

SOCIETY GOSSIP

(Continued on Page 8.)

day morning in the Episcopal church by Rev. R. E. Browning. Miss Charlotte Murch, Miss Daisy D. Rush and Mr. Carl Davis acted as sponsors.

Yesterday afternoon the Mothers' and Teachers' Club met in the Central School building. Miss Grace Williams opened the program with a vocal solo. Rev. A. S. Hisey gave the invocation. Little Marguerite Reynolds sang "Beautiful Land of Dreams." Rev. Hisey, then delivered a scholarly address, subject "Moral and Religious Training of Children." He said, the home, the church and the school constitute the trinity of agencies responsible for the moral and religious education of children. There is no ultimate difference between religion and morality, the former being the whole of which the latter is a part. In religious teaching we must recognize the great periods of child life, infancy, childhood and adolescence. The latter is most important for in it the great decisions and awakenings of life occur. The home is the most important of the three agencies in child training. The home makes the man. Without religion in the home the children cannot be properly trained. The school has a share in this great work. Teachers need not so much to teach religion as to teach religiously. The church with its Sunday schools, press and different meetings is responsible for a larger share in religious education than it has hitherto taken. And we can only obtain the proper moral and religious training of children when home, church and school are working harmoniously together. After a brief intermission, Misses Elizabeth Jennings and Edith Horn gave a piano duet, following which a business session was held.

Last evening, Capt. and Mrs. Wagner gave a "Sailor Knot" social at the Presbyterian church for the benefit of the Ladies' Aid Society. The following musical program was given, each number being much appreciated and encored.

Trombone solo—Mr. Worrell.

Vocal solo—Miss Ellen Anderson.
Every one was furnished a string and between the musical numbers Capt. Wagner taught the audience how to tie knots of all kinds, reef knots, true lovers knots, hangman's knots and numerous others. After the program refreshments were served in the basement. A vote of thanks was given Mrs. Wagner by all present and three cheers for the captain for a most enjoyable social evening.

CURRY COUNTY POLITICS.

The Gold Beach Globe says: "Don't vote for a Coos county man when you can vote for a Curry county man."

PROHIBITION SUCCEEDS IN KANSAS.

I will say that judging from the litigation before our court the prohibitory law was enforced at first with some difficulty. Public opinion and greater experience, however, appears to have overcome that difficulty and the law, although transgressed occasionally, is now effectively enforced and with no more opposition or difficulty than other laws prohibiting and punishing ordinary offenses. The closing of the saloons and joints has had an excellent effect upon the morals and material interests of the people of the state. Among the consequences of prohibition are better homes, happier families, higher standards of intelligence and education, and of course, a great reduction of crime. No statement or proof is needed to support the claim that these results follow the closing of saloons and the effective enforcement of the prohibitory law. They are the natural and inevitable results and these have been realized in Kansas. Yours very truly,

W. A. JOHNSTON,
Chief Justice of the Supreme Court of Kansas.
