LAWYER ASSAILING McMANIGAL ALLEGED TO BE FALSIFYING

Gives Out Statement That McManigal Admitted Lie and Is Termed Liar.

OTHER WITNESSES TERM STATEMENT FAKE

Claim That McManigal Refused to Talk to McNamara's Lawyer.

(By Associated Press to Coos Bay Times.)

LOS ANGELES, Cal., April 29.—Ortie McManigal, who is alleged to have made a complete confession in the dynamiting case made another change of front today. Despite his declaration to the district attorney he would see none of the counsel for defense, he held an interview with Attorney O. N. Hilton this morning. Hilton said afterward that McManigal admitted he had made statement to the district attorney and gave reasons for doing so which Hilton said were eminently satisfactory to the defense.

McManigal, according to Hilton said nothing to him about not wanting to see any one connected with the defense, and then freely admitted he had lied when he declared Thursday to the attorney in the presence of witnesses that he had not made a confession and did not intend to make one.

Hilton said "Whatever has been said to the district attorney will not hurt the defense in view of the statement McManigal has made to me."

"Does that mean McManigal has not turned state's evidence?" "I have not said so," replied Hilton. "I cannot be more explicit, but I will tell you that McManigal's explanation of why he lied to us Thursday and made the statement to the district attorney is eminently satisfactory to us."

Call Attorney Prevaricator. Practically all the statements made by Hilton with reference to his conference with McManigal in the county jail were flatly denied a short time later by George Gallagher, the faller and Oscar Norell, the turnkey, who brought McManigal from his cell and were present during the interview. According to Gallagher and Norell, McManigal made but one statement to Hilton which was, "I don't want an attorney. I don't want to see you." McManigal is said to have turned on his heel finally and walked away from Hilton.

TRUSTEESHIP FOR MAJOR KINNEY TWENTY-FIVE REPORTED DEAD IN TEACHER'S EXCURSION WRECK

Tentative Agreement Formed to Straighten Affairs Without Bankruptcy Proceedings.

A tentative agreement has been effected in the bankruptcy proceedings against Major L. D. Kinney or his companies whereby trusteeship proceedings are to supply bankruptcy as a means of straightening out his affairs to the satisfaction of his principal creditors. All of the principal parties affected are said to have agreed to it although it is understood that the final papers of the agreement have not yet been signed by all.

The agreement is said to provide for the appointment of W. J. Rust of Marshfield as trustee of all the

Kinney properties with full power to take the necessary actions to straighten out the affairs of Major L. D. Kinney personally and his companies. This is presumed to carry with it the power to remove the clouds from deeds to certain property, dispose of it, etc.

Next Monday marks the last day of the extension granted Major Kinney by the federal court in which to make a showing that he is not insolvent, but it is understood that as soon as the necessary papers in the trusteeship proceedings are signed, the bankruptcy proceedings are to be stayed.

Owing to all the papers not being signed, the attorneys in the proceedings would not give out any official statement today. However, the above is authoritative.

WRIGHTS WIN PATENT SUITS

Upheld By French Court Which Declares Science of Flying is too New For Final Decision

(By Associated Press to Coos Bay Times.)

PARIS, France, April 29.—In a decision today in the suit of Wright Brothers against several French airplane manufacturers for infringement of patents, the court upheld the contention of the plaintiffs in principle but declared that it did not wish at present to render a decision as the science of aviation is too new to admit of an arbitrary finding in such a case.

Therefore the court appointed three experts to investigate whether there existed aviation discoveries calculated to disprove the priority of the American aviators' inventions and patents. The Wright suit against Santos Dumont, however was dismissed on the grounds that the defendant constructed aeroplanes only for his personal use.

COUNCIL WILL BE KEPT BUSY

Blake Franchise Extension May Come Up Next Tuesday—Building Ordinance.

(By Associated Press to Coos Bay Times.)

According to reports, next Tuesday evening's session of the Marshfield city council will be one of the busiest that body has known in a long time. It was reported that Jacob M. Blake was planning to present his application to it for a further extension of his franchise for the construction of a street car line in Marshfield. His present franchise provides that he is to have a mile of line completed and in operation by July 1, next. That he does not hope to be able to comply with this was expressed by him sometime ago to parties of whom he solicited stock subscriptions in the project.

Yesterday one of the railroad bets in Marshfield which hinged on his project was abruptly ended. A party who had wagered two hats that a street car line would be in operation with a mile of track in Marshfield by July 4 terminated the wager by admitting his loss and telling the men with whom he had wagered to come around and get the hats.

At the last time Mr. Blake was granted an extension of his franchise, some opposition was in evidence and it is not unlikely that it will be shown again.

To Amend Ordinance.

It is understood that D. A. Curry and others will endeavor to have the present building ordinance amended so that a building permit will not be necessary where the cost of the improvement does not exceed a certain amount. Mr. Curry was recently arrested for erecting a chicken house on his property in South Marshfield without having secured the necessary permit. He is contesting the case, which is set for hearing next week.

Among the other matters expected to come up are the Market avenue improvement project, the application of the liquor dealers to cancel the increase saloon licenses and possibly the waterworks proposition which Mayor Simpson and the North Bend council has been considering.
