Through wood and hill and field and vale and ocean
A quickening life from the earth's heart hath burst
As it has ever done with change and motion.

IT IS easy to reduce this great poetry to common terms. So let us say, "Spring has come."

The axis of the earth is inclined at an angle of about 23.5 degrees to the plane of its orbit; that is, to a plane passing through the center of the sun that contains the orbit of the earth.

As the earth swings round its orbit, at this time of year, in the northern hemisphere, spring approaches. The earth—the part on which we live—exposes more of its surface to the direct rays of the sun, and the wave of verdure expands towards our pole.

This is but the primer of astronomy. But there are more young persons than old in the world; the young must be taught, and all people must learn, or should learn. The schools for instruction of our youth, must repeat the same lessons from one generation to another, and the newspaper should bear its share, too.

The winds, that prevail so much in our northwest Pacific states from November to March—often till April—have an explanation as simple. The sun, in our winter time, warms the southern hemisphere and the great southern Pacific sea.

BRIEFS OF BANDON.

News of City-By-the-Sea As Told By The Recorder.

The Bandon arriving in port this morning after having laid off shore at Port Orford for two days in an attempt to land at the wharf there but owing to the rough weather and high breakers, it was decided to come on to Bandon.

Wm. McKay's wood shed was destroyed by fire early Saturday morning, and only through quick action of the fire boys were the house and

its contents saved. The McKay home is in the east end of town and the boys pulled the hose cart a half mile and had a good stream playing on the fire inside of twenty minutes, and Mr. McKay says no fire department could have done better work than was done by the boys Saturday morning.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by causing the inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. several days, and looking over Coos county with a view of locating here. He stated that he was very favorably impressed, and in case he determines to locate here that several other parties would probably come too.

TWO ALDERMEN RESIGN.

Members of Coquille City Council Resign Their Positions.

At a special meeting of the city council Monday evening, called for the purpose of opening bids for the Spurgeon street improvements, Councilmen L. H. Hazard and E. E. Johnson resigned. Both gave as their reasons for so doing that they were too busy with their own affairs to give the necessary time required by the city.

As these two councilmen were the only ones whose terms of office did not expire this spring, it necessitates the election of an entire new council next month.

The terms of Anderson, Land, Kistner and Morrison expire at the next regular meeting. It is not now known whether any of these gentlemen will be candidates for election or not. A. W. Kelley announces his candidacy for the office of city recorder again. The nominating caucus will be held April 24.

At the meeting Monday night sufficient opposition to the plans of improvements for Spurgeon street developed to cause the council to adopt an ordinance repealing the one recently passed.—Coquille Herald.

MYRTLE POINT BANQUET.

High School Students and Friends Celebrate Victories.

The banquet given by the pupils of the high school at the Benson opera house last Saturday evening in honor of the basket ball and debating teams, was a thoroughly enjoyable function throughout, and was generously patronized. Tables were set nearly the whole length of the hall in four sections, each of the high school classes having charge of a section.

After the banquet there was a considerable program, which was enjoyable throughout. Superintendent Park presided as toastmaster. Songs were sung by the Misses Chaburn and the Misses Harrison in duet and a trio by Mrs. Annin and the Misses Miller. Invocations were offered by Rev. G. W. Taylor and Rev. F. J. Chaburn. Toasts were responded to by J. S. Whitaker and L. A. Roberts, members of the school board, Miss Aussicker and Claud L. Giles, representing the faculty, and Otto Schneider, Miss Nellie Barton and Paul Breuer for the students.—Myrtle Point Enterprise.
