Music and music and conversation filled the evening most delightfully. The place cards were pretty, witty and clever and called for many compliments. They contained a drawing of rushes and a daisy, the petals of which were cut in the card, and in the center of the heart of gold was a miniature photo of the guest of honor, Miss Daisy Rush.

TROUBLE TRIP OF THE EUREKA

Former Coos Bay Vessel Searched by Government Men on Trip South.

A Washington dispatch says: "The movements of the steamer Eureka have given much concern to the state and navy departments for a month.

"The Nicaraguan minister here learned through private sources that the vessel had cleared from San Francisco about May 12 for the Bay of Fonseca, on the west coast of Nicaragua, supposedly with arms and ammunition. Senor Castillo, the Nicaraguan minister, suspected a revolutionary expedition directed against the government of President Diaz.

"The gunboat Yorktown was dispatched in haste from Panama to San Juan del Sur and afterward to Amapala to overhaul and search the Eureka. Two days ago it reported to the navy department that no arms had been found on the Eureka. No attempt was made to detain the Eureka."

BAY SURVEY NEARLY COMPLETED.

With favorable weather from now on, the harbor survey work should be completed about July 1st, or thereabouts, according to Frank Saunders, who is directing the work of the crew of engineers and assistants. A great deal of the work had to be done under adverse weather conditions, the high winds retarding the work at times. Saunders through knowledge of conditions on the Bay as regards winds and tides has been of immense assistance, and the handicaps have been contended with in a successful manner.
