JEW SOLDIER CAUSES FURORE IN UNITED STATES ARMY

President Taft Comes to Defense of Another "Dreyfus" in Letter.

YOUTH FOLLOWING ROOSEVELT'S ADVICE

Chief Executive Scores Officer For Discriminating Against Hebrew.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 5.—Colonel Joseph Garrard, U.S.A. commanding the cavalry post at Fort Meyer, Va., today was reprimanded by the Secretary of War under orders from President Taft for reporting adversely on the application of a soldier to take the examinations for promotion to the commission on the ground he was Jewish of parentage. The President said it was hard to deal with the matter "with patience and without condemnatory words that had better not be written."

Taft's action caused a sensation not only in army circles but throughout Washington. The young soldier involved in the controversy is Frank Bloom, a private of Battery F, Third Field Artillery now on duty on the Mexican frontier. Several years ago Bloom was urged for appointment to West Point. President Roosevelt, not being in a position at the time to make the appointment, suggested to Bloom that he enlist "like a true American," and fight his way up from the ranks. The young man took the advice and entered the army, where he is said to have made a good record and recently took his first examination for appointment. It is said Bloom failed on this examination for promotion, but in view of the prejudice brought about over Col. Garrard's action, Bloom will be ordered up for a final examination again in September. On this point Taft, in a letter to Simon Wolf of this city, said "I shall take steps to see that the examination to which Private Bloom is subjected is one in which he will be given a fair chance and not be exposed to any unjust prejudice."

Colonel Garrard's endorsement on Bloom's papers to which Taft so strongly objected when brought to his attention was as follows: "The applicant is a son of Mr. Joseph A. Bloom, of Jewish persuasion, a tailor at this post. His associations as far as I know and that of his family have been with enlisted men and their families, and have been respectable. The young man is undoubtedly honest and upright, ambitious and deserving, but for the reasons stated I would not desire him in my command as an officer and a social and personal associate. The presence of the applicant's family at a military post would be subversive of their discipline and their probable treatment a source of mortification to them and a frequent cause of trouble to the commanding officers. From an experience of many years I have found, except in a few cases, few communities where Jews are received as desirable social associates."

In directing the Secretary of War to inquire into the matter, President Taft wrote: "My dear secretary—I enclose herewith a letter from Simon Wolf, a lawyer and a very prominent and respected citizen of Washington. This gives to the statement he makes every presumption of accuracy and truth. It is difficult for me to read the endorsement of Col. Garrard, set forth in this letter, with patience and without condemnatory words that had better not be written. I wish you would examine the record and the statements of Mr. Wolf and if he has not been misinformed—and his letters set forth the facts—direct that this young man be admitted to

AUTO SPEEDER IS ARRESTED

Ed. Lindberg is Fined Five Dollars For Violating Speed Ordinance.

That Marshal Jack Carter intends to carry out rigidly the ordinance against high speeding within the fire limits was demonstrated again late yesterday afternoon when Ed. Lindberg was arrested on a charge of exceeding the speed limit.

Lindberg appeared before City Recorder Butler this morning, and entered a plea of guilty, whereupon he was fined \$5.

When Lindberg was arrested he denied that he had violated the speed law, and claimed to have been running within the limit. According to Carter, he was going over twenty miles an hour.

TAFT OBJECTS TO CHANGES

Insists Canadian Reciprocity Measure Remain Intact Without Amendments.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 5.—To Senator Stone of Missouri, President Taft again made it clear today that he is opposed to any amendment whatsoever to the Canadian reciprocity agreement. Senator Stone had heard of a report that the administration opposition to the Root amendment was not entirely sincere, and that Root had been assured privately by President Taft, and that he would not be displeased if his amendment was adopted. Senator Stone went to the White House to get first hand information and was told that the President was against the amendment proposed by Root and would be against any proposition by any other senator.

An examination for a Lieutenancy in the army.

"The statements made by Col. Garrard are not true with reference to the standing that Jews have in this country, and I resent as commander-in-chief of the army and navy, that any officer of either should permit himself in an official document to give vent to evidence as unfounded and narrow race prejudice as that contained in this endorsement."

"After you have made an examination of the record, please advise me of your action. Sincerely yours, William H. Taft."

LET US TALK IT OVER

NOW that it has been definitely decided that Marshfield is to fittingly and forcefully celebrate July Fourth everyone should lend a hand to help make it the "best ever." This is one occasion when all can unite in an effort to show the world in general and our immediate neighbors in particular that there are no strings to Coos Bay hospitality.

There are less than four weeks in which to make preparations and extend invitations to all Southwest Oregon to join us in the proper celebration of the nation's Natal Day. There needs be much work to properly prepare the program and arrange for its presentation in a manner that will be pleasing to our pride and a pleasure for our visitors. Everyone should feel a personal interest in the issue.

While the celebration should be big and booming, it should also be safe, sane and sensible. Let it be one of the old fashioned variety in which hearty hospitality shall predominate. There should be a parade and a barbecue—a big family picnic dinner, games, athletic contests, boat races, swimming races and in fact everything that will add to the zestful enjoyment of the occasion.

In just 25 days the gates of the city will swing outward, and Mayor Straw will present the keys to our visitors. It is but mighty short shrift for the perfection of details but the people of Marshfield and the various committees will be equal to it. Things will be in readiness and Marshfield will make a fine and memorable display of hospitality and interest and pleasure for her visitors.

Get ready to do your share.

FAST TIME ON NEW AUTO LINE

First Auto Makes Trip From Drain to Allegany—Leaves Here Today.

The first auto over the Drain-Allegany line reached Allegany yesterday and the passengers were brought in here last evening. This morning, the first passengers to make the trip east over the road left here.

The road although not in first class shape yet is in fairly good condition and yesterday the auto found no trouble in making the trip on schedule time.

Capt. Edwards says the prospects are fine for giving the best service that Coos Bay has ever enjoyed. By means of the new route, passengers can leave Marshfield at 6:30 in the morning and get into Drain before 4 o'clock the same afternoon, or in plenty of time to connect with the afternoon train for Portland. Thus they can leave Marshfield in the morning and get into Portland in considerably less than twenty-four hours.

Among the incoming passengers yesterday were Mrs. H. A. Wells and Jack McDonald, Mr. McDonald coming from Loon Lake. This morning, Mrs. J. V. Smeaton and son, Mrs. Roy Moore, Master Helming and Mr. and Mrs. E. A. McGeorge left for Drain.

NO TRACE OF MISSING CASH

Senator Root Unable to Shed Any Light on \$1,600 That Artist Rosenthal Did Not Receive.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 6.—

Senator Root was unable to give the House Committee investigating the State Department much information today on the disbursement of \$2,450 appropriated for payment for a picture of former Secretary Day for which Artist Rosenthal received only \$350. Root's investigations, he said, disclosed only a paper showing Secretary Hay's approval of the payment of \$2,450 from the funds of the department. Payments on this fund are made on approval of the secretary without receipts or vouchers. The committee may never learn where the remaining \$1,600 went.

Senator Root told the committee he was convinced that Former Chief Michael, now consul general at Calcutta, India, had reported that the difference of \$1,600 had been expended under the direction of Secretary Hay for the purposes of which it was not desired to leave record.

Ways and Means Committee of House Makes Report on Schedule Today.

CLAIM PRESIDENT SILENT TOO LONG

Attempt to Explain Their Recommendation Is Not "Undemocratic" as Charged.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 6.—Sharply criticizing President Taft, the republicans and the tariff board the report on the Underwood wood bill was submitted to the House today by the democratic members of the Ways and Means committee. Quoting President Taft's addresses after the passage of the Payne-Aldrich bill, in which he declared "the woolen schedule is indefensible and I propose to say so," the report says, "had the President made those public admissions earlier while the tariff of 1909 was under consideration by Congress, his declarations would have been of real service to the people, and would have enabled them to protest against the betrayal of public welfare to private greed. The President's silence at that time, and his approval of the act of 1909 made it impossible for him to evade his full share of the responsibility for the failure of the revision which he now admits."

The report dealt at some length on the attitude of the administration in not communicating to Congress the data on the "Steel Trust" and other industries now being investigated and the failure of the tariff board to communicate the data on the woolen industry.

"The position of the tariff board appears to be," says the report "that they, in conference with and under the sole control of the President, shall be the sole judges as to what part of the data they collect may be likely to be of service for purposes of legislation and this situation must be considered with reference to the view point of the President concerning tariff legislation."

"It is therefore not impossible that there may be some such delay in the communication to congress of the statistical information collected by the tariff board concerning wool and woolen goods as there has been in communicating to congress or making public data by the bureau of corporations concerning investigations of steel and other industries."

The report maintains that any further delay in the revision of the wool and woolen schedule would be objectionable to the public. In explanation of the intention of the committee not to put raw wool on the free list but to reduce the present duty to 20 per cent ad valorem, the committee insists as the democratic caucus did, that the duty "is not to be construed as an abandonment of any democratic policy." "The present situation of the treasury," the report states, "following a long course of unwarranted extravagance by the republican party, and the appropriations already made by the sixty-first congress, which the democratic minority could not limit, requires that the revenues from customs duties in the immediate future be maintained at approximately the total of the fiscal year 1910."

The committee stated there is no sufficient reason for continuing the complicated and troublesome system of classification on raw wool, characterizing it as a "great burden and annoyance to the customs service and adding to the expense of collecting duties on raw wool." It is asserted that average ad valorem rate
