RANGER RUNS IN ON BEACH

Sea-Going Launch Loses Way In Darkness While Trying to Cross Bar.

The launch Ranger about 10 o'clock last evening ran ashore just opposite the Life Saving Station's lookout north of the North Jetty. In the darkness and fog, Capt. Schillings is said to have lost his way.

The Ranger was returning light and was able to put in near shore, so that Capt. Schillings and his two companions were in no danger. The Life Saving crew responded and put two anchors on the Ranger to prevent her being thrown up on the beach by the tide. Unless a heavy wind comes up today, they hope to get her out to sea again. If a heavy wind does come up before they get her out to sea, it will probably be necessary to put skids under her and bring her in overland.

TURKISH BATH IN NEW HOME

Moves From Coos Building In- to Especially Prepared Quarters on Broadway

The Turkish Bath establishment of Mr. and Mrs. Bliven is being transferred today from its old quarters in the Coos building into an elegant and finely fitted home in the Maginnis building at the corner of Broadway and Park avenue, just one block north of the present location. Several hundred dollars have been expended in fitting it up and making it a model and modern bath establishment with all the equipment necessary for every kind of a bath. There are hot and steam rooms, electric cabinets and in fact everything that may be found in any metropolitan institution. The city establishments may be larger and more elaborate but none are better equipped. Mr. and Mrs. Bliven are both graduate masseurs. Mr. Bliven having completed a course at the famous Battle Creek Sanitarium. During their several years residence in Marshfield they have established an excellent reputation as experts in their line, and developed a large and growing business. In their new quarters they will be better prepared than ever to render excellent and satisfactory service. There is not a city in Oregon or in the west the size of Marshfield that has a bath establishment as finely and thoroughly equipped.

There will be a formal opening next Monday and all former patrons and the public generally are cordially invited to call and inspect the new establishment. You will be welcome and are urged to come and see an institution of which the city may well be proud.
