C. A. SMITH FAVORS BOND ISSUE HEAVY LOSS OF LIFE AND PROPERTY IN CUBA STORM

Big Lumber Man and Coos County's Heaviest Taxpayer Heartily Endorses Plan For Improvement of Harbor.

The following letter is self explanatory. It will be good news to everyone to know that the man who is the heaviest tax-payer in and outside the district of the Port of Coos Bay is so heartily in favor of the bond issue for the improvement of this harbor. As Mr. Smith points out the help from the government is only based upon the fact that we must help ourselves. This new policy of federal aid requires that the different communities demonstrate their faith in their local projects before asking for national help. Under this arrangement, the Umpqua is receiving government assistance that would never be granted except on the basis of the people themselves putting up dollar for dollar of the government appropriation.

Mr. Smith's letter follows:

"Editor The Times:—I understand that the question of issuing bonds for the improvement of the harbor will be voted upon at the next election. Feeling an interest in the up-building and prosperity of this community, and realizing the great opportunity for the building of a city on Coos Bay as I do, I take the liberty to express my convictions of the great importance in the improving of Coos Bay.

"I understand there is an earnest feeling among some of your people that the government having already taken hold of the improvements will continue to make such improvements until we have a first-class harbor fully completed. I firmly believe that if the possibilities of Coos Bay for a harbor will continually be held up before congress, the government will from time to time make some appropriations, but I am as firmly convinced of the necessity of ourselves helping along, especially as far as the work inside the harbor is concerned.

"It is of great importance that considerable work be done in the deepening and widening of the channels as rapidly as possible, both for the purpose of attracting railroads, as well as for the accommodation of traffic for the increased population which we all hope for and expect with the advent of such railroads. We all appreciate that the \$50,000 appropriated by the last congress for the dredging inside of the Bay will be of considerable benefit. The work accomplished with this amount can hardly be expected to amount to more than the deepening of the narrow, crooked channel which we now have, which will better accommodate our present traffic. "Realizing as we do the possibilities for a good harbor in Coos Bay, we must take advantage of this possibility by gradually widening this channel and making a harbor in which the ships of the Pacific and all the other waters of the world can take advantage, run in and out with perfect safety, and in which they can swing at anchor when found necessary. When it is advertised to the world that we are actually engaged in the work of making such a harbor, people will appreciate this fact and come here and take advantage of the opportunities which such a harbor will give and help in the upbuilding of the city which is bound to build up on such a harbor. "I AM CERTAINLY PLEASED THAT THE PEOPLE WILL HAVE THE OPPORTUNITY TO VOTE UPON THE ISSUING OF \$300,000 OF BONDS FOR THIS PURPOSE, AND AS TIME GOES ON I BELIEVE WE WILL ALL FEEL THAT THIS IS A SPLENDID INVESTMENT WHICH WILL RETURN GREAT DIVIDENDS TO THIS COMMUNITY.

"By the way, permit me to congratulate Marshfield and Coos Bay, as well as this section of Oregon, upon the splendid results of your Chamber of Commerce in advertising so splendidly the possibilities of Coos Bay. I doubt if there is any section of the country as inaccessible as this is at present as well advertised all over the United States as Coos Bay. I sincerely hope that the gentlemen who have given so liberally of their time to this work will be backed up by the whole community. Respectfully, C. A. SMITH."

IS BOUND OVER TO GRAND JURY

Hans Anderson, "Clothes Line Raffles" Held By Justice Pennock.

Hans Anderson, the "Clothes Line Raffles" was today bound over to the grand jury by Justice Pennock on the charge of larceny from a dwelling. He will be taken to the county jail to await the action of the next grand jury. The charge is a penitentiary offense and Deputy Prosecuting Attorney Liljeqvist who came over will push the case against Anderson as he believes him to be a "bad actor."

Today Anderson admitted the theft of the varied assortment of women's apparel which is piled on a table in Justice Pennock's court awaiting claimants. He said that he had taken them while intoxicated—that everytime he got a "skate" on he was seized with a strange desire to steal clothing. He denied having sold any of them.

C. A. Johnson and others have identified part of the clothing as garments that had been stolen from their homes during the past few months. Many of the more valuable garments that were stolen cannot be located in the goods recovered and this leads to the belief that either Anderson has disposed of them or has associates who did.

LEFT MYRTLE POINT TUESDAY

Marshal Carter Finds Clue to Sherman Stage and Stella Culbertson.

Marshal J. W. Carter, who has just returned from Roseburg, reports that while at Myrtle Point yesterday that he learned that Stella Culbertson and Sherman Stage, the North Bend couple whose elopement caused quite a furore last week, had left there on a stage last Tuesday morning for Roseburg. Marshal Carter did not know of the elopement until he reached Myrtle Point and proceeded to investigate it.

According to the information that Marshal Carter was able to gather, Stage secured a room at the Guerin hotel Monday under an assumed name. At that time, it was not known the girl was with him, her presence not being known until Tuesday morning. Today Marshal Carter forwarded to Sheriff Gage the warrant which Mr. Culbertson, the girl's father, swore out in Justice Shuster's court last week. It is presumed that Sheriff Gage will endeavor to have the young couple located and brought back.

May Return to Council.—It was rumored today that Pat. Hennessey, who recently sent in his resignation as a member of the Marshfield city council had been prevailed up to reconsider and serve out the balance of the year.
