KANSAS.

F. D. Coburn, of the Kansas State Board of Agriculture, said at the Chicago Kansas Club Banquet:—"Prohibition was never before so popular in Kansas as now, after a thirty years' trial. Its effects upon all phases of society's welfare have been helpfully wholesome, and the aforetime threats of resubmission are no longer heard, even in whispers. Something of its beneficent influence upon society may be discerned in the official statistics, disclosing that at the end of the last fiscal year twenty-eight county poor farms were without tenants; eighty-seven had no insane inmates. Twenty-one counties had no convicts in the penitentiary, thirty-six had no prisoners in the reformatory, fifty-two had no prisoners serving sentence in their county jails, and sixteen counties were without a prisoner serving sentence in any institution. Statistics show further that Kansas, with practically a fifth of New York's population, has less than one-tenth the number of insane, and that Cook County, Illinois, furnishes more insane to the state hospitals and the institutions at Danning than the total population of all the Kansas charitable, correctional and penal institutions Kansas has no boast that hers is "the largest penitentiary in the world."—National Good Templar. HILL IS AID TO FARMERS

Railway Magnate Conducts Experiment Farms For Their Benefit.

ROSEBURG, Ore., Oct. 26.—Prof. Thos. Shaw, formerly head of the Department of Agriculture of the state of Minnesota, and his son, Prof. Wm. T. Shaw of Pullman, Wash., were in Roseburg recently on their tour of Oregon by automobile. The senior Mr. Shaw is the direct representative of James J. Hill and the Great Northern railroad, and he is investigating the soil and climate conditions of this state on behalf of the publicity department of that great railway system. He is making special inquiry as to the possibilities of dairying, intensified farming and stock raising. The development of the country in numerous small tracts he deems an imperative need. That system will build up thousands of prosperous homes where very few now exist and will likewise multiply the country's products and material wealth. While he does not underestimate the great value of fruit-growing, he thinks the small dairy farms and producers of hogs, cattle and their products will be a still greater source of permanent wealth. Under the direction of Mr. Hill 45 experimental or demonstration farms are now being conducted in the state of Montana and are proving of vast benefit to the farmers of that state. Prof. Shaw finds that such farms are greatly needed in Oregon and hinted that if proper effort was made Mr. Hill might be induced to inaugurate something of the kind here. As to the building of Hill railroad in Oregon other than the Oregon Trunk, which is now under construction, Prof. Shaw stated that Mr. Hill did not confide to him his plans, but admitted that there were favorable indications. Prof. Shaw is evidently well pleased with the vast possibilities of Oregon. He departed for Eugene, Corvallis, Portland and the east, but will return to Oregon a few weeks later.

North Bend News

Miss Stella Wicklund, a Beaver Hill teacher, visited friends in Marshfield and North Bend yesterday.

Rev. Adams, the new pastor of the North Bend United Brethren church, arrived here today from Portland.

Rev. Father Springer of the North Bend Catholic parish, returned last evening from a few weeks' visit in San Francisco.

Mrs. Geo. Reynolds and family of Reynolds' mill expect to leave soon, and will locate near Portland, where Mr. Reynolds has been for some time.

A. Peterson of Meade avenue, reports that his little boy, Francis, who had his hand severely cut with a knife a few days ago, is improving.

The Mizpah Bible Class are decorating and making plans for their chicken pie supper which is to be an elaborate affair. They expect to serve about 200.

VOTE NO ON ANNEXATION.

The portion of Washington county proposed to be annexed to Multnomah is seven miles wide, contains 112 of our 730 sections, four and a half of our fifteen millions of taxable property, one-fourth of our voters and population and one-half of our railroad mileage. 500 voters of this strip have signed a remonstrance against annexation—a clear majority, as less than 300 signed the petition and about 900 votes were cast at the last general election. In addition many who first favored annexation now oppose it and say the cut was made too deep. We ask you to vote No on Washington-Multnomah division.—W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon. (Paid advertisement.)

An eleven-pound girl was born to Mr. and Mrs. B. Young.

James Nygren had the misfortune to get his leg broken at the mill Saturday.

James Olsen of Langlois, was in Bandon Monday. Mr. Olsen is in the sawmill business at Langlois with Mr. Haagamman, and Mr. Olsen states that next summer Langlois will build bigger and better than ever. Mr. Olsen came this far with his wife and children, who go to Los Angeles for the winter in the hopes that the change of climate will benefit Mrs. Olsen's health. They left on the Field yesterday.

E. E. Oakes received a letter from Capt. Levi Snyder last night to the effect that Mr. Brustetter said if the people of the Coquille river would guarantee 125 tons of freight, or in that neighborhood, that the Golden Gate would make a trip down here and see what could be done in the future. If the river wants a direct boat to Portland, this is the opportunity to get one. Mr. Oakes has been around to see a few of the merchants and considerable freight has already been pledged.

At the regular meeting of the City Council Wednesday evening, much business was transacted. The contracts for moving the Perkins building back from First street, to construct sidewalk in front of same, and to build a bulkhead, 125 feet long toward the Coquille river to check the wash from waves around the property, were let to A. G. Erickson. Surveys for improvement of Sixth street from the east end to the re-

Walla, who will take immediate possession in West Bandon, including Randolph street in West Bandon, were ordered made. Also improvements of Spruce street from the south city limits to the south side of Dunham addition were ordered. Bills for the work done by the bondsmen on Atwater street were allowed and the work was accepted. The work of extending Main street North men on Atwater street were allowed a credit to the bulldozers and as the first 300 feet was completed, it was ordered paid for. The city has under advisement the opening of Caroline street, which leads to Bandon Heights.

We Repair Shoes as Satisfactorily as We Sell New Ones

We like to sell you new ones, but we want all our shoes to wear you longer than any other—that's why we have such an excellent repair department.

Make them last you still longer by keeping them in good repair.

Even the best thing made wears out—if shoes didn't we wouldn't be in the shoe or shoe repair business at all.

Let us fix your old ones and remember we give you 25 cents on each pair brought us for half soles. Just ask to see the kind of leather we use in making and repairing shoes.
