Official Paper of Coos County

VALUE OF GOOD ROADS.
THE meeting of the business men
 and citizens of Marshfield at
 the Chamber of Commerce this
 afternoon to discuss the problem of
 good roads and especially the old
 Coos Bay wagon road is a move in
 the right direction. The business
 men of the community should be in-
 terested in the question of good
 roads.

It is a business proposition.
 If a private corporation owned
 Coos county they would build good
 roads and build them systematically
 and scientifically.

They would do this for the simple
 reason that in no other way could
 they secure a more immediate and
 greater return on the money invest-
 ed.

Good roads are as necessary for
 material health as a good circulation
 for physical health. Bad roads
 mean bad business just as bad blood
 means a bad complexion.

What would be good for the county
 under a private corporation would
 be good for the county under the
 present government.

The action of the Chamber of
 Commerce toward securing improve-
 ment of the highways, is simply a
 shrewd and sound business move.

A million dollars invested in good
 roads in Coos county would not only
 bring money into the county by es-
 tablishing a payroll for their con-
 struction, but would stimulate ma-
 terial development as no other single
 element would stimulate it.

And that is what the county needs.
 A million dollars in good roads
 would bring many millions in in-
 creased production from agricultural
 and mineral lands. A good wagon
 road is the next thing to a good rail-
 road.

The older countries of the world
 have all realized this. They build
 wagon roads in France and England
 very much as they build railroads in
 this country. They tunnel through
 hills, they reduce grades to the low-
 est practical minimum, they reduce
 the cost of hauling per ton mile to
 the lowest possible figure. As a re-
 sult their resources are utilized and
 the cost of living is low.

In France the highways carry one
 and one-third times as much freight
 as the railroads. In America it is
 just the other way; the railroads
 carry three times as much produce
 as do the public roads. According
 to B. F. Yoakum of the 'Frisco rail-
 way system, the bad highways of the
 country cost the farmers a loss of
 not less than \$225,000,000 every
 year—enough to build nearly 100,-
 000 miles of permanent roads every
 year without a cent of taxation.

New York state spends about
 \$10,000,000 annually for good roads.
 California recently approved a bond
 issue of \$18,000,000 for good roads.
 Texas has approved a bond issue of
 \$25,000,000 for good roads.

Why has this action been taken?
 Simply because the people of these
 states have come to realize that
 good roads pay. Money put in good
 roads is as safe as money put in
 government bonds, and returns an
 income that has been computed at
 from ten to one hundred per cent
 per capita.

PROTECT OUR FORESTS.

LET every man, woman and child
 in the county feel a responsibil-
 ity in the matter of guarding our
 forest wealth against devastation by
 fire. So far this season the county
 has been fortunate in this respect,
 but eternal vigilance is the price
 we are to pay to insure preservation
 of this priceless heritage.

The man these days who in the
 woods starts camp fires and then
 leaves them will have his just re-
 ward marked out and, let us hope,
 receive it.

BANDON IS BUSY.
**New Logging Road Being Constructed
 and Many Residences
 Being Built.**

BANDON, Ore., Aug. 1. — Many
 new residences are going up in Ban-
 don this year, about 30 houses go-
 ing up in the city at the present time
 and many more people are planning
 to build in the near future. With
 all of the new houses going up there
 are yet few vacant residences, and it
 is almost impossible to get a desir-
 able house.

Several new projects are just
 opening up. The surveying of a log-
 ging road from Bandon to Bear
 Creek, a distance of about 10 miles,
 has begun, and as soon as it is com-
 pleted actual construction work is
 to begin. This road will be a stand-
 ard gauge, with 45-pound steel rails
 and will tap a good farming section
 and a large timber area.

NEWS OF THE COUNTY SEAT.

**As Told In the Columns of the Co-
 quille Herald.**
 Born—In Coquille, Oregon, July
 15, 1911, to Mr. and Mrs. George
 Glenn, a son.

Mrs. Bert Tuttle returned to her
 home at Marshfield Tuesday after a
 visit with friends on the river. She
 was accompanied by Miss Gladys
 Galler of Bandon.

Miss Dollie Skeels returned from
 Creswell, Oregon, last Saturday,
 where she had been visiting her sis-
 ter, Mrs. Baxter who returned with
 her. They leave Mr. Baxter well.

The little eighteen months old
 daughter of Mr. and Mrs. James
 Rookard of Remote, fell through a
 stove pipe hole through the upper
 floor in their dwelling to the floor
 of the lower story, fracturing the
 little one's skull. She was taken to
 the Bay and the pressure on the
 brain relieved by raising the skull,
 and the child was getting along nicely
 at last accounts.

HAS SERIOUS ACCIDENT.

**C. M. Jones of Coquille Has Back
 Broken In Unusual Mishap.**

C. M. Jones met with a serious
 if not fatal accident last Friday while
 hauling piling on the Myrtle Point
 road for Tex. Robinson. He had
 started down a steep grade with a
 heavily loaded wagon when his
 break refused to work causing him
 to lose his balance and fall off the
 wagon. In falling he became en-
 tangled in the rope attached to the
 brake pole which doubled him up
 and broke his back.

Up until Monday morning Dr.
 Loop, the physician called to attend
 him, entertained no hopes for his
 recovery, but has since issued a state-
 ment that he will ultimately recover
 although he will never entirely re-
 recuperate. He is a member of the
 Woodmen of the World and a nurse
 employed by that organization is in
 constant attendance.—Coquille Sen-
 tinel.

BAY CITY NEWS.

The crowd that went to the beach
 Sunday from Bay City for the picnic
 consisted of Mr. and Mrs. C. E. Hol-
 deman, Mr. and Mrs. F. M. Marhofer,
 Mr. and Mrs. Geo. Rourke and
 son, Mr. and Mrs. Chas. Denison and
 son, Mr. and Mrs. Wm. Chapman and
 family, Mr. and Mrs. H. Brinkley
 and family, Mr. and Mrs. A. Snow
 and family, Mr. F. H. Aekly, Mr. G.
 W. Graham, Jack Tellefson, Misses
 Genevieve, Blanche and Elizabeth
 Tellefson, Mr. Victor Johnson, Mr.
 Enoch Holmburg, Mr. and Mrs. A.
 Thompson, Mr. and Mrs. L. Harpole
 and Mr. and Mrs. Coates and fam-
 ily. All had a grand time.

The funeral of Mr. and Mrs. F.
 Sanborg's infant son was held yester-
 day afternoon. The bereaved par-
 ents have the heartfelt sympathy of
 their many friends at Bay City.

COQUILLE CULLINGS.

**News From the Coquille Valley as
 Gleaned From The Sentinel.**

Born—To Mr. and Mrs. George
 Glenn, July 15th, 1911, a son.

G. R. Harrington, connected with
 the State Asylum for the insane at
 Salem, left Wednesday for the a-
 lum with a logge named Kinney
 who has been employed in and
 around Coquille for several months.
 His peculiar actions in the last few
 days caused him to be adjudged in-
 sane and he was committed to the
 state institute in the Capital City.

There is more Catarrh in this section of
 the country than all other diseases put
 together, and until the last few years was
 incurable. For a great many years a doctor
 pronounced it a local disease and prescribed
 local remedies, and by constantly failing to
 cure with local treatment, pronounced it in-
 curable. Science has proven Catarrh to be a constitu-
 tional disease and therefore requires constitu-
 tional treatment. Hall's Catarrh Cure, man-
 ufactured by F. J. Cheney & Co., Toledo, Ohio,
 is the only constitutional cure on the market,
 it is taken in doses from 10 drops to a tea-
 spoonful. It acts directly on the blood and
 mucous surfaces of the system. They offer one
 hundred dollars for any case it fails to cure.

AN EASTSIDE EVIL.

**Resident Says Liquor Is Being Fur-
 nished Young Boys and Girls.**

Editor Times:

The writer thinks it high time that
 a word of warning was sounded to
 parents of Eastside whose boys are
 staying out late at night and indulg-
 ing in liquor, that is being furnis-
 hed by some one who should know
 better. A crowd of youngsters who
 should be home and in bed are
 known to be out at all hours and
 sometimes accompanied by young
 girls who are paving the way for a
 life time of shame and sorrow if
 they do not reform their actions.
 This liquor is known to be brought
 here by older parties in a launch
 and sold or given to these young
 boys whose parents are evidently in
 ignorance of their children's, for
 many of them are mere children,
 whereabouts at night. Unless some-
 thing is done to check this growing
 evil, the results will be disastrous.
 "A word to the wise" should be
 sufficient.

BANDON BRIEFS.

**News Notes From City-by-the-Sea as
 Found In The Recorder.**
 Bandon is filling up with campers
 and the "white city" over near the
 ball park is an exceedingly lively
 place these days.

The Catholic parochial house is
 now nearing completion and is a
 valuable addition to the residence
 properties of Bandon. Bandon is
 fast becoming a city of beautiful
 houses.

Sunday, August 27, will be excu-
 sion day at the Bandon carnival and
 agricultural fair. A big excursion is
 coming over from Coos Bay, and
 for that reason it has been decided
 to hold the carnival four days in-
 stead of three as originally planned.
