**RICHMOND "PITTSBURG OF THE GREAT WEST."**

"There comes a tide in the affairs of men  
Which, taken at the flood, leads on to fortune;  
Omitted, all the voyage of their lives  
Is wrapped in shallows and in miseries."

Opportunity! When within our reach we may grasp it, or idly allow it to pass us by. And in the great majority of cases we allow it to pass by. Your opportunity for investment in a Richmond lot is now at flood tide. Business and residence lots in that thriving municipality will never be cheaper than they are today. Accept the opportunity offered today and buy a lot there for only \$25 down; \$5 per month; no interest; no taxes; no assessments; every city street improvement put in at the expense of seller, including a complete system of water mains, macadamized streets, concrete curbs and cement sidewalks; and best of all if you are sick or out of employment your payments are suspended during the period of such sickness or lack of employment. What can be fairer to the purchaser than such terms? Now is the accepted time; now is the opportunity. It is only up to you to take advantage of it by calling upon or writing to C. P. Wilcox, room 307 Coos Bldg. I have a new tract which has just been put upon the market and which is within a few minutes walk of the "heart of Richmond."

**TRAINING FOR FIELD MEET**

**Marshfield High School Boys Preparing For Big Event Here In May.**

The Marshfield High school track training for the annual track meet of the county schools has been in progress for some time. It is the intention of the Marshfield High school, which has charge of the big event, to make it the most successful one in the history of Coos county athletics. As heretofore the meet will be held on the Marshfield track, and will come off on either the 12th or 19th of May. There will be twelve events the 100, 220 and 440 yard dashes, the mile and half-mile runs, 220 yd. hurdle race, and the running broad, standing broad and high jumps, as well as the pole vault, shot put and half-mile relay.

Guy Stutsman, captain of the Marshfield team, expects to make a good showing with his men despite the fact that some of Marshfield's best sprinters were unable to qualify in their studies and will not be allowed to compete. "Curley" Larsen, who is a new man on the Athletic field has shown good form in the 880, 440 and 220 yard runs as well as in the broad jump. S. Clarke, who took first place for Marshfield last year, in the high jump, has been training faithfully and will probably enter the pole vault and high jump this year. In the sprints and hurdles, Torrey and Stutsman have made a good showing so far. Harrington will represent the school in the mile and running broad jump and Bolt will put the shot and will pole vault. Joe Bennett is training faithful for the half-mile run and other men who are on the training table are Murch, McCormick, Cooley, Horton and Tribbey.

Prof. Hewitt, who has been going out with the boys and putting them thus their stunts is well pleased with the progress they are making.
