

# GARRISON IS GIVEN APPEAL

### Execution of Coos County Murderer Stayed Pending Supreme Court's Action.

At Coquille yesterday, Judge Coke in the district court entered an order staying the execution of Frank Garrison, convicted of the murder of Roy Perkins and sentenced to be hanged at Salem, January 13, until the Oregon supreme court passes on the appeal to be taken.

The order of the court was made after an appeal had been made by R. O. Graves, one of Garrison's attorneys, for time in which to properly present the case to the supreme court. Judge Coke immediately granted the indefinite time, which will probably be between six and ten months, for the appeal to be made.

### DECREASE IN SCHOOL CENSUS.

#### Marshfield Has 785 of School Age Against 797 Year Ago.

The total school population of Marshfield is 785, according to figures just compiled by John F. Hall, clerk of the schools, and which was forwarded to County Clerk Watson last Sunday. This shows a decline of twelve from the school census of 1909 which gave Marshfield a school population of 797.

to see a "biddy" that compares with According to the report, Marshfield has 375 girls of school age and 409 boys.

The decrease was not expected as early compilations showed the census to be about the same but when it was checked over the decrease was found.

### THE POULTRY SHOW.

The poultry industry around Petaluma, California, has made that little city a financial success. Help Coos Bay duplicate this success by boosting for the Coos Pet and Poultry Show in Marshfield, December 8 and 9.

Don't pay double prices for your DISHES go to MILNER'S.

### DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. It is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. It is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

INTEREST PAID ON TIME DEPOSITS.

# PRESIDENT'S MESSAGE

(Continued from page 1.)

work is most satisfactory. It will be completed, well within the time set, January 1, 1915, and within the estimated cost of \$375,000,000. The slides in Culbra Cut offer no great reason for delay. Failure to fortify the canal would leave the United States powerless to enforce the universal and equal use of the waterway against a desperate and irresponsible enemy and would defeat the object of the canal in increasing the military effectiveness of the American Navy. The tolls should not exceed \$1 per net ton. The President should be authorized to adjust the rates as necessity arises, the government should include in its management of the canal, the furnishing not only to the Navy, but to the public as well, of drydocks and repair facilities and the sale of coal, oil and other ship supplies. The interstate railroads should be prevented from owning or controlling ships trading through the canal.

### Court Reforms.

Regarding the courts, the President declares the crying need of the United States is cheapening the most of litigation by simplifying the judicial procedure and expediting final judgment. The supreme court should be relieved from unnecessary appeals and salaries of federal judges should be increased.

Postal savings banks will be established in a number of cities January 1, 1911, and parcel post on rural delivery routes are recommended. Postmaster General Hitchcock is given praise for putting the postoffice department on a self sustaining basis. The extension of the civil service to include all classes of postmasters and thus taking these officials entirely out of politics is urged.

The President recommends that congress give some fitting recognition of the polar discoveries of Commander Robt. E. Peary. The Secretary of the Navy suggests that Peary be made a rear admiral and placed on the retired list.

### Great Farm Prosperity.

The stupendous value of the agricultural products amounting to \$8,826,000,000 this year, indicates a good prospect for business throughout the country.

The present census promises to be the best ever taken but is not perfect. The census "padders" are to be vigorously prosecuted.

A bureau of health should be established.

The Southern Pacific railroad should be reimbursed for its expenditures in fighting the flood in the Imperial Valley of California several years ago.

Heavier fines should be imposed against steamship companies for violating the immigration laws. The facilities at Ellis Island, N. Y. should be so increased as to offer an inducement to steamship companies to concentrate their immigrant business at one port. Immigrants are needed in the rural districts.

Some provision should be made for retiring super-annuated government clerks.

The only amendments suggested in the interstate commerce law is an appropriation to enable the interstate commerce commission to advance the valuation of railroads and to fix the responsibility of public carriers in the issuance of bills of lading.

## OIL SUPPLIES

The Coos Bay Oil and Supply Company under the management of J. W. Flanagan will continue to handle the Union Oil Company's gas oil line, distillate, benzine and coal oil at their oil house across the Bay to which place they have moved their office. Phone 302.
