NEW HOMESTEADING RULES.

New Instructions Received By Register and Receiver.

The registers and receivers of the United States land offices in the states having homestead lands, including Oregon, have received the following instructions from Fred Dennett, commissioner of the general land office, approved by the secretary of the interior on February 21, last, extending the time for homesteaders to establish residence upon their lands:

"The following instructions are issued for your guidance in the administration of the act of congress approved February 13, 1911. 'Extending the time for certain homesteaders to establish residence upon their lands,' a copy of which is attached hereto.

"The first section of the act applies to all homestead entries in the states named after June 1, 1910, and in such cases the entrymen are given until May 15, 1911 to establish residence upon their claims. It also applies to soldiers' declaratory statements filed in the states named after June 1, 1910, and such declarants are given until May 15, 1911, to make their homestead entries and establish their residence on the land. If any payment is required to be made in connection with the entry under the declaratory statement, as in the case of ceded Indian reservations, the act also operates to extend the payment until the entry is made.

"The first proviso to section 1 of the act provides that the period of commutation or of actual residence shall not be shortened. Entrymen who have taken advantage of this extension cannot submit commutation proof until they have maintained substantially continuous residence for 14 months from the date same was established; and in five-year proof can not claim credit for constructive residence for more than six months prior to the date actual residence was established.

"Under the second proviso of section 1 the act will not be held to defeat the adverse claim of one who has prior to the approval of this act made entry over a soldier's declaratory statement where the six months allowed the soldier for making entry and establishing residence has expired prior to February 13, 1911. Nor will it be held to defeat a contest against a homestead entry filed after the expiration of six months from date of entry and prior to the passage of this act.

"The second section of the act grants a leave of absence from February 13, 1911, to May 15, 1911, to all homestead entrymen or settlers in the states named in the first section of the act. Entrymen who avail themselves of this leave of absence can not claim credit for residence during the time they are absent under such leave, such period of absence being simply eliminated from consideration in cases of either final or commutation proofs.

The act extending the time for certain homesteaders to establish residence on their lands, was passed by congress this winter and was approved by the president on February 13, last. It is given full below:

"Be it enacted by the senate and house of representatives of the United States of America in congress assembled, That all persons who have heretofore filed declaratory statements or made homestead entries in

the state of North Dakota, South Dakota, Nebraska, Idaho, Montana, Colorado, Utah, Wyoming, Minnesota, Washington and Oregon, and the territories of Arizona and New Mexico, where the period in which they were or are required by law to make entry under such declaratory statements or to establish residence expired or expires after December 1, 1910, are hereby granted until May 15, 1911, within which to make such entry or establish such residence upon the lands so entered by them: Provided, that this extension of time shall not shorten either the period of commutation or actual residence required by the homestead law: Provided further, that this act shall not affect an adverse claim initiated prior to the passage of the act and after the expiration of the time allowed an entryman for establishing residence on the land.

"Section 2. That homestead entrymen or settlers upon the public domain in the states and territories above named be, and the same are hereby, relieved from the necessity of residence upon their lands from the date of the approval of this act to May 15, 1911: Provided, that the time of actual absence during the period named shall not be deducted from the full time of residence required by law."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever (in cases out of the ordinary caused by catarrh, which is nothing but an inflamed condition of the mucous surface).

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
