BORN.

FERGUSON—To Mr. and Mrs. Duncan Ferguson, at their home in Ferndale, Saturday, August 26, 1911, a twelve-pound boy. Mother and child are doing nicely and the father is as proud as a Scottish laird over this newest and most important addition to the clan of Ferguson. Following his illustrious father's footsteps in politics we may expect the young man to arrive at the presidential chair as a result of the coaching which he will receive from the father's experience as councilman.

Sails Today—The Nann Smith sailed this afternoon for Bay Point with a big cargo. F. A. Warner was the only outgoing passenger on her.

Leave on Auto—Among those leaving on the Coos Bay-Drain auto line this morning were O. C. Sether, J. L. Pullman, G. F. Dillon and wife, Miss Irene Preuss and J. I. Brown.

Big Trout—Coos River fishermen report that more large trout are being caught this season than in many seasons. The run of salmon is very light and fishermen say it probably will be until there is a heavy rain.

Houses Occupied—An indication of the rapid influx of people here the last month or two is shown by the difficulty in renting residences and apartment. One real estate man who had a dozen empty houses to rent a only had one left and that was not a very desirable one.

Caledonian Picnic—The Coos Bay Caledonian society will hold its annual picnic at Charleston Bay tomorrow. The Alert, Rita and Bonita will leave at 8 o'clock for the picnic grounds and there promises to be a big turnout of the Scots and their friends as the event promises to be even more enjoyable than the past successful affairs of the society. J. B. Sneddon and the others in charge of it have erected a large platform for dancing and have secured Mr. McIsaac with his bagpipe, as a special musical treat.

DECISION IS IMPORTANT.

Copies of Judge Coke's Ruling Are Used by State of Oregon.

The recent decision of Judge John S. Coke in the case of Gray & Holt Co. vs. F. S. Dow, in which the court held that the contract of plaintiff, as a foreign corporation, entered into in this state before complying foreign corporation laws, was void, has been given great prominence by the Corporation Department of the Secretary of State at Salem, according to a dispatch from that city, in which it is shown that that department has caused several thousand copies of the decision to be printed by the State Printer the same mailed to all corporations in the east who are transacting business in this state. In this case, while Mr. Dow had plead a counter claim as an offset and claimed some four hundred dollars in excess of plaintiff's claim, the decision on the validity of the contract was accepted by all parties and the case terminated.

Fare is \$1.50.—Owing to a typographical error, the round trip fare for the Coos Bay Concert band excursion to Bandon was given in The Times yesterday as \$1 when it should have been one dollar and fifty cents.

ARSON RING IN CHICAGO

Several Arrests Made For Fifteen Fires That Caused \$1,000,000 Loss.

(By Associated Press to the Coos Bay Times)

CHICAGO, Aug. 26.—David Korshak, a former saloonkeeper, and alleged leader of an arson ring said to have been responsible for 15 incendiary fires involving a loss of \$1,000,000 within a year is said to have made admissions to the police implicating four business men, three of whom were taken into custody.

The men arrested are Charles Bloom, a merchant, Max Fellachmidt, an insurance adjuster, Isaac Shaffner, a real estate dealer, Ellis Dubolstern, a shirtwaist manufacturer, and Lazard Dreyfus, a wholesale clothing maker. The arrest of Benjamin W. Fink, an official of the Northwestern Can Company, has been ordered in connection with the fire at the Can Company's plant, May 26. The police are said to be looking for Daniel Perry, a brother-in-law of Bloom. Korshak is charged with having set fire to the plant of Leopold Dreyfus & Co., wholesale clothing dealers, June 3. Both Leopold and Lazard Dreyfus were arrested on suspicion immediately after the fire. Three days later Leopold made a statement implicating Korshak and then committed suicide. Korshak told the police 75 per cent of all the fires in Chicago in the last five years were incendiary and either the work of the proprietors of the buildings or professional "firebugs."
