

FRUIT DRYER STARTS SOON

MACHINERY FOR F. S. DOW'S NEW PLANT AT MYRTLE POINT REACHES HERE—MAY INSTALL ANOTHER PLANT ON COOS BAY NEXT YEAR.

The Redondo today will bring in the machinery and equipment for the fruit dryer which F. S. Dow is installing at Myrtle Point. Men are already there to put up the plant and it is expected to have it ready for operation within a few days.

The fruit dryer will have a maximum capacity of twenty-five tons per day, Mr. Dow stated this morning. The standard apple box averages about 40 lbs., so that it requires fifty boxes to make a ton or 1250 boxes of apples to supply the dryer daily.

Mr. Dow estimates that the Coos county apple crop this year will be between 500 and 600 tons.

If the business warrants it, he expects to put in another dryer on the Coos Bay side next year.

CURRY HEALTH OFFICER.

Is Last County in Oregon to Be Supplied.

GOLD BEACH, Ore., Sept. 1.—Dr. B. F. Schleimann, one of but three medical men in Curry county, has been made health officer of the county by the County Court, acting with Dr. Calvin S. White, state health officer, in getting the vital statistics of the state. Curry county is the last county in the state to be supplied with a health officer and the entire state is now under the direction of the state health officer in the gathering of statistics and the making of exact health and death records. Statistics for the past year will be made up by the new health officer.

JUST say you GET it at HAINES'.

MUSIC at the CHANDLER on SUNDAY evening. Arrange to take YOUR Sunday DINNER there.

OREGON FAIR EXHIBITS IN

FIRST OF COOS COUNTY'S DISPLAY REACH HERE—TICHENOR URGES COOPERATION OF EVERYONE TO MAKE IT A BIG SUCCESS.

Every town in Coos County is doing mighty good work in the way of securing exhibits for the Oregon State Fair and the exhibits will be a credit to the County.

Bandon's exhibit was the first to reach this city. It came over yesterday afternoon and among its display is corn twelve feet high.

Myrtle Point and Coquille will ship this afternoon and Monday, so as to have it here in plenty of time for the Breakwater, which sails Tuesday.

Henry Sengstacken was appointed at the called meeting of the Marshfield Chamber of Commerce to look after the exhibits and secure everything that will advertise Coos Bay at the fair.

Here are some of the things that the Chamber of Commerce wants at once: Thrashed oats and barley, pound or two of each. If you have any honey that will do to exhibit notify the Chamber of Commerce at once. Preserved berries any kind will be welcome. Mineral rock of any kind will help out our display of minerals. A nice box of apples, potatoes, berries, polished wood of any kind.

The time is short and everyone must help. Mr. Tichenor will spend the next three days helping the Chamber of Commerce and will see that all exhibits are well taken care of. He will be found at the Chamber of Commerce where you are requested to leave anything you might have that will help educate the people on the outside to the merits of this county.

The Oregon State Fair this year will be the banner fair in the state's history and Coos County will receive the best kind of publicity by having a good exhibit. Frank B. Tichenor will remain in the Coos County booth at Salem all during the fair and you can depend on this section being well advertised.

HOOD IS AT EUGENE NOW

(Continued from page 1.)

man lines to reach Coos Bay—and there are probably twelve or fifteen surveying parties in the disputed territory, employing a couple of hundred men at this time.

"A well-known timber operator came out from the coast Thursday and reports that not less than seventy-five surveyors—presumably Hill men—on Smith river, above Gardiner. This is in line with the Guard's story of Saturday that the Hill road would branch near Tilden rock on the Siuslaw, one line extending to Florence, where Porter Bros., the contractors, have saw-milling interests and are bidding on the \$400,000 jetty contract, while another line would head straight for Coos Bay from that point, coming out on the head of Smith river through a short tunnel. The Pacific & Great Western, (presumably the Hill corporation), has a big party of engineers and right-of-way men working between here and the point of divergence of two proposed lines. Another large party is said to be working along the lower Siuslaw.

"Right-of-Way Agent Buell of the Southern Pacific is working out of this city to the foot of the mountains. It is known that he paid \$1,800 cash for the right-of-way through one farm.

"And in the meanwhile the Siuslaw country is swarming with timber cruisers and the remaining small holders of timber are being besieged for options by brokers representing different interests.

Asset Company Busy.

"The Lane County Asset company has begun condemnation proceedings against several property owners near Elmira to secure the right-of-way for its proposed electric railway between Eugene and the coast. These suits have been begun after all efforts on the part of the right-of-way agents and officials of the company to induce the owners of the land to part with the necessary land for right-of-way, have been of no avail. The company is going right ahead with its grading work and has completed several miles of the most difficult construction between the city and Elmira. It is necessary to have these strips of land in order that grading may proceed."

LENDERS DOWN-AND-OUTER

\$60; GETS \$20,000 BACK
DENVER, Colo., Aug. 31.—"Curly" Grunnell, a paper hanger, who lives at the Colfax hotel, 33 West Colfax, lent \$66 to a grocery man whom he met on a train and who was hard up. As security the man gave him the deed to a piece of land in Nevada.

That was two years ago. "Curly" found that the land was practically worthless. He put the deed in an old pocketbook and forgot about it until a few days ago, when a letter from Nevada informed him that the property that he had considered worthless had turned out to be a piece of valuable land.

"Curly" left at once to investigate. Recently his chum and roommate, Vere Harger, received a letter from him.

"It's all O. K.," "Curly" wrote. "I've sold the land for \$29,000 spot cash to a developing company, and I've got the money in my pocket. Me for New York as soon as I can get there."

The original loan was made by "Curly" purely out of sympathy for a man who was down and out. He said he never expected to get his money back, but kept the deed merely as a curiosity. He has never heard from the grocery man since.

LUMBER MEN ENTER CANADA

BRITISH COLUMBIA SAWMILL OWNERS CHARGE UNFAIR TACTICS IN FAVOR OF AMERICANS—MATTER CAUSES SENSATION AT MEETING.

(By Associated Press to the Coos Bay Times)

VANCOUVER, B. C., Sept. 2.—The sensation of the joint session of the coast and mountain sawmill men of British Columbia came when it was alleged American competitors have taken advantage of the absence of duty on rough lumber to sell thousands of carloads of dressed lumber in the prairie markets without paying duty, as required by Canadian customs tariffs. Customs officers, it was alleged, overlooked the proper classification of imported dressed lumber and it was charged they continue to wink at the devious methods declared to be in vogue. The meeting was devoted nearly all day to a consideration of the situation created by competition of Puget Sound and Idaho rivals in western Canada.

NEWS OF ALLEGANY.

(Special to The Times.)

Miss Edith Anderson of Marshfield is visiting at the home of her aunt, Mrs. P. E. Larsen.

Miss Merle Radabaugh opened school last Monday after a three weeks' vacation.

Mrs. Wilson and three children arrived on the auto from Portland this week to make an extended visit at the home of her sister, Mrs. Mike Shaver.

Mr. and Mrs. Z. T. Thomas and their daughter, Mrs. Dave Cowan and two children, left this week on an extended visit with relatives and friends in the middle west. Mrs. Hansen will have charge of the Thomas place during their absence.

WARNING TO HUNTERS.

Hunters should use due precaution—at this particular time of the year—while promiscuously "beating" through the brush, anywhere between Roseburg and Coos Bay, they don't fire upon a stray railroad surveyor. The woods are full of 'em.—Roseburg News.

IDAHO MOB KILLS INDIAN

CARLISLE GRADUATE SHOT TO DEATH IN GRANGEVILLE JAIL, FOR BEATING WIFE—HIS BODY RIDDLED WITH BULLETS BY INFURIATED CITIZENS.

(By Associated Press to the Coos Bay Times)

NORTH YAKIMA, Wash., Sept. 2.—Peter Mallick, a half breed Nez Perce and a graduate of the Carlisle Indian school, was shot to death by an infuriated mob of Grangeville, Idaho, citizens as he was asleep in a cell in the county jail in that town Thursday night. There were over thirty bullets in his body. Entrance to the jail were gained by keys taken from the guard who was bound and gagged by the mob. The inner door of the cell was battered down. No attempt was made to take the prisoner from the cot. Mallick, who lived with a half breed wife on a homestead near Grangeville, was arrested some weeks ago charged with beating his spouse during a drunken spree. Her ribs and collar bone were broken and her life was in danger over a month. Since his incarceration threats were made to take his life.

Following the tragedy the coroner was notified and took charge of the body. An inquest will be held after which it is expected that several arrests will be made.

GRANGE ORGANIZER COMING.

ROSEBURG, Ore., Sept. 1.—T. J. Lee, deputy state grange organizer, leaves for points in Coos and Curry counties on Friday where he will organize a number of granges. Mr. Lee believes he will be able to interest the farmers in those counties, and is almost positive they will join hands with those of the other counties in the state and organize.

COUNTY WARRANTS.

All Coos County warrants drawn on the General Fund and endorsed prior to April 1, 1910, will be paid upon presentation at my office in Coquille, Oregon. No interest will be allowed on any of these warrants after August 24, 1911.

Dated this 25th day of August, 1911.
T. M. DIMMICK,
County Treasurer.

BARBERS PLAN TO TRIM HOURS

JOURNEMEN WANT SHOPS TO CLOSE AT 7 O'CLOCK INSTEAD OF 8 O'CLOCK—APPOINT COMMITTEE TO WAIT ON BOOS BARBERS.

At a meeting of the journeymen barbers of Marshfield at the O. K. Barber shop last evening, it was decided to ask the boss barbers to close the shops at 7 o'clock instead of 8 o'clock every evening except Saturday. The journeymen barbers in all the shops were represented.

The journeymen barbers contend that they have to work too many hours under the existing arrangement and that also they have absolutely no time to enjoy themselves. They say that while the shops close at 8, it is nearly always a half or three-quarters of an hour later than that time.

O. K. Hullin, August Farley and B. H. Smith were appointed a committee to confer with the boss barbers with a view of effecting the change.

The wage schedule was not taken up but it is expected to leave it the same although the hours are decreased. In most of the shops now, the boss barbers guarantee at least \$15 per week and give the journeymen sixty per cent of his receipts above \$27 per week, enabling the men to make between \$20 and \$30 a week.

WELCOME FATHER MORAN.

Eugene Catholics Tender Reception to Priest From Marshfield.

EUGENE, Ore., September 1.—The members of St. Mary's Catholic church formally welcomed their new minister, Rev. Father Moran, to his new field, at a reception given him at the parish hall in the academy building Tuesday evening. The reception was attended by 150 or more of the parishioners and a very enjoyable evening was spent. Mayor F. J. Berger gave the address of welcome and he was responded to by the new minister. A musical program was rendered, luncheon was served and dancing followed. Father Moran is fast becoming acquainted with the citizens of Eugene and he will doubtless prove a worthy successor to Father O'Farrell, who has gone to Medford.

Everybody is invited to attend the DANCE at Pierson's hall, Lakeside SATURDAY evening, SEPTEMBER 2. Good music and a good time assured. Don't forget the date.

After the show try a Turkish Bath Phone 214-J.
