NUMBER OF PROMINENT EASTERN CAPITALISTS VISIT COOS BAY

Investigating Resources and Prospects of This Section of Country.

RAILWAY TO ROSEBURG AMONG THEIR PROJECTS

Will Make no Announcement For the Present—May Come Soon.

A distinguished party of eastern and California capitalists are on Coos Bay today investigating its resources and prospects with a view to future investments here. In the party are: E. Cowperthwaite of London, Eng., E. C. Cox of Chicago, S. E. Biddle of San Francisco, R. T. Hooper of San Francisco, E. C. Brooks of Marysville, Calif., and E. W. Nevers of San Francisco.

Among the propositions they have under consideration it is understood is the matter of a railway from Coos Bay to Roseburg and East to Boise, Idaho.

When seen by a Times reporter today Messrs. Nevers and Cowperthwaite admitted this much but said their plans were not sufficiently matured to make any announcement or give any definite details of their project. The present trip is to familiarize themselves somewhat with local conditions and get in touch with the present situation on Coos Bay.

They would not confirm any of the many rumors afloat in reference to railway projects but said due announcement would be made when there was anything definite to be given out, which might be within a short time.

They made a trip up Coos River yesterday, taking lunch at Dr. McCormac's summer home. Today they made a trip to Sunset Bay, where they are the guests this afternoon of Mayor L. J. Simpson at Shore Acres. The party will probably leave for San Francisco in the morning.

COOS COUNTY FAIR EXHIBIT

State Secretary Congratulates County and Makes a Suggestion.

The following excerpts from a letter received by F. B. Tichenor, from Frank Meredith, Secretary of the Oregon State Board of Agriculture is self explanatory:

I am in receipt of an article, announcing the intention of Coos County to make an exhibit at the forthcoming Fair, for which please accept my thanks. We highly appreciate the good work you have done for yourself in behalf of an exhibit. I note in the article in question a request for anyone having a product of the county worthy of exhibiting to leave same with the Chamber of Commerce. In this way they may be able to get together a fairly good exhibit, but "What is everybody's business is no body's business." For that reason I think that it would be money well invested if the authorities would hire some competent person to go out among the farmers and procure the very best exhibits possible. I refer more particularly to grains and grasses. I know, from what I have heard, that Coos County can make the other counties sit up and take notice if she will only collect some of the best of her products.

FRANK MEREDITH, Secretary.

BRANDEIS IS CHOSEN

Counsel In Ballinger-Pinchot Case to Act In Controller Bay Case.

WASHINGTON, D. C., July 20.—Louis D. Brandeis, who participated as a counsel in the Ballinger-Pinchot case and other Congressional inquiries, has been chosen to act as counsel for the House Committee investigating the Controller Bay Alaska land claims.

WIRE TROUBLE ONCE AGAIN

The Western Union Wires Are on Another Strike.

There is only one man in town with more trouble than a country editor, and that is Otto Schetter, manager of the Western Union Telegraph Co. He is having as much trouble as an Irish policeman at a German picnic—and incidentally adding to the troubles of the Editor Man. The wires refused to work again today after a few spasmodic jerks, and as small part of its Associated Press report. If it continues Coos Bay will soon be as much in need of a telegraph wire as it is a railway.

CONGRATULATES THE CHURCH

Board of Missions Writes Rector and Vestrymen of Emmanuel Church

The following letter has been received by the Rector of the Episcopal Church in Marshfield from the Diocesan Board of Missions, relative to the recent organization of the Church into a regular parish:

THE BOARD OF MISSIONS Diocese of Oregon Portland, Ore., July 11, '11. To the Rector, Wardens and Vestrymen of Emanuel Church, Marshfield, with the Members of the Congregation. Dear Brethren:

The members of the Board of Missions of the Diocese of Oregon take occasion to write you this letter of congratulation on the admission of the Congregation at Marshfield into union with the Convention of the Diocese as a self-supporting Parish. The event marks a turning point in the history of the church in Southern Oregon. It registers the success of many years of sustained and faithful effort to do, under adverse circumstances, and in the face of many difficulties, the work of planting the Church in a new territory. It is doubtless a source of great satisfaction to all those whose earnest labors have helped bring about this happy consummation of your hopes and plans and we rejoice with you.

The record which Emmanuel Church has established for itself in the past carries with it the assurance that its future will be full of good works. It will be an object lesson and a source of inspiration to other missions in Southern Oregon. We predict for Emmanuel Parish a long career of usefulness, and we pray that the God and Father of our Lord Jesus Christ may abundantly bless you in all your undertakings for the good of His Church and the extension of His Kingdom.

In behalf of the Board of Missions, I am, sincerely yours, T. F. BOWEN, Secretary.

F. J. FAHY, cashier of the Bandon Bank, came over on today's train to meet his sisters, Mrs. Sadie Brown and Miss Flo Fahy, who came in on today's Breakwater from Portland and will spend the summer at Fahyville.
