### What a Pleasure It Is

To know that every time you bake you are absolutely sure your bread, biscuit and pan- try are going to be just as good as you know how to make them. There is only one way to be sure. That is to be sure that the flour you use is always the same. Every sack of Snow Drift Flour is just the same as every other sack. A baking of bread is made at the mill's bake shop or every batch of flour made for Snow Drift. That baking has to show that the flour is up to standard. If it isn't it is thrown out. It never goes into a Snow Drift sack. Snow Drift is not a bleached flour. It is naturally white. Made from the finest, selected, Northwestern grown, Blue Stem wheat. A trial of one sack will convince you of its advantages over other brands.
