## TWO ARE HURT IN AUTO SUNDAY

Dorsey Kreitzer and Wife Injured In "Hoodooed" Machine.

Dorsey Kreitzer and wife were quite severely, although not seriously injured yesterday, in an automobile accident. Mrs. Kreitzer sustained a broken arm, a sprained wrist and some severe bruises while Mr. Kreitzer had his nose broken and sustained some painful bruises. Their son, William Kreitzer, who was with them escaped injury.

They were running one of Dr. Houseworth's autos—the red runabout, Mrs. Kreitzer was just learning to operate the machine. They were turning from South Broadway towards the Smith mill when she either became confused or the steering apparatus refused to respond and they crashed into the railing of the elevated roadway. The railing broke and the machine turned turtle in going off onto the mud flat, the occupants landing below it.

They were running slowly at the time, not over seven or eight miles per hour or the accident would have resulted much more disastrously.

Today Mr. Kreitzer is suffering considerably from the severe bruises he sustained about his lower limbs and head. One leg is badly swollen and both eyes are blackened, from the blow that broke his nose.

The machine appears to be hoodooed. It is the one in which Dr. and Mrs. Straw had a similar accident a couple of years ago on North Front street. At that time, Dr. Houseworth, the owners of the car, was absent as he is now.

Saturday night, Mr. and Mrs. Kreitzer ran the car down town and while they were attending a moving picture show, Will Holl ran it away and left a wheelbarrow in its place but later returned it to them.

The car was not damaged much yesterday, the engine still working after it had turned turtle. It was more or less jammed and scratched where it collided with the railing.

Ferd Painter Hurt.

Ferd Painter and Thayer Grimes were out horseback riding when they heard of the accident of Mr. and Mrs. Kreitzer and started back at a rapid clip. As they were nearing home Painter's horse slipped on the pavement and fell on him, badly crushing one foot.

C. Lackstrom slipped and sprained his ankle while assisting in putting an auto in Goodrum's garage last evening.

## ARE INJURED IN RUNAWAY

George Hennessey and Miss Emma Halverson In Accident Sunday.

George Hennessey, a tallyman at the C. A. Smith mill and Miss Emma Halverson, clerk at the Western Union office, sustained injuries yesterday in a runaway on South Fifth street.

They were out for a drive and were coming up Fifth street when the horses became frightened, started to kick and then to run. They were seen beyond control and Mr. Hennessey was unable to turn them when they reached Hall avenue. They continued north into the Edines block where the rig was upset and the occupants thrown out.

Miss Halverson sustained a sprained ankle, knee and severe bruises while Mr. Hennessey was badly bruised and suffered a dislocation of his shoulder. The rig was more or less demolished.

## MAIL STOLEN FROM BOXES

Renters Who Do Not Lock Their Boxes Here Lose Their Letters.

Petty thefts of mail from the lock boxes in the Marshfield postoffice when the renters of the boxes forget to lock them have been causing considerable trouble of late. Yesterday Jack Flanagan had a number of letters taken and Harry Nasburg lost a book from their boxes.

Postmaster Curtis has had previous complaints and although he has had diligent watch instituted by the employes, it is difficult for him to detect parties taking mail from lock boxes that do not belong to them. Another feature of it that makes it hard to detect the culprits is that most the losses have occurred on Sundays and holidays when no post-office employe is around.

There is a severe penalty for parties taking mail that does not belong to them from the postoffice. It is suspected that some young lads who are not aware of this are the culprits.

Postmaster Curtis today issued the following warning to box renters: "Box renters are cautioned to see that their boxes are locked when closed. Mail has been stolen from several boxes lately, and if the parties are apprehended they will get the full penalty that the law provides."

W. B. CURTIS, Postmaster.

United States Supreme Court Rules Against Patent Medicine Men.

CANNOT ENFORCE THE CONTRACT FIXING PRICE

Justice Hughes Holds That Terms Would Create a Monopoly.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., April 3.—The attempt to "put a ban on 'cut rates'" in proprietary medicines in this country received today the unqualified disapproval of the Supreme Court of the United States.

That tribunal declined, in an opinion by Justice Hughes, to give its aid to such an attempt on the ground that it would afford the manufacturers of medicine an unlawful monopoly.

The question of the right of the manufacturer to control the price of an article to the consumer arose in a suit begun by the Dr. Miles Medical Company against wholesale dealers in medicines at Cincinnati, John D. Park & Sons Company.

The manufacturer sought to enjoin the Cincinnati firm from inducing the dealers who had procured medicines from the manufacturer to sell in violation of a contract with the manufacturer, and from selling medicines procured in this way at "cut rates."
