LITERARY NOTE.

A new and much enlarged edition of that unique book "The Mountain that Was God," which made its first appearance last summer, is now issued by its author-publisher, John H. Williams, of Tacoma, Washington, with G. P. Putnam's Sons of New York as his eastern agents. Nearly 25,000 copies of the first edition of this beautifully illustrated volume were sold in eight months. In the new edition, care has been taken to make the book finer and more attractive than ever. The text has been almost doubled, and the number of illustrations has grown from 140 to 190, eight of which are in colors. The book has already won the enthusiastic approval of lovers of the great peaks. One of these, a well-known New England author, wrote to Mr. Williams: "If your big mountain were a university, it would give you a degree."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength in building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.
