PORTLAND FAMILY MURDERED IN HARROWING TRAGEDY

**Murderer Wields Axe With
Deathly Effect In Rose
City Suburb.**

**LIVES OF PARENTS
AND CHILDREN TAKEN**

**Police Have No Clue to the
Whereabouts of the
Murderer.**

(By Associated Press to the Coos Bay Times.)

PORTLAND, Ore., June 9. — A casual visit of Mrs. C. B. Matthews, a neighbor, to the home of William Hill at Ardenwald, a suburb of Portland, today revealed one of the most terrible tragedies in the annals of crime in the Pacific Northwest. Mrs. Matthews was horrified upon entering the bedroom to find the bodies of two little children their heads split open by an axe. In another room lay the body of Mrs. Hill, her head battered and in another part of the house lay Hill's body, his head split open with an axe.

Mrs. Matthews ran screaming from the place. Her cries brought her husband and other neighbors to the scene. The police were notified immediately, but so far have been unable to find a clue to indicate who the murderer was. Sheriff Stevens of Multnomah county, and the sheriff of Clackamas county adjoining, have posesses out searching for the murderers. The country back of Ardenwald is wild and a man would have an opportunity to escape in the brush, and woods. The community is wildly aroused and confused, and in addition to the officers on the case hundreds of people are searching the surrounding country for the murderer.

On further investigation the Hill tragedy reveals a more horrible condition of affairs. The examination of the bodies of Mrs. Hill and the little girl Dorothy, aged six, showed they had been ravished, and that the ravishment of Mrs. Hill occurred after she had been killed, and as she lay across the dead body of her husband. The police now believe that Hill was first killed, then the little boy, Philip, aged nine years. The police are at sea regarding the possible clue to the perpetrator of this terrible crime. Following within a few months of the terrible murder of little Barbara Holtzman, who was assaulted and killed in a rooming house of this city, a letter was received at the police headquarters purporting written by the murderer in which the writer stated he would soon commit a more terrible crime. Some persons today advance the theory that the murderer of the Hill family may be the same fiend who killed the little Holtzman child.

RA'S UNDERWOOD BILL

**Mann of Illinois Declares Measure
Would Bring Cheaper Woolens.**

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 8.—Americans were pictured a "shoddy" race today when Representative Mann of Illinois took the floor in the House in opposition to Underwood wool tariff revision. He declared the passage of the bill would throw open the markets of this country to cheap woolens and clothing from foreign mills, that Americans would soon be forced to wear inferior clothing because of the decline of American manufacturers. Representative Mann insisted the bill was prepared without care, and challenged the committee's statistics.

TO TALK ABOUT CELEBRATION

**Meeting Tonight at Chamber
of Commerce to Discuss
Proposition.**

At a meeting to be held at the Chamber of Commerce at 8 o'clock this evening, the plans for the Fourth of July celebration here will be taken up and if the celebration is held, as now appears assured, an active campaign to make it a big success will be launched immediately.

The committee in charge of the preliminary features of it are having difficulty in arranging for some of the big attractions which it was hoped to secure. Geo Rotnor has been in communication with a number relative to securing a flying machine but he is having difficulty in securing one. He will make a report on his investigations this evening.

Everyone who is interested in holding the celebration is urged to turn out tonight and offer suggestions as to entertainment and making it the big event that it is hoped to pull off.

Whether the celebration shall be for one, two or three days, if held, is another question to be settled. The Fourth of July comes on Tuesday this year.

LOCAL FIREMEN HOLD BANQUET

**Over Twenty-Five Fire Men
Attend Event—Plans For
Race Discussed.**

Over a score of members of the local fire department sat down to an enjoyable banquet last evening at the department headquarters. L. W. Traver, fire chief, acted as toastmaster, and each one present was called upon for a little speech.

Plans were discussed for the arranging of a hose cart race with either Bandon or North Bend to take place at the Fourth of July celebration. Both Bandon and North Bend will be invited to compete against the local aggregation. In anticipation of a race, the members of the team have been ordered to train in preparation for the event.

Baseball is attracting the attention of the fire fighters, and according to present plans there is a probability that the department will be represented by a baseball nine. There is much good material for the formation of a fast team among the firemen.

Those present at the banquet were: Fire Chief L. W. Traver, Assistant Fire Chief D. B. Keating, J. S. Monahan, C. G. Magnus, J. W. Davis, Leonard Mauzey, William Longstaff, James Cowan, Carl Albrecht, L. E. Bliven, James Green, E. Lindberg, Homer Mauzey, F. Matson, R. Nasburg, M. J. Ostrow, V. O. Pratt, William Sleep, W. TROOPS ORDERED FROM MEXICO SIX KILLED IN SANTA FE WRECK IN NEW MEXICO

**President Approves Order of
War Department Recalling
Soldiers From Boundary
Line—Troops to Depart Soon**

(By Associated Press to Coos Bay Times.)
WASHINGTON, D. C., June 9. — The second step in gradual withdrawal

of the armed forces of the United States from the vicinity of Mexico was taken today. President Taft approved the War Department's order which will return to their posts 4,000 soldiers at Galveston, and the 1,500 at San Diego. This movement which will begin in few days following the withdrawal of 1,500 soldiers from Guano, Cuba.

MISSING MAN SOUGHT HERE

**George Rief Aged 77 Years
Disappears Suddenly—Be-
lieved to Be In Marshfield**

Word was received today by Marshal Jack Carter from Tacoma, Washington, asking for information of the whereabouts of George Rief, 77 years of age who left Tacoma on May 21st of this year, presumably to come to Marshfield. Nothing has been heard from the aged man since he left his home in Tacoma, and his relatives and friends are greatly worried about his prolonged silence.

According to the description in the letter received by Marshal Carter, Rief has white hair, black eyes, is stooped in form, and just before leaving home wore a black serge suit, a white shirt and a stiff black hat.

Marshal Carter is making every effort to locate the missing man, if he is in Marshfield or vicinity. L. Rief of 712 South Ninth street, Tacoma, wrote to Marshal Carter in regard to locating the old man.

SLAYER HOLDS POSSE AT BAY

**William Byrd, Double Murderer
Kills Another While Being
Chased by Posse.**

(By Associated Press to the Coos Bay Times.)

SPOKANE, Wash., June 9.—Hiding through the country around Mica Peak, William Byrd, a double murderer, has baffled all pursuers today. He is heavily armed, and is expected to set up a hard fight. After fatally wounding John Muenzki and G. H. Whipple, whom he attacked late yesterday afternoon, Byrd fled from the eastern suburbs of the city pursued by citizens. He paused long enough to put a bullet through the lungs of C. W. Meisner, justice of the peace, and resumed his flight.

KINNEY CASES ARE DISMISSED

**Bankruptcy Proceedings Ended
to Carry Out Trusteeship
Plan.**

According to telegrams from Portland, the bankruptcy proceedings against Major L. D. Kinney and his corporations have been dismissed by the federal court at Portland on request of the petitioning creditors.

It is understood that this will mean the carrying out of the trusteeship agreement whereby all the properties are to be deeded to W. J. Rust and he empowered to dispose of it and settle all claims.

For some time, an effort has been made to adopt this means of straightening out the tangle in which Major Kinney and his companies have become involved.

It is understood that just as soon as Mr. Rust furnishes bonds and qualifies for trustee, the agreement will become effective. In paying the claims, the cost of the bankruptcy proceedings will come first, then the mortgages and liens and finally the balance of the claims.

W. S. CHANDLER REACHES HERE

**Just as Enthusiastic as Ever
Over Coos Bay—Rail-
road Prospects.**

W. S. Chandler arrived here last night on the Excelsior from San Francisco to look after business affairs. He will leave next week for Portland where he will meet Mrs. Chandler and they will visit there, at Spokane, Seattle and Bellingham and make a trip to Alaska and then return here to spend the summer. Mrs. Chandler has not been in very good health nor has their daughter, Mrs. Tremaine who has been spending the winter with them in San Francisco. Mr. Chandler is looking well and says he is feeling pretty well again.

He was warmly welcomed back by his many friends here today. He is just as optimistic as ever over Coos Bay's prospects. While he had no definite railroad news, he is hopeful of favorable developments within a month or two in one and may be two projects for building to Coos Bay.

He says that the business outlook at San Francisco is good. He expects that the location of the World's Fair-grounds will soon be decided, and expects that Golden Gate Park will be chosen.

WILL PICNIC SUNDAY.

**Presbyterian Congregation Will En-

PORT LAW IS HELD VALID

**Omission of Word From Meas-
ure Not Fatal—Other
Decisions.**

Judge John S. Coke in Circuit court at Coquille has just handed down a decision in the case of the State of Oregon vs. the Coos Bay Port Commissioners, a case begun to dispose of points raised by the Oregon Supreme Court when that body decided the case of the Southern Oregon company and the Bennett Trust company vs. the Port of Coos Bay, in which he holds the Port Commission valid.

An omission of a phrase in the law enacted to permit the organization of port commissions cause the Oregon supreme court to raise the question. Judge Coke held that the word "hereafter" had been omitted from the section providing that the special elections for the organizing of ports must be held not less than forty days nor more than sixty days after the county court ordered it. Two other questions were raised in the suit, one being that the election was void because of the failure of the officials to post the proper number of notices and also because there were only two clerks instead of three in one precinct. Evidence was introduced showing that notices had been mailed all the registered voters in the district prior to the election and that many public meetings were held to discuss the proposition so that all should have had a knowledge of it.

Deputy Prosecuting Attorney Liljeqvist appeared for the state and C. R. Peck for the port commission. J. W. Bennett had asked permission to assist in the fight against the commission but District Attorney George Brown had not responded. However, he was permitted to assist Mr. Liljeqvist in trying the case.

Stock Case Decided.

In the case of Wm. Grimes vs. J. Virgil Pugh, the North Bend Hardware company and F. S. Dow, Judge Coke rendered a verdict in favor of the defendant. It seems that Mr. Grimes had been assigned \$2,875 worth of Coos Bay Home Telephone company stock by Mr. Pugh as security for a loan. Later the North Bend Hardware company attached this stock and it was sold under the attachment to F. S. Dow. The point involved in the case was whether it is necessary for a party taking corporation stock as security to have it transferred to prevent the same stock being attached for another debt. The court held it was not.

Mrs. Wm. Lawlor was granted a divorce from Wm. Lawlor as petitioned. The case was not contested.

BOSTON IS DELAYED AGAIN.

**Wireless Apparatus to Be Placed on
Naval Militia Vessel.**

WASHINGTON, June 8.—The Navy Department is advised that the cruiser Boston, which is assigned to the Oregon Naval Militia, probably will not be ready for sea service in July and in that event the Oregon Naval Militia will be assigned to some ship of the Pacific fleet for its summer cruise in July. Orders were issued by the Navy Department to the Mare Island Navy-Yard to equip the cruisers Boston and Cheyenne with wireless telegraph apparatus and when it is installed the members of Oregon and Washington Naval Militia will receive instruction in the use of this apparatus.

ALBUQUERQUE, N. M., June 9. The Santa Fe passenger train, the California Limited and the fastest train of the Santa Fe system ran into a tie train near Domingo, three miles North of here today. Six persons are reported to be dead, and the injured is said to number between twenty and thirty. A train of nine cars carrying hospital supplies and surgeons has gone to the scene of the wreck from this place. The company declines to give out any information. A mistake in orders is supposed to be responsible for the wreck. Most of the dead are believed to have been train employees.

CLASH OVER TARIFF.

**Democrats Try to Make Political
Capital Out of It.**

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 7.—The wool debate in the House which promises to continue a week or more, opened today with a clash between Democratic Leader Underwood, author of the revised Schedule K, and Representative Payne of New York in charge of the republican opposition. Payne denied the statements by Underwood that the treasury was in a "depleted condition" because of the failure of the Payne law to produce sufficient revenue. Payne also denied that the act referred to had proved an upward instead of a downward revision.

"Oh, well, the country has decided that," said Underwood. "The country got its information from just such false statements as this from the democratic side of the House," retorted Payne.

COOS BAY DREDGE.

**Differential of \$20,000 Allowed Pacif-
ic Constructors on Dredge**

WASHINGTON, June 8.—Representative Hawley was advised by the War Department that plans for the new Coos Bay dredge, for which \$250,000 was appropriated by the last Congress, will be ready for advertisement in about a month and shipbuilders in about a month and shipbuilders on the Pacific Coast as well as on the Atlantic will have opportunity to compete. The department will allow a differential of \$20,000 to Pacific Coast bidders, this being estimated cost of towing the dredge around the Horn, if built on the Atlantic coast.

HUGH HOGAN SAILS.

The schooner Hugh Hogan was towed out across the bar last Saturday and spread her sails for a voyage to San Francisco. She carries a cargo of lumber from the Florence mill. The schooner had been lying here four months or so, being tied up on account of litigation among the owners. Captain Johnson was glad to sail as he had not seen his family since the vessel left San Francisco.—The Florence West.
