OREGON MADE FINE RECORD

Dredge Removed 82,000 yards
From Coos Bay Channel
During Month.

The dredge Oregon made a fine record for the month of February according to the report made by Inspector Donald Charleston to Engineer Lee.

Although the Oregon was idle on four Sundays, one holiday and lost two and a half days by the damage to the piston head, the dredge pumped over 82,000 yards during the month.

This is averaging very close to 1,000 yards for each working day.

AGAINST RAPID TRANSIT.

Through a typographical error yesterday, it was stated in The Times that the total of the claims filed against the Belt Line Railway company was between \$20,000 and \$25,000 when it should have stated that this was the amount against the Coos Bay Rapid Transit company.

PAY CHURCH DEBT.

Christian Church Received New Members Last Night.

The members of the Christian church gave a reception to Evangelist Williams, Mrs. Williams and Miss Roy, the soloist at the church, last night. A nice program was rendered after which two were received into church fellowship and a sufficient amount of money raised to pay off the debt on the church building. Eleven were added to the church during the revival meeting. Mr. Williams' work was highly appreciated by those who attended the meetings.

CURRY COUNTY NEWS.

Events There As Recorded By The Gold Beach Globe.

Word was received here a few days ago that ex-county commissioner, Ed Sypher, lost his house with all its contents by fire.

L. Chapman of Wedderburn has perfected a patent window wiper, which is a clever device for what it is intended for, and will no doubt be universally used in street-cars and pilot houses. It is so constructed that a single pull of a cord draws a rubber wiper across both sides of the window at once, taking off water, steam or any other substance that might gather on the glass.

Elithu and Frank Fry of Agness, were visitors over Sunday at the county seat. Elithu says they have experienced much trouble this winter getting the mail over the mountain on account of so much and so deep snow. It is with difficulty at times that the mail is brought over on snow shoes.

Unusually cold weather has prevailed here the past two weeks. Ice has formed each night the past week and the cold north wind, which is also very unusual, has added woe to misery. Range stock are showing the effects of the cold snap, but no losses are anticipated by the stockmen, as grass grows very rapidly this time of the year, under favorably growing weather, which we are sure to have within a few days.

BASEBALL supplies at THE GUNNERY.

North Bend News

Mrs. T. E. Carey has recovered sufficiently to be up and around.

Capt. Wagner, who was injured by a fall on a vessel at Astoria, is reported improving.

Sig Hansen, timekeeper at Pierce's cannery near Allegany, returned here today after a short visit here.

The Park Committee of the North Bend council is figuring on a plan for removing the high trees from Oregon avenue. They will probably recommend an ordinance declaring them a nuisance and order them cut down.

COQUILLE TO IMPROVE.

Plans Made for Fine Street Improvements There.

The Coquille Herald says: A meeting of the street improvement association of Elliott's and Nottley's additions was held at the city hall Wednesday evening, a large number being in attendance. The meeting concerned itself chiefly with the plan of laying out the streets, in order that the city engineer might have a basis to work on in surveying and establishing grades preparatory to hard surfacing. After a somewhat lengthy discussion of the merits of each drawing the following is the substance of the plans adopted:

Eight feet is to be allowed between the property line and the sidewalk; all sidewalks are to be six feet wide; the curb line is to be established eight feet from the outer edge of the walk and a roadway in the center of the street, 18 feet wide, is to be surfaced with some material to be agreed upon later.

This establishes the sidewalk in the center of the park strip, and also allows a strip on either side of the road which may be paved in the future, if necessary.

A committee, consisting of A. J. Sherwood, J. W. Leneve, R. S. Knowlton, Dr. Richmond and Prof. Anderson, was named to circulate a petition among the property owners to be presented to the council.

It is the idea of the citizens to organize an improvement district and issue twenty year bonds for both the street and sewer. Many estimates as to the cost were argued but the majority seemed to think the cost would be from \$175 to \$200 per lot.

FARMERS' UNION ACTIVE.

The county organization of the Farmers Union met last Saturday Price Robinson presiding. Enthusiastic discussions were had on road improvements, the bridge to be built here, and matters pertaining to the Farmers' Telephone company.

Preparations are under way for a picnic and banquet to be held in May, at which State President McAlister and Secretary Sikes are expected to be present. A committee was appointed to arrange for the reception of these officers.

A matter which came before the meeting was the resignation of Frank Burkholder as county organizer.—Coquille Herald.

SERVICES AT BAPTIST CHURCH

Communion service will be held after the regular morning service. The topic for the morning is: "The Prodigal's Brother" being the last in the series on the Prodigal Son.

In the evening there will be Baptism preceding the service. Rev. G. LeRoy Hall will begin a series of evening addresses on the general theme: "Is Christianity True?" which will aim to answer honest doubters. Sunday night his theme will be "How to Read the Bible."

THE WEATHER.

(By Associated Press.)
OREGON, Mar. 4.—Rain to night and Sunday.

Sails Today.—The Nann Smith sails today for Bay Point with a large cargo from the C. A. Smith mill.

Best Apples.—Geo. W. Beale is in receipt of a diploma from the Oregon State Horticultural for having the best exhibit of apples from Coos county.

Run Away Today.—A horse driven by a young lad by the name of Allen Jackson started to run away on Broadway this afternoon but was stopped before he did much damage.

Will Appear Monday.—The Times is in receipt of a communication from Hugh McLain defending Gov. West's veto but was unable, because of its length to get it in type for today's issue. It will appear in Monday's paper.

New Garage.—Geo. Goodrum has leased the O'Kelly warehouse at the foot of Central avenue and will convert it into a public automobile garage. He has engaged an expert automobile man from the Cadillac shops in Portland to take charge of it.

Hearing Today.—Major L. D. Kinney was the principal witness at the bankruptcy hearing in the Coos Bay Rapid Transit Company case in progress before Referee McKnight today. He claimed that F. B. Waite was responsible for his financial troubles. It is said, and promised sensational revelations concerning his financial dealings.

Divorce Suit.—At a hearing this morning, Judge Coke allowed Mrs. Henry Harris of Libby attorney fees and temporary alimony of \$50 per month until her suit for divorce is heard at the next term of court. Mrs. Harris charges cruel and inhuman treatment. The couple have been married many years and are old residents of Libby. Ch. B. Selby represents Mrs. Harris in the action.

Charter Excelsior.—The steam schooner Excelsior, belonging to J. Homer Fritch, has been chartered to carry lumber from the C. A. Smith mill here to San Francisco. She has no passenger accommodations but will carry freight from San Francisco to Coos Bay but will not take any south from here. C. F. McGeorge has been named Marshfield agent of the company.

Starts Paper.—R. J. Pettie, formerly of Marshfield, has started a weekly paper at Renton, Wash., at the south end of Lake Washington, near Seattle, called the Renton Herald. J. Lee Brown has received a copy of his initial number which gives every evidence of the success which his many friends here will wish him. Mr. Pettie's brother, R. D. Pettie, is also located at Renton. The Herald is a bright newspaper that is a credit to its home town.

How about that new SPRING SUTT. See GOODRUM'S.

If you'd go into a drug store and announce that you wanted to make 100 purchases, you'd get special attention, wouldn't you? Every one who comes into our drug store looks to us like at least a 100 purchase customer. They are too. We'll supply the first want, and our superior service, and the satisfactory nature of our goods will be pretty apt to take care of the 99 more sales. We don't make enough profit on one sale to make us indifferent to where you make the next purchase, so we do things and handle the goods that will make you want to come here again and again for all your drug store wants.

STAGE IS WRECKED.

Passengers On Myrtle Point-Roseburg Line In Accident.

The Myrtle Point Enterprise says: "The outgoing stage was overturned last Friday night soon after 8 o'clock near the residence of Jake Strong. The span of mules attached to the rig became frightened at the cavorting of a pair of calves belonging to L. A. Roberts that had escaped from their pastures, and when the stage light was thrown on them they acted up something scandalous according to the mule idea of calf etiquette and the mules turned about as swift as a streak of greased lightning, overturning the wagon and pitching the passengers, driver and contents out on the sidewalk. One of the passengers was somewhat cut and bruised but none of them attached blame to the driver. One of the horses was thrown down in the mixup and dragged about 100 feet, and the mules ran a block or two and then came to a stop on a vacant lot. No damage was done to equipment except the breaking of the reach of the stage."
