CARBORUNDUM

As a Sharpening Factor

THROW AWAY THE OLD GRINDSTONE

thas served its time. By its use good tools are cast aside as worthless, when in reality they are only dull and rusty. The sandstone has clearly demonstrated that it is the most expensive implement about the shop or farm, and just as long as it is used, just so long dull tools will exist,

WE HAVE ON DISPLAY the largest assortment of carborundum grinders and sharpening stones ever shown in Marshfield and our prices are all plainly on each article. - See our window

BOOSTS POULTRY SHOW.

Beasons For Making It Big Success Are Pointed Out,

The poultry and Pet Stock Show to be held in Marshfield, December and 9, being the first annual pet and poultry show held in this county, should be in every sense a representative exhibition of what we have. Not only will this exhibition of our pets and poultry be an incentive to more widely develop this most important Industry, but it will show to our neighbor counties and adjoining states that we have a fine climate for such enterprises and the courage to demonstrate the fact. So, fill out an entry blank at once, describing your pets and birds, and send then together with the fee to the secret ary, Mrs. McKellips, North Bend, or to Norton & Hansen, Marshfield.

Don't hesitate because your stock have never taken a prize. Send in the best you have, for comparison, . and let others know that you are awake to your local Interests.

Bensch with whom her father and brother had the fracas in Coquille the other day and declares that the entire trouble was of Bensch's making.

Is Injured .- E. R. Colgan, who is employed in the blacksmith shop at Capt, the C. A. Smith mill, sustained quite a severe injury this morning. He was struck a glancing blow over the eye, another employe swinging a sledge near where Colgan was working and the latter not being aware of it. A gash about an inch and a half long was inflicted. The wound will lay him up for a few days.
