THE WEATHER.

(By Associated Press.)
Oregon—Fair tonight and Thursday.

LOCAL TEMPERATURE REPORT.

For twenty-four hours ending at 4:43, p. m. Oct. 4, by Mrs. Mlingus, special government meteorological observer:
 Maximum 62
 Minimum 45
 At 4:43 59
 Precipitation 0.28
 Wind—Southwest; cloudy.

Both Were Fined.—Charles Flanagan and M. H. Bliven were both before City Recorder Butler yesterday to answer a charge of fighting on the streets. The recorder fined each \$5. The fines were paid.

September Travel.—Captain Alex Hall of the Eastside ferry reports having transported the following during September: Passengers, 4327; double teams, 173; single teams, 235; autos, 39; head of livestock, 50.

Still Two Trains.—The railroad is still running two trains a day to the Coquille valley. It is expected to continue doing so all this month and the service may be kept up during the winter if the amount of business for the road will warrant.

Will Be Repaired.—The gasoline schooner Oshkosh, which was built on Coos Bay by Pruse and Banks, is expected here to undergo some repairs. The hull will be cleaned and painted.

Dredge Ready.—The Larson dredge is ready to begin operations at the foot of Market avenue, where a part of the street is to be filled in before the plank pavement is laid. The dredge has been fitted with a new shovel.

Shannon Writes.—Dan Shannon, the evangelist who conducted a series of meetings here, has written Dr. Leslie regarding a revival he has just

closed at Arlington, Wash., a town of 2200 people. There were 245 decisions and of these 150 were men. Mr. Shannon writes that a local option petition was also put through during his revival. He is now at Visalia, Wash., where he is conducting meetings in a tabernacle holding 2200 persons.

Preach at Sumner.—Rev. G. L. Hall will conduct services at Sumner next Sunday evening at 7:30 in the church.

Taken to Norway.—The body of Mrs. Mary Wyland, who died at Mercy hospital, was taken today to Norway for burial.

Nann Smith In.—The steam schooner Nann Smith came in yesterday from San Francisco and is loading lumber at the Smith mill.

Ships' Produce.—Swan Peterson of Haynes Inlet was in Marshfield today making arrangements for a big shipment of fruit and hides to San Francisco.

Made Good Catch.—John Wicklund made a good catch of fish last night. He brought in thirty salmon and two sturgeon aggregating in weight about three hundred pounds. The fish will be shipped to Portland.

Repairing Tug.—The tug Columbia is being repaired. Two blades of her propeller were broken when she was on the mud and a new propeller being installed. The barkentine Echo is still in the lower bay and cannot go out until the tug is ready.

Baptist Church Notice.—Thursday evening the business meeting will be held. The pastor will preach next Sunday morning his last sermon before going to the annual meeting of the state convention in Portland. The subject for this sermon will be "God's X-Ray."

Get Results.—"Kill that want ad of ours," phoned Guy Warner of the Lockhart grocery this morning. "We have a boy and I am here to testify that those want ads sure get results." Others have the same experience with them and that's the reason every one is using them instead of bothering their friends or wasting valuable time.

Killed in Wreck.—George Winchester has received word from California telling of the death of his brother-in-law, Andrew Graham, who was killed in a railroad accident Sept. 23. Mr. Graham's widow was formerly Miss Elizabeth Winchester of Coos Bay, and was married here in 1898. For some years past Mr. and Mrs. Graham have made their home at Fruitvale, Cal.

Will Wed Soon.—Relatives here have received word that J. D. Johnson, formerly engaged in the real estate business in Marshfield, will be married at Ceres, Calif., October 12, to Mrs. Dorothy Larkin. They will reside on a ranch near there. Mr. Johnson has several grown-up children in Marshfield and other relatives and the news of the approaching nuptials came as a decided surprise to them and to his friends.

Cranberry Season Over.—The cranberry picking season on North Slope is over and the crop has all been harvested and shipped. All of the growers had good yields and made handsome profits this year. A wild cranberry is reported to be found on Coos Bay. It grows on the high sandy places and while smaller than the cultivated variety is of a fine flavor. It is suggested by some of the growers that the wild berry, which is a native of this locality, could be used to advantage in connection with the cultivated crop.

Personal Notes

JOHN HOPE of North Inlet is in the city today.

CAPTAIN HARRIS was in the city today from Sumner.

GEORGE SCHROEDER went to Coquille today on business.

ANSON ROGERS, JR. is in the city from his Coos river ranch.

W. R. HAINES made a business trip to the Coquille valley today.

T. M. COLLVER of Catching Inlet was a Marshfield business visitor today.

MRS. McLEOD and Mrs. W. P. Murphy expect to leave in a day or two for a visit in San Francisco.

MRS. ROBERT ROOKE and daughter, Miss Florence, of North Coos river, were in the city today. It was the first time Mrs. Rooke has visited Marshfield since last Christmas.

C. R. LANGLEY, manager of the Coos Bay Home Telephone company, has returned from a trip down the coast, where he has been rebuilding and repairing the lines. He reports that three new buildings are under way at Langlois, which was wiped out by fire a few months ago.

North Bend News

The W. C. T. U. will meet Thursday afternoon at 2:30 o'clock at the home of Mrs. John Tellefsen at East side.

Mrs. Tim Thomas and children of Porter will leave in a short time for Oklahoma, where they will spend the winter with relatives.

BENNETT MAKES STATEMENT.

Replies to Col. Grimes' Statement Concerning Port of Coos Bay Litigation.

J. W. Bennett made the following statement this morning: "As Colonel Grimes has appointed himself a committee of the whole to fix the responsibility for the Hale case, he might also fix the responsibility for the 'job' which caused no notification to be sent to a number of the executive committee when the present commissioners were recommended for appointment, and whether or not it has the earmarks of Oklahoma, or was it a native-born Oregonian?"

TOPICS OF THE TIMES.

Fortunately, there is no ground for the fear that styles will change often just because the Ladies' Home Journal now appears twice a month.

The antics of the investigating committee certainly have not had the effect of making Secretary Ballinger feel at peace with all the world.

The Chicago man who married for the first time last week at the age of 92 will not have a long period of repentance ahead of him, at any rate.

FOR SALE—Fine weathered oak dining room table and chairs. Also other furniture. First-class condition. Presbyterian Manse, Fourth and Market streets.

HELLO, BILL!
Don't forget the meeting tonight. Be on hand with your smile.

UMC

BIG GAME CARTRIDGES

"A Kill in Every Cartridge" is the UMC achievement—a standard of certainty possible only as a result of UMC experience, UMC development, UMC progressiveness, resources, facilities, individual skill and care.

It is the knock-down-killing-power and unequalled mushroom expansion that are always there, in 100% of the UMC Cartridges, that make them the invariable ammunition choice of real big-game shooters, who best can appreciate big-game hazards. Their preferences differ in rates, but unite on UMC Cartridges.

Try the new UMC Hollow Point Bullet—the greatest mushroomer yet devised—more shocking and killing power than is afforded by any other bullet.

"Lesmok" powder, .22's—our newest cartridge for small game and target shooting.

UMC Guarantee—Note our guarantee on every box, which not only guarantees the cartridges but also Standard arms to the full extent of the maker's guarantee.

THE UNION METALLIC CARTRIDGE COMPANY
