relatives in the valley and county.

Vick Bravine and one Alexander
Simpson both residents of Beaver Hill
and charged with pulling off and im-
promptu prizefight in the Southern
Pacific Company's coal mine at that
place were fined five dollars and costs
by Justice of the Peace Holden.

Workmen are busy tearing down
the old blacksmith shop which has
stood on the corner of First and Hall
streets for many years. It is a good
work and will make a model loca-
tion for a modern building. The
building was the property of Kime
& VonPegert who purchased it with
the business of S. H. McAdams re-
cently.

W. Linegar, wife and daughter,
and Mr. and Mrs. J. W. Stevens
arrived in Coquille yesterday for a few
weeks' visit with Postmaster Line-
gar. The first named gentleman is a
brother and the second a brother-
in-law of our genial postmaster. Mr.
Linegar and family reside in Forest
Grove and Mr. and Mrs. Stevens live
at Grand Junction, Colorado.

CATCHES SHOP-LIFTER.

Alvin Pierce Arrested at Coquille on
Serious Charge.

Alvin Pierce, a resident of the
South Fork section, was arrested last
Saturday by Sheriff Gage immedi-
ately after he had appropriated a
watch chain and a ring from the
jewelry store of E. C. Barker. Sher-
iff Gage says that the man had as
many articles in his pockets as any
ordinary man could get in a suit-case,
a pair of trousers said to be the prop-
erty of Henry Lorenz, a complete
shaving outfit lifted from Knowlton's
Drug store, a watch that W. H. Schro-
eder thought he owned before Pierce
paid him a visit and a few neckties
that came from no one knows where
were only a few of the articles that
"Raffles" dumped out on the table
when ordered to do so by the Sheriff.
He was given a preliminary hearing
before Justice of the Peace Holden
Monday morning and bound over to
answer to the Grand Jury under bond
of \$1,000.—Coquille Sentinel.

GOLD BEACH GLEANINGS

Nuggets of News from the Columns
of the Globe
W. D. Clarke is now suffering from
an abscess in the palm of one hand.

Mr. Williamson and E. Holm-
berg of the Black Sand Company,
returned last week from a business
visit in San Francisco. They an-
nounced that work at the sand plant
will be resumed at once, but just
what changes or improvements will
be made, we have not yet learned.

W. J. Walker of Pistol River met
with a painful accident the other
day while binding a load of hay on
his wagon. The binding pole broke,
allowing the man on the wagon to-
gether with a portion of the pole to
fall upon his head knocking him
down. When he regained his senses
he soon discovered that he did not
only have a sore head, but a bruised
and badly sprained foot as well, ne-
cessitating the use of a pair of
crutches ever since.

SAYS OIL PROSPECTS GOOD.

C. M. Maupin, formerly of Cali-
fornia, but who is now preparing to
drill for oil on Coos Bay, is in the
city, and is enthusiastic over the
outlook. He says Coos county has
the best prospect for great oil
fields of any county he was ever in,
and he is a man of 22 years experi-
ence in the oil drilling business. He
says the formation is here and in
fact everything would point to a great
oil field.—Bandon Recorder.

MANY AFTER BIG GAME.

That the hunters of the county are
getting busy these days is evinced by
the large number of licenses which
have been issued from the office of
County Clerk Watson for the past
month. Beginning with No. 402 which
was issued on the morning of July
20, the figures have rapidly increased
in size up to the present time. On
July 31 hunter's license number 649
was issued. Beginning with license
650 on the first day of August over
three hundred and fifty licenses have
been issued, in fact the last licenses
issued on Tuesday of this week, Aug-
ust 22, was numbered 1080. This
means that 679 licenses have been
issued to hunters alone for the pe-
riod beginning July 20 and ending
August 22.—Coquille Sentinel.

PRIMARY LAW AND DATE GIVEN

Nominating Election In Oregon In 1912 Will be Held In April.

SALEM, Ore., Aug. 30.—Inquiries
relating to the time of opening books
for registration of voters for 1912
and the time of holding primary elec-
tions for 1912 are beginning to come
in to the attorney general's office.
Some uncertainty seems to exist owing
to the amendment made to the
direct primary law by the last legis-
lature. In answer to these inquiries
Assistant Attorney General Van Win-
kle says:

"The primary election in every
year when a president or vice-pres-
ident shall be elected shall be held
on the forty-fifth day before the first
Monday of June. The nominating
election, therefore, is held in April
and the registration books are open
on the first Monday in January and
closed on the 15th of May and are
closed for a period of 14 days on
the tenth day before the primary elec-
tion, continuing until the fifth day
after.

Registration For November.

"All laws pertaining to the nomi-
nation of candidates, registration of
voters, and all other things incident
to the holding the biennial election
shall be effective the same number of
days before the first Tuesday after
the first Monday in November that
they have heretofore been before the
first Monday in June. Therefore, it
will be necessary to have the books
open during the summer the same
length of time before the general
election in November as the first Mon-
day in January is before the first
Monday in June.

"You will notice that this makes
two registration periods, one from
January to May and the other from
June till October, with the closed pe-
riod of 14 days in April. The 20
days formerly required for registra-
tion of voters prior to the presiden-
tial election is covered by the period
from June to October.

"As I understand it, there will be
but one primary election and that
will be held on the forty-fifth day be-
fore the first Monday in June and
the general election will be held on
the first Tuesday after the first Mon-
day in November. The registration
books will be open on the first Mon-
day in January and continue so un-
til October, with the exception of the
closed period of 14 days in April and
from the 15th of May until about the
6th of June."

COAST LIGHT IS URGED.

Danger Off Cape Blanco Shown by
Grounding of Vessels.

PORTLAND, Ore., Aug. 29.—What
was predicted last year in a measure
by Captain Ellicott, U. S. N., now of
the cruiser Maryland, but until July
1 in charge of the Seventeenth Light-
house District, has come to pass in
the steamers Saginaw and Casco,
having struck last week off Cape
Blanco. Captain Ellicott strongly
recommended in two annual reports
the advisability of establishing a
light-vessel off that part of the coast,
which is regarded as the most dan-
gerous unprotected point between Pu-
get Sound and San Diego.

There is maintained at Cape Blan-
co a sufficient light for marking that
promontory, but for a distance of
about six miles there extends into
the ocean what mariners term "foul
water." Port Orford, Fox Rock and
others being the most prominent
rocky obstacles. The Saginaw struck
in that locality during fair weather
and was helpless off the coast for a
day before being towed into Coos Bay
by the steamer Redondo. The steam-
er Casco hit on Fox Rock the night
of August 23, when it was thought
that the usual course was being steer-
ed, and fortunately the injury to her
forefoot was comparatively light, oth-
erwise she might have encountered
difficulty making port. As it was her
pumps were found sufficient to keep
the water down. While at sea the
swells caused most of the trouble.

Marine men point to the great dan-
ger always existing off Cape Blan-
co, and which is intensified during rough
weather, as the accidents of last week
occurred when the ocean was calm.
It is the practice for masters of ves-
sels coming north to alter their
course before reaching Blanco, and
all know its dangers, but the fact the
steamer fleet is being increased rap-
idly, and more vessels must be utilis-
ed after the opening of the Panama
canal, has resulted in urgent demand
being made for the proper marking
of the reef and contiguous ground.
