SAD ACCIDENT AT SPOKANE

J. O. Dalzell, Prominent Railroad Man, and Wife Asphyxiated Today.

(By Associated Press to Coos Bay Times.)

SPOKANE, Wash., April 19.—J. O. Dalzell, general agent of the Northern Pacific in Spokane, and wife were accidentally asphyxiated by illuminating gas in their home this morning. Both were dead when found by neighbors.

An investigation indicates they were asphyxiated in the bathroom by fumes from a gas heater. It is believed the tragedy occurred early last evening and was not discovered until their 12-year-old boy, John Dalzell, arrived this morning from their old home in St. Paul, Minn. Breaking into the house, the little fellow found his father's body on the floor of the bath room and the mother's body in the bath tub. The gas was still burning under the heater but the fumes were stifling. A five-year-old sister was asleep in an adjoining room. The little girl says she saw them lying in the bath room last night but thought they were asleep.

ORPHAN RAT, ADOPTED BY CAT, RUNS AWAY.

LOS ANGELES, Cal., April 19.—Two orphan rats, adopted several days ago by a cat belonging to C. F. Melklejohn, opened their eyes today, recognized their natural enemy in their foster mother—and now there is only one. One was killed when they attempted to escape, the other was captured. Apparently there is no chance for it to make a get away. Several days ago, when three of her kittens died the mother cat killed a monster rat and then adopted its two orphan offspring. With a surviving kitten she nourished the rodents, and apparently exhibited no partiality to any member of the family.

Assails Proposed Agreement With Canada As Menace to Country.

CLAIMS IT WILL DAMAGE THE FARMERS

Declares That Enactment Will Cause Depreciation In Farms.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., April 19.—Having expected an opposition speech from Joe Cannon at the opening of the reciprocity fight today, the House experienced a surprise when the first attack came from a southern democratic member. Gudger of North Carolina characterized the bill as a republican measure. He criticized his colleague Kitchin for his speech Saturday, declaring he was marching side by side with the republican leaders.

Later Cannon vigorously attacked the Canadian reciprocity and aided by a large map of the United States and Canada, he played the roll of school master to the crowded floor and the filled galleries. He assailed the proposed agreement as dangerous to American trade, inimical to the best interests of the American farmers and certain to result in a depreciation of the American farms. He said the matter was the most important since the Spanish war.

CASE IS COMPROMISED.

C. A. Smith Company and Douglas Commissioners Settle Suit.

ROSEBURG, Ore., April 19.—A motion was filed with the county clerk asking that the case of the C. A. Smith Timber Company vs. Douglas county be dismissed. The C. A. Smith Timber Company recently brought suit to enjoin the county for collecting a special 10 mill tax which effected several hundred acres of land belonging to the company, and located to the west of Roseburg. The company alleged that the tax was irregular for the reason that the election was not held according to law. It was also contended that the notices of election were not properly posted, and that the petitions calling the election were not properly posted, and that the petitions calling the election were not signed by a sufficient number of tax-payers. Rather than engage in a suit with the company the members of the county court, in a recent session, compromised by reducing the levy to 5 mills. The company accepted the terms of the county, and accordingly the suit was ordered dismissed.
