CARBORUNDUM

As a Sharpening Factor

THROW AWAY THE OLD GRINDSTONE

It has served its time. By its use good tools are cast aside as worthless, when in reality they are only dull and rusty. The sandstone has clearly demonstrated that it is the most expensive implement about the shop or farm, and just as long as it is used, just so long dull tools will exist.

WE HAVE ON DISPLAY the largest assortment of carborundum grinders and sharpening stones ever shown in Marshfield and our prices are all plainly on each article. — See our window display.

TYPHOID IN COOS COUNTY.

There has been a greater number of cases of typhoid this season than was ever known in Coos county before, and strange to say, according to population, a much greater percentage of cases are on the farms. Some claim that it is due to the extraordinarily dry season and from the water getting low and containing a superabundance of vegetable matter.—Coquille Herald.

PONIES TRAVEL LONG WAYS.

Shetland Ponies Shipped From Nebraska to Coos County.

A story of a remarkable shipment of three little Shetland ponies from Aurora, Nebraska, to Coquille, Oregon, is told in the Hamilton County Register. The three ponies were shipped by express over the Union Pacific railroad half way across the continent of North America.

The ponies were raised in Aurora, Hamilton county, Nebraska, by John Works, a breeder. They were purchased by H. L. Stephens of Coquille, Oregon, for his little children.

The ponies were the tiniest of the Shetland tribe and although fully developed two of them weighed but 130 and 135 pounds respectively. They were black and white in color and are said to be especially fine samples of the Shetland. The third pony was a little heavier than the other two and is intended for saddle use.

ROAD GETTING BAD.

According to Frank E. Alley, who returned from Marshfield last evening, the county road in the vicinity of Camas Valley is in a deplorable condition, and in the event of heavy rains, he says it will be rendered almost impassable. It is Mr. Alley's opinion that some action should be taken by the proper authorities at once toward making the necessary repairs and thus save the taxpayers unnecessary expense in rebuilding the road next spring.—Roseburg News.
