### REASONS WHY "Twin" Pedestal Extension Tables Are Superior to All Others

- 1—They have two pedestals, each complete in itself.
- 2—Pedestals are oval or oblong, therefore legs are symmetrical.
- 3—Two pedestals are stronger than two halves that divide.
- 4—The unsightly drop-legs & ends of some tables entirely eliminated.
- 5—The troublesome locks unnecessary.
- 6—No unfinished surfaces, locks, bolts, etc., exposed when extended.
- 7—More rigid, having three casters under each "Twin" or six under the table.
- 8—Allows insertion of several fillers before spreading pedestals. Prevents marring of finish on legs.
