TWO ARE UP FOR OFFENSES

Joe Gaynor and Hazel Cameron Arrested—Declare War on Parasites.

THE RIGHT MAN DROWNED
IN ONE of the Eastern cities the other day, a man who rocked the boat was drowned. This is not usually the case, but for once, it was the man who rocked the boat who couldn't swim.

One other of his two companions could not swim, but the one who could swim saved the one who couldn't and left the man who rocked the boat to his fate.

Oh, if it were always the man who rocked the boat and only the man who rocked the boat who paid the penalty of his foolishness! But there is the man who spends his wages in riotous living and leaves his family to suffer. He is a boat rocker. The inattentive, uninterested employe, the knocker on his home town, the wayward son or daughter—they are boat rockers who are eternally throwing others into fathomless depths of sorrow and themselves being dragged out by the hair.

We don't wish anyone ill, but if silly individuals will rock the boat and if harm must come of it, we earnestly hope that Fate will more frequently collect the toll from the one who does the rocking.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength in building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
