A Welcome Change

Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.

Your wife can escape this with a New Perfection Oil Cook-stove.

A New Perfection keeps a kitchen many degrees cooler than any other range, yet it does all a coal or wood range can do. It saves time, labor and fuel. No wood to cut; no coal to carry; no ashes; no soot. With the New Perfection even it is the best cooking device you can find anywhere.

New Perfection Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

Dealers everywhere; or write for descriptive circular to the nearest agency of the Standard Oil Company (Incorporated)

"I will not let my wife or my mother risk their lives cooking with a gasoline stove."

This was the declaration of He was amazed to learn that a fine appearing young man we not only give the range in our office a few days ago, away, but run all the pipes, connections, etc., free.

He had called to inquire about our limited free gas range offer. He wanted to see the stove. Within 30 seconds his signature went on an agreement to take and use the range.

Will you let the women of your household run the danger of gasoline this summer?
