

Midsummer clearance of fine clothes

NOW comes the time when we begin to clear the decks for the fall campaign of clothes-selling; we like to have all the summer goods out of the way; as complete a clean-up as possible; and we try to do it by making special prices on what we have left. Some of these clothes are made by : : : : : : : :

HART, SCHAFFNER & MARX

The clothes are the same that we've been selling right along at regular prices; they're just as good now as they were then; such clothes don't deteriorate by time; even wearing them doesn't affect them as much as most clothes. The only difference you'll find is in the prices; and we've made them low as an inducement to the men who haven't yet bought new clothes, or who are willing to buy now for next season, or for the remainder of this.

We have the stock arranged in two lots with the following reductions:
