TEN YEARS IS ALLEN'S TERM

Murderer Arrested in Coos County Sentenced at Cassville, Mo.

(By Associated Press to Coos Bay Times.)

Marshal Carter today received a letter from Sheriff M. E. Newman of Barry county, Missouri, stating that William Allen, whom Marshal Carter arrested at Dashney's Isthmus Inlet camp last summer, has just been sentenced to ten years imprisonment for the murder of Sank Gibbs thirteen years ago. It will be remembered that Allen gave himself away while intoxicated and Marshal Carter by following up the "tip" succeeded in bringing him to justice. Allen went under the name of Charley Cameron here.

Sheriff Newman encloses a clipping in his letter which states that Allen entered a plea of guilty instead of standing trial and took his sentence without displaying much feeling. Allen who is forty-one years old has two grown sons. The only regret he expressed was that he might not be able to again see his aged parents who reside at Hart, Okla.

Sheriff Newman says that if Allen hadn't entered a plea of guilty, he undoubtedly would have been convicted and probably been sentenced to life imprisonment or to the gallows.

Allen had previously claimed that he could show that he acted entirely in self defense, alleging that Gibbs from whom he had won money in a poker game, had threatened his life and he shot first. The murder was committed thirteen years ago but nearly all the witnesses of it still remained and were at Cassville ready to testify when Allen unexpectedly entered his plea of guilty.
