## YOUR ADS CARRYING

Your store-news, should appear as regularly as does this newspaper. If a newspaper omitted an issue now and then—even for so weighty a reason as fearing that it might rain—it would not be a good newspaper.

## OHIO GRAND JURY WILL PROBE LEGISLATIVE SCANDAL

Gov. Harmon Urges Action Instead of Investigation By Legislature.

NO IMMUNITY BATH TO BE GIVEN IN IT

Large Number of Witnesses Summoned in Alleged Bribery Cases.

(By Associated Press to Coos Bay Times.)

NEW YORK, N. Y., May 2.—Chas. Hiram Hyde, city chamberlain, appeared in court this afternoon and pleaded not guilty to an indictment charging him with bribery in connection with the affairs of the suspended Carnegie Trust Company.

During Hyde's absence in the south, the Carnegie Trust Company in which the city was a heavy depositor, went down and a storm of criticism arose against him. Investigation brought out a batch of indictments against those controlling the bank affairs, and who also are said to have boasted of their friendship with Hyde.

Various city depositories were shown to have made loans to the Carnegie Trust Company directly before or after they received the city deposits and the prosecution will attempt to show that promises of these deposits were used as a club to force loans to the crippled Carnegie Trust Company, then tottering. About the time these loans began to come in, the Chamberlain's secretary, John V. Smith got \$14,000 from the Carnegie in the form of cashiers' checks which he deposited to his private account. Shortly after this he drew against this account \$13,800 in four checks, two of them payable to "cash" and two to the city chamberlain. The district attorney will try to prove this transaction covered a payment for services rendered.

Hyde issued a statement today that no official act of his was influenced by any improper motive.

## LET US TALK IT OVER

WHY not have a genuine, good old fashioned Fourth of July celebration on Coos Bay this year?

It has been years since the national holiday has been fittingly and forcefully observed in Marshfield. Let us make it a good one. It should be no half hearted halt and lame celebration but a genuine 24-carat, all gold good time.

There are carnivals of roses and carnivals of strawberries and carnivals of salesmen and carnivals of prize pigs and pumpkins but who would not acclaim Coos Bay's carnival of patriotism the best carnival of all?

There must be pink lemonade, and peanuts—but it will be no peanut celebration. There must be an old fashioned parade, and a goddess of liberty, and the little girls with white dresses and blue sashes to represent the states, industrial floats, and all the paraphernalia that go to make up an old time celebration.

Then we should add to it all the modern methods for fun and amusement and entertainment.

There should be boat races and baseball; foot races and a greased pig, potato races and pie races.

There should be a barbecue and a bowery dance. There should be "raggy-muffins" and "plug-uglies."

Let's turn back the cycle of the years and make it a round up of the pioneers with pioneer pastimes and pioneer playfulness.

All Coos county, all southwest Oregon should be invited to be our special guests for one, two or three days. They should be made welcome in the good old fashioned way—a greeting with heart in it.
