

People Use Electric Flat Irons the Year Round

They are equally as convenient in fall and winter as they are in the hot weather. There may be less discomfort from kitchen fires, to be sure, but the electric flat iron has many other advantages than saving heat. They save drudgery. They save footsteps between ironing board and stove. They never need changing. They are always clean and uniformly hot—ready at your elbow.

Thousands of Women

use them who prefer to iron little things themselves in their own room, or elsewhere, on short notice. An electric iron once tried is never afterward dispensed with. Why not try one yourself. Ask us for particulars.

FEAR CURRY MINER LOST

M. W. DUNCAN, OWNER OF McKINLEY MINES, MYSTERIOUSLY DISAPPEARS AND WORST IS FEARED.

GOLD BEACH, Ore., Feb. 4.—Word reached this place a few days ago that M. W. Duncan had disappeared, and fears are entertained here that he has perished in the snow. Mr. Duncan was owner of the McKinley mine and has been trapping in that vicinity, stopping a part of the time at the McKinley cabin and part of the time at Lucy Smith's cabin about three miles below on Hunters creek, and was known to have a camp outfit at each cabin.

It was not Mr. Duncan's habit to be gone from town more than two weeks at one time and he has not been seen here since January 5, a fact that adds strength to the belief that something serious has happened to him.

He was known to have had a string of traps set on Hunters creek and it is feared that he either got caught in a bear trap or fell off a foot-log that spans Hunters creek in an effort to visit his traps. He is an expert woodsman and it is not likely that he lost his course and perished, unless an accident of some kind befell him.

Mr. Duncan wore spectacles all the time and these were found on the table. This fact together with the untidy condition of the house, leads those who knew Mr. Duncan best to believe that when he left the cabin it was not his intention to be gone very long.

A searching party consisting of E. A. Bailey, Harry and Jim Gauntlett and Deve Colvin left here to hunt for him.

BRIEFS OF BANDON.

News of Lower Coquille As Told By The Recorder.

Lewah Tribe, No. 48, I. O. R. M. installed officers at their last meeting as follows: E. M. Blackerby, Past Sachem; J. C. Shields, Sachem; Chris Boetcher, Sr. Sag; John Danielson Jr. Sag; A. J. Hartman, C. of A.; J. H. Shields, K. of W.; Emil Lee 1st Sannap; C. S. Hubbard, 2nd Sannap; E. M. Blackerby, Prophet; Oscar Hendricsen, G. of F.; Peter Anderson, G. of W.

The Coos Bay Times of January 26th in copying an article from the Recorder made us to say there were five teachers in the entire Bandon schools, which was an error. What we did say was that there are five teachers in the first three grades, and thirteen in the entire schools, which would make a big difference.

Dr. K. A. Leep, recently of Eugene, but formerly of Myrtle Point, has arrived in Bandon and will be temporarily located at the Hotel Gallier until he can find a suitable suite of rooms for an office.

Dr. A. P. Ingram and wife, of Portland, arrived in this city Sunday, and intend to locate here.

Stanley E. Jenkins and Miss Ella Mason were united in marriage Saturday evening, Jan. 28th, at the M. E. Parsonage, Rev. H. L. Gratiot officiating. Mr. and Mrs. Jenkins are both well-known Bandon young people.

WILL BOOST THE COQUILLE

RESIDENTS OF COQUILLE ORGANIZE COMMERCIAL CLUB TO AID IN DEVELOPING THAT SECTION.

COQUILLE, Ore., Feb. 4.—The Herald says: A good-sized and enthusiastic bunch of boosters met at the city hall Tuesday night and organized a much-needed commercial club to look after the interests of the city.

A temporary organization was effected by electing R. H. Mast, chairman, and J. W. Leneve, secretary.

A matter of supreme importance discussed by several was co-operation with the city council in selecting a new site and building a new city hall. It was suggested that by the two bodies working together possibly arrangements could be made for a permanent home for the club in the new building, where one room could be set aside for exhibits.

It was the sentiment of the meeting that the old chamber of commerce and the Coquille club be invited to consolidate with the new organization.

It was also suggested, and approved in an informal way, that Coquille should co-operate with the other towns of the valley in publishing suitable pamphlets to advertise this section.

The permanent organization was completed by organizing the following officers:

R. H. Mast, president.
L. H. Hazard, vice-president.
J. W. Leneve, secretary.
C. H. Cleaves, treasurer.

A committee of three was appointed by the president to draft a constitution and by-laws, consisting of J. C. Savage, E. E. Johnson, and J. E. Updike. This committee will take up the matter of membership fees and monthly dues and the amounts will be determined at the next meeting.

Another committee was appointed to look after the securing of permanent club quarters. The members are C. H. Cleaves, J. S. Lyons and W. H. Mansell.

The meeting adjourned to Thursday evening, February 9, at which time the committees will report, and a constitution and set of by-laws will be adopted.

CURRY COUNTY NEWS.

Events There As Recorded By Gold Beach Globe.

W. T. White and Ace Carey of Corbin paid the County Seat a business visit. Mr. Carey says he hasn't rode any bear or sealions lately, but he don't believe he is so old but what he could if a favorable opportunity presented itself.

It was reported here a short time ago that the Hume estate had been sold. The report, however, was unfounded, as we have been reliably informed that there was nothing to it. Mrs. Hume gave orders to the ranch superintendent, Bert Wells, not to put in any crop this year and the rumor that the property had been sold started from this order.

Mrs. Mary Hume recently underwent an operation in an eastern hospital. We are glad to state that she is out and enjoying good health now.

An aged man, whose name and identity have not been learned, was found lying by the roadside early this morning near Wm. H. Moore's place, about seven miles this side of Harbor, in a very pitiable condition. The man is said to be very old and stone blind. He had slept in Moore's barn last night and evidently had started on his journey and only got a couple of hundred yards up the hill. He was found by Huey Moore who telephoned the news to Sheriff Bishel, who requested that the unfortunate man be cared for by the Moores until the authorities could do better.

NEWS OF GARDINER.

GARDINER, Ore., Feb. 4.—The Umpqua River bar is at present in a very good condition. The sounding showed 18 feet at low water. The tug Gleaner towed the schooner Lilly out and she is on her way to San Francisco. The gasoline schooner Oshkosh is expected here from Coos Bay to load salmon at W. P. Reed's cannery and take them to Astoria.

The government is going to establish nine range lights on this river. It will be a great help to navigation. The lights will be placed at certain points between W. P. Reed's cannery and Scottsburg, the head of navigation.

The tug Gleaner tried to pull the Wilhelmina off, but she has settled in a bed of sand and the tug could not move her. Capt. Tyler, of the Wilhelmina, received a heavy anchor from Sluslaw and intends to pull her into the Umpqua channel with it. As the bar and ocean is smooth there is no immediate danger of any serious damage.
