UMC
.22 CARTRIDGES
The straight shooting, hard-hitting, sure-firing 22's.

The reason why UMC .22 Cartridges are the best is that they are made with precisely the same care, the same tested materials and undergo the same rigid safeguards, as the heavier calibre, big-game-shooting UMC ammunition.

UMC .22's are also made with the heavy hollow point bullets, thereby increasing their shocking and killing power over the old solid bullet.
