WANT TO COME TO COOS BAY

Geo. Goodrum Reports Unusual Interest In This Section at Portland.

"Portland is crowded with people from all over the country seeking a place to locate and invest," remarked Geo. Goodrum who returned today from Portland where he has been a couple of weeks on business. Mr. Goodrum was taken ill on his arrival in Portland and was very sick for nearly ten days with a high fever. He has not fully recovered yet.

"No less than a dozen strangers came to my room to inquire about Coos Bay," continued Mr. Goodrum. "They saw I was registered from Coos Bay and they wanted to get some first handed information about this section. Most of them were confident a railroad was being built here. One man wanted to come here to start a bank and another a general merchandise store. It was a revelation to me how well this section is advertised and how favorable an impression people have of it."

Mr. Goodrum met a number of former Coos Bay people in Portland who did much to alleviate his illness as did the members of the Elks in Portland, showing every possible attention and kindness on him during his sickness.

Dr. C. C. Taggart, formerly of Beaver Hill, is now in Portland and plans to locate in a suburb there. He is now practicing in a hospital there.

Tom James and wife, formerly of here and recently on a ranch near Toledo, have sold their ranch and are now living in Portland. Mr. James being engaged in the real estate business.

Mr. Goodrum brought back a new type of car for this section—a four door, forty-horse-power Overland touring car. He did not bring Dr. Mings' machine this time owing to inability to have it shipped on the Breakwater. It will arrive in a few days, though. He also arranged for bringing several other cars here in the near future.

Candy of Quality

Quality in candy is a matter we are rather fussy about. That is why we insist on absolute purity in all the ingredients that go to make our confectionery. This matter of purity is a matter of pride with us and it is safe to say that more delectable sweets cannot be found anywhere than at Stafford's. All our candies are pure sweet and delicious. They are the "come again" kind.
