) LOUISVILLE, Ky., Sept. 17.—The baby incubator show at the State Fair was ordered closed by the police last night. This action followed the death of two infants who were brought to this city by Chicago physicians. Death is alleged to be due to lack of nourishment. The physician in charge states death was due to the long railroad trip and consequent exhaustion. A third baby died to-day. The babies, it is understood, were taken from an asylum in St. Paul. It develops that the electric current which supplies the heat for the babies was shut off for two nights but was kept on last night.
