continue their tour on autos. In the party were Mr. and Mrs. W. S. Maxwell and Master Maxwell, Mr. and Mrs. J. L. Eakin, and Mr. and Mrs. W. E. Barnhardt.

Out Sunday.—Owing to the heavy fog along the coast, the Nann Smith and Redondo did not get out for San Francisco until 11:30 Sunday morning. The Elizabeth arrived in at Bandon yesterday from San Francisco.

Buy's Ranch.—It was reported here today on pretty good authority that A. E. Seaman has practically closed negotiations for the Mark Cutlip ranch on Coos River for \$15,000. The ranch is one of the best known in this section and is considered a very good property.

Is Girl.—Through an error. The Times stated the other day that the bunch of sunshine and happiness that arrived at the Rocco Blasca home on Coos River was a son when the persuasion of the little stranger is feminine. Apology is hereby made to the little Miss Blasca.

Has Recovered.—Paul Crooks of Sumner, who returned here a few weeks ago from California, has fully recovered from the smallpox and was released from quarantine today. He contracted the disease in California and was ill when he reached here. So far, no one here is known to have contracted the disease.

Auto Accident.—Dr. Geo. E. Dix had a mighty lucky auto accident Saturday. While coming north on Broadway near Central avenue, the rear axle on his Hudson snapped and the wheel flew off. He ran along a few rods on three wheels before he was able to stop his machine. Had he not been running slowly, it would undoubtedly have ditched him.

Locates Here.—Dr. C. C. Taggart, formerly located at Beaver Hill, but who left here to take a post graduate course in Ireland and who has been traveling the past several months, has decided to locate in Marshfield. He will occupy the suite in the Coke building which Dr. J. W. Ingram, who will leave soon will vacate. Dr. Taggart will start in active practice about September 1, and the news of his decision to remain on the Bay will be more than gratifying to his many friends.

Lots of Water.—F. S. Dow, who is putting in a fruit dryer at Myrtle Point, says he was surprised to find how cheap the municipal waterworks system there is able to furnish water to factories and plants. He only has to pay \$1 per month for the water for running his fruit-dryer. Besides this, he says the Marshal at Myrtle Point care around and notified him that the city would like to have him sprinkle the street in front of the plant and settle down the dust regularly as the city has more water than it needs and wants to get rid of the dust.

Fine Showing.—In a letter to The Times from the State Fairgrounds at Salem where he is working out Belle N for the Willamette Valley circuit races, F. P. Norton says that the well-known Coos Bay mare is making a fine showing. Her first start will probably be at Portland, September 8. In the workout the other day, he had the watch held on her in her warming up heats. The first mile she made in 2:40, the second in 2:27, the third in 2:16 1/2, the fourth in 2:14 and the fifth in 2:11, a rather remarkable showing. Mr. Norton says she appears to be in the pink of condition and he expects to make a fine showing.

BIG CROWD AT SCOT PICNIC

Annual Outing of Coos Bay Caledonian Society Is Great Success.

The annual picnic of the Coos Bay Caledonian society at Charleston bay yesterday was the most successful gathering of the successors of the Clans of Bobbie Burns' land that Southwestern Oregon has ever known. Hundreds of the descendants of the Scots and their friends participated in the day's pleasures. Besides this, they had the honor of a visit from Gov. West and a little talk by the chief executive of Oregon in which he paid tribute to the Scot blood of the MacGregors tingling in his own veins from his mother's ancestors.

Dan MacDonald presided and made a short address in which he paid tribute to the Scots of old and their progeny. Besides his talk, other features of the program were the dancing of the Highland Fling, Spanish dances, etc., by little Miss Edna Huffman and Prof. Beggs and bag-pipe selections which won praise from all dancing and the big picnic dinner, a short race program was held which resulted as follows:

Girls under sixteen—Edna Johnson first and Katie Colombo second.
 Boys under sixteen—Tom Metcalf first and Clyde Lattin second.
 Ladies' race—Julia Redfield first and Mrs. Boutin second.
 Young man's race—Clifford Boutin first and John Wilson second.
 Girls under ten—Hilda Anderson first and Pearl Redfield second.
 Boys under ten—John Burke first and Geo Lingo second.
 Running broadjump—John Wilson first and Will Sneddon second.
 Fat women's race—Mrs. Stiffler first and Miss Steinlechner second.

PROF. LOUIS H. BOLL, the well-known Marshfield musician, returned Saturday from Portland and is arranging to move there this week. He has been troubled with rheumatism for some time and plans to open a studio in Portland and take treatment there and if he recovers fully will return here next season. His departure from the Bay will be greatly regretted by the many friends he has made here who will unite in wishing that he quickly recovers from his attack of the rheumatism.
