VANCOUVER UNIONS IN CLASH EIGHT MORE INDICTMENTS IN OHIO LEGISLATIVE SCANDAL

Only Part of Union Workmen Quit Work In British Columbia City Today—Others Turn Plan Down.

(By Associated Press to Coos Bay Times.)

VANCOUVER, B. C., June 5.—Thirty-five hundred men of the building trades quit work today in what they technically described to be a "cessation from labor." To

strike is illegal by the federal law, hence every man individually acted and failed to appear for work. All of the Carpenters' Union are out but the bricklayers refuse to join them in various parts of the city. It is estimated the work stopped was on two-thirds of the buildings but not one of the Carpenters' Union is working and all bricklayers are apparently employed. Street railway men, teamsters and other trades refused to join in the movement.

EUGENE LINE STIRS UP S. P.

Activity of Lane Asset Company Causes Harriman Line to Get Busy Again.

The Eugene Guard of last Thursday printed the following:

"It is said that a crew of Southern Pacific surveyors arrived in Eugene a day or so ago and are again at work between here and the coast mountains. It is the opinion of many that this move is a bluff pure and simple, but it will take more than a survey to bluff the company out this time. Work will go right ahead as fast as possible in spite of any such attempts on the part of the Harriman people to try to scare the local company out by sending a small crew of surveyors here. It will be remembered that when the Asset company was active last summer and autumn with its survey toward the coast, the Southern Pacific company placed two or three crews of surveyors in the field, and when the local concern temporarily quit, the other surveyors quit.

Citizens outside the ranks of the stockholders of the Lane County Asset Company are preparing to properly observe the beginning of work on the Eugene-Siuslaw electric line next Monday by a demonstration, the plans for which are not yet complete but there will be something doing, say those who are behind the movement.

Several plans of celebrating the event have been suggested. One is to have the citizens assemble in one of the park squares Monday morning and after a speech or two march in a body to the end of Fifth street where construction work will begin. Banners or pennants bearing some suitable inscription may be distributed among those in line. Several suggestions as to the inscription have been made, among them the following: "On to the coast in spite of H—," which may mean Harriman, Hill, high water or something else; "Eugene to the Sea," "To the Coast or Bust," and others similar.

The executive committee of the Asset Company held a meeting last night and made final arrangements for the beginning of the work, and there seems to be absolutely nothing in the way of starting operation on the date set."

STEEL TRADE OUTLOOK GOOD

Big Eastern Concerns Start Furnaces Which Have Long Been Idle.

(By Associated Press to Coos Bay Times.)

PITTSBURG, Pa., June 5.—A number of furnaces of the Carnegie Steel Company and the Jones and Laughlin Steel Company which have been out of commission for some time, were put in operation today. A large force of men will be given employment. The prospects of trade are said to be better than for many months.

COACH CONTEST FINALLY ENDS

Judge Hall Names Three Children as Administrators of Big Estate.

After hearing the petitions and counter petitions the arguments of half a dozen attorneys on the same, Judge John F. Hall in probate court settled the controversy over the appointment of an administrator of the Col Coach estate by naming the three children, who are the principal heirs, as joint administrators. The three have accepted and will qualify and it is hoped that the past troubles will be forgotten.

There were six petitions filed in the controversy. Arthur Coach, one of the sons, asked to be named the administrator and later asked that he and his sister, Mrs. Carey be named. Mrs. Carey filed a petition to be appointed administrator alone and also a petition asking that she and her brother, Arthur be appointed. Joseph Coach asked that L. J. Cody be appointed and Mr. Schoemaker of Bandon filed a petition asking that he be appointed.

Judge Hall after hearing the case, gave the heirs a good talking too, telling them that they should cut out the needless controversy and "get together" and adjust the estate without spending a large portion of it in useless litigation.

According to figures introduced Saturday, the estate consists of \$100,000 worth of notes and similar securities, \$2,900 in cash, \$1,500 stock in the steamer Bandon, \$5,000 in the tug Klybham, 187 shares out of the 200 shares in the Coach Timber Company which is worth about \$200,000. There may also be other property. On a contract with the Cody Lumber company, the latter is to take at least \$20,000 worth of timber from the Coach Timber company each year.

Mr. and Mrs. Carey who came here from Grand Rapids, Mich., have decided to establish a home in Coquille. Mr. Carey who was engaged in the plumbing and heating business at Grand Rapids, expects to engage in some kind of business at Coquille.

Today another will contest will be heard at Coquille. Heirs other than the nephews of the late Mr. Gant of Myrtle Point have attacked the validity of the instrument which cuts them off. The nephews who are the beneficiaries of the \$10,000 estate reside in Myrtle Point.
