

# COQUILLE TEAM ENTERS SHOOT

### North Bend Will Not Enter —Prizes Many and Beautiful.

Preferring to take their chances on the ability of the members of their club to maintain a high average score rather than to risk defeat by trusting to a few "crack" shots, the members of the Coquille Gun club have notified Secretary William N. Ekblad of the Marshfield Gun club that they will compete in the shooting tournament to be held here on July 3rd providing the strength of the teams be increased from five, as originally proposed, to ten. The request has found favor with the local club and a team of ten marksmen will be chosen this evening to defend the colors of the local club against the invaders.

Following the team shoot, which will take place at the race track next Monday morning, a 25-15-10 bird shoot will be held. There will be three prizes in this event, one of which will be a gold watch chain offered by the manufacturers of Selby shells. Other awards are expected from other ammunition makers.

No team will be sent from North Bend, according to information in the hands of the Marshfield Gun club.

# GOLDEN PARTY STUCK IN SNOW

### Unusual Experience of Marshfield People In Southern Oregon.

The Medford Mall Tribune prints the following item concerning the experience of some well-known Marshfield people and when will be read with interest by their friends here:

Dr. and Mrs. R. E. Golden of Marshfield and their daughter, comprising a party which is touring Southern Oregon and Northern California, failed to reach Crater Lake by auto being forced to turn back a short distance beyond Whiskey Creek. The car was stalled by the heavy snow drifts which still remain in that district. The party was also forced to camp out one night in a snow storm.

The party left Thursday for the lake but after getting beyond Whiskey Creek found the snow too deep for progress. Thinking they were near the lake they walked several miles over the snow and then turned back. They reached Medford Friday evening. They may make the trip to the lake on their return from California.

TENTS and everything for the CAMP at GOING & HARVEY'S.

### Would Have All School Children Given Physical Examinations.

LOS ANGELES, Cal., June 29.—"A survey of the available statistics shows that there are very few cities in the United States giving complete physical examinations to school children; or even sufficiently complete to be of any assistance to the teachers in directing the activities of the child beyond the examination for sight and hearing defects." Such was the declaration of Dr. Everitt C. Beach of Los Angeles, one of the speakers today at the section on preventative medicine of the American Medical Association which is holding its convention here. In his report Dr. Beach among other things said:

"A careful comparison of results obtained by the boards of health and the City Boards of Education shows that the greatest benefits are obtained where the preliminary examinations are made in the grammar school by the teachers. There are a number of factors with their closely allied interests which demand consideration before presenting specific recommendations on methods. They are the Board of Health, the Board of Education, the parents, the family physician, the teacher, the pupil and the school physician and their relations to one another. All of these and their likes and beliefs are to be reckoned with and reconciled.

"The expense necessary in establishing a thorough system of examinations has been a serious objection. A careful study however, shows that it is even more expensive to neglect this work."

# FOREST FIRE PREVENTION

### Precautions Being Taken by Coos County Timber Owners.

Greater precautions than ever are being taken in Coos county this year to prevent the outbreak of forest fires and the preventative program being carried out by both the recently appointed state fire wardens and the officials of the Coos County Fire Patrol Association promises to result in reducing the loss this year to a minimum.

Altogether there are fifteen fire wardens located throughout the county who will be constantly on duty during the dry season and apart from this precaution the Fire Association is maintaining a headquarters at room 200, in the Coke building in Marshfield from which to direct the regular work carried out by it.

In this state the fire season may be said to begin about July 15, with the result that no one is permitted to set fire to slashings after June 1st until after having secured a permit from the fire warden in his district.

State laws, enacted by the last legislature, provide heavy penalties for violations of the fire laws and in cases where it may be shown to the satisfaction of the courts that rank carelessness was the cause of a conflagration even heavier penalties may be imposed.

The state also appropriated \$30,000 with which to fight fires any portion of which the exigencies may demand may be secured by State Fire Warden J. A. Smith of Marshfield.

The county association headquarters are in charge of Secretary Gus Adelsperger and his assistant W. J. Conrad to whom all information concerning fires or violations of the fire laws should be addressed.

### CHOICE RESIDENCE SNAP.

Lots 1 and 2, Block X Western Addition with 4-room house. Lots all cleared and in strawberries. Price \$1,500, terms \$300 cash and balance on or before five years.

### COQUILLE CULLINGS.

Some News Notes Gleaned From The Sentinel.

T. B. Sweet of this city leaves today for a visit to his old home in Nova Scotia. He will be absent several months.

Klime & Von Pogert expect to move into their new building within a few days, probably by July 1, or as soon thereafter as they can finish up work.

L. A. Whereat, surveyor for the local railway, was in this city Monday running the lines of the McDonald property west of the Sentinel office over which right of way will be required when the road is moved to the water front.

Fred Slagle made the first automobile trip over the Middle Fork route last week. He left Coquille with three passengers Saturday morning and was in Roseburg that same evening. He returned from Roseburg to Bridge Sunday between the hours of 7 a. m. and 1:45 p. m. stopping nearly an hour on the way, making the actual running time about six hours between those places.

### PORT ORFORD POINTS.

Events There As Told By the Port Orford Tribune.

Abe Sypher, an old pioneer, and father of ex-commissioner Ed Sypher of this county, died at the latter's home on Floras Creek June 13th, 1911, aged 92 years.

Lorin Forty, second son of Geo. Forty of Port Orford received the appointment as third Assistant Light Housekeeper at Tillamook, and left yesterday to assume the duties.

The famous Draper bloodhounds, have been brought to Portland to run down the murderer of the Hill family. They have run down more desperate criminals than any pair of bloodhounds in the world, and

### GOLD BEACH NUGGETS.

News Notes of Interest From The Gold Beach Globe.

Miss Rita Strahan is now hello girl and waitress at the Gold Beach Hotel.

Miss Rose Ferry of Riverton, after a successful week here in the millinery business departed for her home in Coos by yesterday's stage.

Rev. Higgins and daughter arrived here a few days ago, with their household effects to make their future home with us.

The many friends of Miss Mollie Ismert will be glad to learn that she is fast recovering from her recent severe sickness.

Miss Rose Ferry of Riverton, after a successful week here in the millinery business departed for her home in Coos by yesterday's stage.

Rev. Higgins and daughter arrived here a few days ago, with their household effects to make their future home with us.

### AUTO LINES ACTIVE.

Competition Creating Lively Effort For Local Traffic.

The so-called isolation of Coos Bay is being rapidly dissipated by the gas wagons. There are now four separate auto lines taking passengers from Coos Bay to the steel highway that leads all over the land. Stage lines and water craft are rapidly being displaced by the honk honk cars that are puncturing records as well as tires.

This morning Barnard's stage line substituted an auto for the regulation coach and fair that has been doing duty on the Coos Bay wagon road

### CATCHING INLET NEWS.

Carl Hollenbeck submitted to an operation at Mercy hospital, North Bend, Monday.

### CULLINGS OF COQUILLE.

Coos County Seat News As Told By The Herald.

Miss Pearl Snyder went to Bandon Sunday to meet her father, Capt. Levi Snyder, who came down from Portland by the Anvil.

Prof. Hall Lewis, fruit inspector, was in Coquille Wednesday. He finds considerable insect pests and disease among trees here which need attention.

A. H. Powers was over from Marshfield early this week and sealed a bargain with C. R. Phillips and Hugh Hastings of Cunningham for the timber on about 90 acres of land, and now it will not be necessary to move Camp One as it was intended, at which all in this section are highly pleased.

### QUADRUPLE BABIES BORN.

Klamath Woman Mother of Seven Children In Four Years.

KLAMATH FALLS, Ore., June 28.—The population of Klamath county is being increased by home people as well as by arrivals of homeseekers. Word has been received that a quartet of babies was born Friday to Mr. and Mrs. Al Bunnell, who live near Stukel Bridge. Three were girls and one a boy. The boy died later in the day, but the girls are all apparently strong and healthy, though very small.

Dr. Patterson, of Merrill, who attended, said that the combined weight of the quartet was 12½ pounds. The doctor further said that during the past four years Mrs. Bunnell had given birth to seven children.

### BOOSTER DEFINED.

Hugh Chalmers Tells Just Who Are Knockers.

In an address made recently before the Cincinnati Commercial Association Hugh Chalmers defined the difference between a "booster" and a "knocker."

His definition follows: "A booster is one who does all the good he can for all the people he can, for the longest time he can, and leaves the rest to God. A knocker is made to hang on the outside of the door, and for heaven's sake let it get there."

Refreshments were served at the even games played and all went home satisfied with an evening well spent.

President—George Ross. Vice-president—William Bunnell. Secretary—Laura Culver.
