# PLAN BOOSTER BANQUET HERE

Chamber of Commerce to Enlarge Scope of Operations Next Year.

At the annual meeting of the subscribers to the Marshfield Chamber of Commerce last evening, it was decided that another booster banquet should be given under the auspices of that organization. The object is to enlarge the scope of the organization's efforts for the coming year, which can be done by enlisting more people in it.

F. S. Dow, W. S. McFarland and A. T. Haines were named as a committee of three to arrange for the banquet which will probably be held at the I. O. O. F. hall. It will be a lavatorial affair, but it is expected to have every marshfield business house or firm represented, together with other representative citizens. It is planned to have covers laid for 25 or so guests.

The date of the banquet will be announced later as will the program, etc.

At last evening's meeting, the report of the secretary, Miss Violet Henderson, was read showing what the organization had done the past year. It was a very flattering report, a great amount of advertising having been done for Coos Bay.

Many of the old subscribers to the Chamber of Commerce have voluntarily renewed their subscriptions for another year and a number of additional ones have signified their intention of doing so. Thus the organization will be able to do a great deal more the coming season.

Various phases of the work were talked over last evening but nothing particular was done except to arrange for the banquet.

The detailed financial statement of the year for the Chamber of Commerce will be printed in The Times to-morrow.
