

# The Test Way

## Is the Best Way

The Right way to prepare for a clothes purchase is to compare values. That's what we do. —That's what you should do.

We sell the best clothes—High Art at fair prices. Our prices are fixed—no two-faced merchandizing.

We are square dealers who stand for a square deal, every article is marked with the lowest price by the highest quality, and our personal guarantee.

For example "High Art" from \$16.50 to \$30 that we could get from \$25 to \$35 for.

The test way is the best way—compare.

## It Costs Nothing To Be Particular

WE TAKE PRIDE in Being a Particular Store for Particular People but nothing is added to the price for this feature of merit. It costs us nothing to be particular, and it costs you nothing although it means better service in every way.

WE ARE PARTICULAR in our buying and by being particular we often succeed in getting a lower price and better quality. When we do it means a saving to our patrons. That's a time it pays to be particular.

WE ARE PARTICULAR about our service. We insist on our patrons having a service that is satisfactory at all times. It costs no more than one that is careless and inefficient and it means much to our patrons.

WE ARE PARTICULAR about the cleanliness and sanitary condition of everything we sell. This costs nothing. Just a little more care and a little more work and every woman knows it gives her a comfortable feeling to know that things are clean. That is why we are particular. It costs nothing extra and it pays.

IF YOU ARE PARTICULAR about your health, particular about your home, particular about your expenses you should be particular about the place you buy your groceries, particularly when it costs nothing extra and means better values and better service.

Be Particular and place your next order with
