## ANY GOOD HOUSEWIFE

Knows that she can't make good bread, biscuit and pastry all the time unless the flour is the same all the time. Those housewives who are in the habit of ordering Snow Drift Flour every time always have successful bakings. You see, Snow Drift is made from selected, Northwestern grown, Blue Stem Wheat. Every kernel is washed before it goes into the mill. Not a particle of the flour is touched by human hands from the time it is washed till it is delivered to you. You may be sure that yours are the only hands that have touched the flour that comes to you.
