

# TO GIVE AID TO CHINESE

## Local Contributions to Starving Celestials Can Be Sent With Others.

Coos Bay people who wish to extend aid to the starving Chinese can do so by turning over the amount that they feel they can give to I. S. Smith. Mr. Smith while not soliciting subscriptions for the Celestials, Ben Selling of Portland has asked him to receive the contributions that may be made here and forward them to him to be sent to China.

Everyone knows of the awful famine in portions of the Chinese empire for which all the Christian world is contributing funds to alleviate.

In a letter to Mr. Smith, Mr. Selling says: "I have for acknowledgment your esteemed favor of the 3rd inst., with check for \$5.50 for the Chinese famine fund, and for which you have my very best thanks. Can you not do as I have done, constitute yourself as a committee of one to raise funds from your immediate neighbors for this great object. I shall continue to receive subscriptions as long as any are offered. I am calling \$5,000 today which will be among the first aid and will be used to purchase rice for these famine stricken people. I trust you will see your way clear to follow my suggestion."

### WRITES ABOUT CHOLERA.

#### Dr. McCormac Thinks It Will Be Curbed In Honolulu.

Dr. J. T. McCormac, who has been spending the winter in Honolulu, and who left there this week for home, in a letter to Mrs. McCormac says that he does not think the cholera epidemic will reach serious proportions there. After recalling that the previous epidemic of the disease there was stayed by burning the Honolulu "Chinatown" at an expense of many hundred thousands of dollars, Dr. McCormac in his letter, which is dated February 25, says: "One case was discovered yesterday. Few seem alarmed as the health authorities have taken rigid steps to stamp it out. No more bathing in the surf or in the harbor along the eight miles of waterfront is permitted, nor do they allow any fish to be sold in the city that have been caught along the coast near Honolulu."

### GUARD AGAINST DISEASE.

#### Oregon State Board of Health Plans For Active Year.

PORTLAND, Ore., Mar. 10.—Oregon's State Board of Health expects to enlarge its work during the coming year for the protection of the public health. More vigilance in dealing with contagious diseases, more care in safeguarding food supplies and guarding against the pollution of streams are among the plans of the board. Larger appropriations for the work make this possible.

It is proposed to issue bulletins from time to time of an educational character. They will include practical treatment on the danger from house flies, the proper care of milk, use of preventives to ward off disease and the means that should be employed in eradicating consumption.

New regulations regarding quarantine, protection of water supplies, etc., will be outlined by the board wherever such matters are not covered by the state laws. More research work will be done in the laboratory. During the past year diseases of obscure origin have been reported and the causes of such disorders will be inquired into closely as more assistance is now available. Dr. Calvin S. White, state health officer, and Prof. Emile Pernot, bacteriologist, will be asked to give their entire time to the work. An assistant in the laboratory will be provided and new equipment added.

Much of what we call love at first sight fails when it comes to the second, sober view.

### GIRL KILLED BY BROTHER.

Gladys Bell Sell of Lampa Creek Victim of Defective Rifle.

COQUILLE, Ore., Mar. 10.—Gladys Bell Sell, aged nine years, was instantly killed by the accidental discharge of a rifle in the hands of her brother, Thomas, aged eleven. It seems that a hawk had been preying on the poultry of the Sells who live on a Lampa Creek ranch. The other morning, the hawk appeared again and the young boy got a twenty-two rifle and was trying to end the depredations. The ejector didn't work well and he was trying to remedy it when the gun suddenly discharged. Just then, the little girl passed in front of him and the bullet pierced her heart. The accident was witnessed by the children's mother.

### TO PLAY HERE.

Harry Hollingsworth and company will return tomorrow from the Coquille Valley where they have had a very successful trip, and will play at the Royal Saturday and Sunday nights. Saturday night they will present "The Country Girl" and Sunday vaudeville. Mr. Hollingsworth wishes to assure the public that his company puts on only good, clean shows and that there is nothing immoral about these productions.

### BRIEFS OF BANDON.

News of City-by-the-Sea As Told By The Recorder.

A fine big black bear was on exhibition at Lewin's market yesterday which had been killed by Kenneth Perkins out on the ranch.

Mrs. C. W. Schetter and children returned on the Fifield from San Francisco where they have been for a few weeks, visiting and looking after business affairs.

A number of good dogs are dying on Four Mile from the result of the small boy's sport. Mr. Shaw lost a good dog. Mr. Wilson and R. P. Hunt's dogs are very sick, and A. Davis and Ralph Pomeroy have also been losers.

Miss Emma Solve, who is well-known in Bandon, and is a sister of Mrs. E. B. Kausrud and the Misses Nora and Esther Solve of this city, was married in San Francisco, Feb. 28th, to Mr. Jack Englander. The happy couple have taken up house-keeping in the city.

Bandon Grange, No. 398, at their regular meeting, Saturday, appointed a committee composed of F. F. Eddy, J. P. DeGesen and M. G. Pohl, to meet with the Bandon Commercial club and the City council in the near future for the purpose of making preparations for a street fair to be held in Bandon this fall.

A man who is in a position to know said to a representative of the Recorder the other day, that a movement should be started to bond Coos county for the purpose of harnessing the water power of the Coquille river so as to furnish lights and power to the entire county in future years. This gentleman stated that the Middle Fork and the North Fork are both teeming with latent energy that could be converted into power, and it would be a public utility worth millions of dollars to the county in years to come.
