

Mill-to-Man Clothier

ANY MAN, large enough to be called a man and not too old to be careful about his appearance, will find here in this store the right clothes for himself; the right fit, style, quality and price; and there's nothing better made anywhere.

We confess, though, that we do take some extra pains to have a good assortment of the clothes the young fellows want. College, high school, dressy young business men, find here the correct thing.

If it's just an extra pair of trousers that you need, let us sell you the **DUTCHERS**; suitable for every occasion; the strongest made for service. \$2.00 to \$6.00.

BORN.

SMITH—To Mr. and Mrs. Irving Smith of North Bend, a daughter.

Sprayer Arrived.—The new power sprayer which the Coos county court ordered for fruit inspector, P. M. Hall-Lewis, arrived on the Breakwater yesterday.

Build Pontoons.—Engineer Leele is having fifteen new pontoons for the dredge Oregon built by day labor at the Timmerman shipyards. He recently had ten built, making a total of twenty-five constructed.

Undergoes Operation.—A. G. Alken who recently sustained a number of injuries in an accident has had to undergo a surgical operation removing a small portion of the skull bone to relieve the pressure on his brain. He is getting along nicely.

Will Speak.—Capt. Macgenn of the Breakwater tonight will address the members of the Marshfield Naval Reserve on seamanship at the Armory. His lecture will be part of a course in marine instruction which he is to give the boys and which will be followed by actual experience some day on Breakwater.

Give Parse.—The generous citizens of Empire circulated a subscription paper for the benefit of Gust Englebome and family who recently sustained the serious loss of their home by fire. A tidy sum was realized and presented to the family.

Move Stock.—The stock of the Libby store of the Oregon Coal and Navigation company will be moved to Ocean Dock where it will be wholesaled out. Owing to the large and varied character of the stock, no one concern was able to take it over so the latter method of disposing of it has been arranged.

Library Busy.—The attendance at the Marshfield public library is rapidly increasing. At present, the library committee is handicapped by lack of funds to secure additional literature for which there is a demand. The \$75 monthly allowance by the city barely takes care of the

rent and librarian's salary, leaving nothing for additions to the library except what comes in cash donations or contributions of books.

Service at Eastside.—Rev. G. Leroy Hall will conduct a meeting at Eastside tonight at 7:30.

Oppose Crab Bill.—It is reported here that a bill has been introduced in the legislature to permit the shipping of crabs from Coos Bay to San Francisco and Portland. The report has stirred up most of the local people because they believe that if the shipping of crabs is permitted it will mean the extermination of the shell fish. Petitions opposing the bill will be forwarded to the Coos county members of the legislature.
