

FOURTH of July represents the triumph of the idea that all men are created equal.

Clothing is the triumph of the idea that clothes, selling at medium prices, can be created of pure wool cloth and made so good that they can be guaranteed for wool, wear, workmanship and lasting shape.

The Clothcraft guarantee is your Declaration

of Independence from clothes troubles. It sets you free from doubt that your clothes will hold their shape and good looks beyond their days of fresh bought newness.

PRICE \$10 to \$25.

You will have reason to celebrate the day you begin to wear them.

He will leave here next week for Astoria after which he expects to visit Seattle.

AT THE THEATRE.

The Margaret Hies Company opened their engagement at the Masonic Opera House Saturday night producing the play, "A Circus Girl." A large and enthusiastic audience greeted the company. They knew evidently that they were going to see something worth while, and were certainly not disappointed. Every player was at his best and the company gave one of the most delightful performances ever seen in this city. Sunday night "The Governor's Wife" was given and from all indications crowded houses will be the rule during the balance of the engagement. Don't fail to see the Hies.

Mid-Summer Clearance Sale

Every merchant accumulates stock in the course of business that should be sold. He buys more of certain lines than he sells. Then it becomes a question of carrying them over for another year at the regular prices or closing them out at a special price. We have determined to make a sacrifice. We believe it is better to have the money than the goods. The customer profits by purchasing goods at prices that he cannot get at any other time or in any other way. We offer only standard goods at prices that cannot be duplicated. This sale will last for ten days. During that time you can get these articles at these prices and only during that time.
