MANY KILLED BY MOBS IN RIOTING IN OLD MEXICO

Seven Dead and Thirty-Six Wounded In Outbreak In City of Mexico.

TROUBLE OCCURS AT OTHER POINTS City Quiet Today After Intense Excitement—Resignations Follow.

(By Associated Press to Coos Bay Times.) MEXICO CITY, May 25.—The police fired on a crowd in front of the Department of Foreign Relations today. One man was killed. The mobs early this afternoon are parading the streets yelling "Viva Madero."

MEXICO CITY, Mex., May 25.—After the intense excitement of last night this city is comparatively quiet today. An official statement of the number of casualties in the bloody rioting that swept over the city yesterday evening placed the dead at seven and the wounded at thirty-six. Several wounded are expected to die. Large forces of police are on duty today. Foreign Minister De La Barra issued an official statement this morning that Diaz and Corral would resign this afternoon and that the provisional government would thereupon assume authority.

Reports today from outlying quarters show five were killed at Guadalajara Tuesday night. Governor Gallardo of the state of Jalisco of which Guadalajara is the capital resigned last night after a demonstration by a mob crying for vengeance for the persons killed Tuesday night. His resignation quieted the mob.

Story of Trouble. The main trouble in this city culminated after dark when word was spread through the city that Diaz and Corral had not resigned in accordance with the public expectations. The Chamber of Deputies was the first scene of clamorous manifestations and this soon spread to neighboring quarters. Toward nine o'clock the mob demonstration was at its height. Shouts for Madero were heard everywhere and processions moved through the leading streets bearing huge portraits of the revolutionary leader. Efforts to check the fury of the outbreak were made by Madero's personal representative, Alfredo Robles Dominguez, but the disorder continued, finding its chief center in front of the presidential palace. Arming themselves with rocks the mob bombarded nearby buildings. Large forces of troops were hurried to the scene and a cordon thrown about the palace. Twice orders to disperse were given to the manifestants but without avail. Thereupon the soldiers opened fire, immediately there was a scene of wildest confusion. The more timid rioters fled to nearby streets and alleys while the leaders gave ground slowly before the advancing forces who still kept up their firing. Slowly, however, the mob was broken up although detachments continued demonstrations in various sections of the city.

REBELS WILL AID. Insurrectos Send Troops to City of Mexico.

(By Associated Press to Coos Bay Times.) MEXICO CITY, May 25.—It is reported that a detachment of 1,200 Insurrectos will arrive in this city on a special train tonight to assist the Federals in preserving order.

MADERO WILL FORCE ACTION

Provisional President Orders Insurrectos to Take Saltillo.

(By Associated Press to Coos Bay Times.) JUAREZ, Mex., May 25.—The resumption of hostilities in the state of Coahuila was ordered today. Francisco I. Madero, Jr., gave instructions for the Insurrecto forces in that state to advance on Saltillo, the capital, with a view of taking it from the Federals and forcibly establishing a provisional government there. Madero advised that the legislature there had refused to install Senator Venus Plano Carranza who had been chosen provisional governor.

"Unless General Diaz resigns today or tomorrow, there will be more trouble throughout Mexico." Commenting on last night's demonstration in Mexico City, Provisional President Francisco I. Madero, Jr., made this statement today and added, that the uprisings in the interior are the result of a tendency to distrust Diaz's avowed intention of retiring. "Personally, I believe General Diaz will resign as soon as he can," added Madero.

JUSTICE HARLAN RAPS OIL DECISION REPORT SIXTY LIVES LOST IN SHIPWRECK NEAR PANAMA

Brands As Mischievous the Modification Made By Other Judges Permitting Agreements.

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., May 25.—Associate Justice Harlan today filed in the supreme court of the United States his formal dissenting opinion in the Standard Oil Company case. Not satisfied with his oral dissent from the court's decision as handed down by Chief Justice White, Justice Harlan entirely rewrote the stenographic report of his remarks from the bench. The oral dissent formed merely a frame work for the final document containing about eight thousand words was put on record today. Justice Harlan brands as mischievous the modification made by the court in the decree of the lower court permitting the subsidiary corporations of the Standard Oil (after dissolution of the combination, to make "normal and lawful agreements" among themselves. Chief Justice White had characterized this modification as a "minor matter." The further declaration is made

by Harlan that he is convinced the court's decision will throw the business of the country into confusion and invite widely extended and harassing litigation, the injurious effects of which will be felt many years to come. In connection with what he terms "a mischievous modification," Justice Harlan quotes the chief justice as saying "it does not necessarily follow that because of an illegal restraint of trade or attempt to monopolize or monopolization would necessarily arise from agreements between two or more of the subsidiary corporations after the transfer of the stock by the New Jersey corporation." "Taking this language in connection with other parts of the opinion," says Justice Harlan, "the subsidiary companies are thus in effect influenced unwisely, I think, that although the New Jersey corporation, being an illegal combination, must go out of existence, they may join in an agreement to restrain commerce against the states, if such restraint be not undue." Justice Harlan reiterates that the court reversed its former rulings in the trans-Missouri freight and joint traffic associations cases.

The trusteeship negotiations in the bankruptcy cases of Major L. D. Kinney have been definitely called off and the bankruptcy hearings will be resumed. Owing to the delay over the negotiations, the federal court has extended the time in which Major Kinney will be permitted to introduce evidence that he and his corporations are solvent until June 15. The creditors are given until June 24 to make a further showing that Major Kinney and his companies are insolvent. C. F. NEW TURN IN LORIMER CASE

Democrats Disagree Over Investigation of Noted Illinois Scandal.

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., May 25.—A new turn was given the Lorimer case today when a number of democratic senators declared in party caucus called by Senator Martin that they would support the LaFollette resolution which would place the conduct of the proposed new inquiry in the hands of a special committee of five new senators rather than leave it with the regular Senate Committee on Privileges and Elections. The majority of democratic senators however will support the so-called Martin resolution which will be offered as a substitute for the LaFollette and Dillingham resolutions. The Martin resolution enlarges the scope of the new inquiry to include the now famous "Jack Pot."

By more than two-thirds vote the democratic senators in caucus today decided to support the Martin resolution directing the Senate Committee on Privileges and Elections to re-investigate the Lorimer case. Several senators reserved the right to offer amendments and some of them declared they would not be bound by the caucus' action. Senator Martin was among those who declined to subscribe to the majority action.
