Instructions to Pupils.

Pupils who were in the schools last year will report at the same buildings as last year with these exceptions:

1. All eighth-graders will report at the South Marshfield school.
2. Families who have changed their location with reference to Elrod avenue, will be governed by our practice of marking that avenue the division line between the two schools.

Children, six years of age and over, who have never attended school before, may be sent to the respective schools without coming to the superintendent's office for classification.

Children coming to our schools from other schools must be classified by the superintendent before entering either school. Classification can be done better now than on Monday morning. The superintendent will be in his office at the South Marshfield school every afternoon.

Principal Barker will keep office hours, Friday and Saturday p. m. from two o'clock on September 8 and 9, for the purpose of classifying high school pupils or for purposes of consultation. He may be found at the South Marshfield school.

Disappearance of Portland Man is Explained.

PORTLAND, Ore., Sept. 7.—Checking over the accounts of Theodore Kruse, her husband, who disappeared mysteriously from Portland, August 21, Mrs. Kruse has reached the conclusion that the hotel man fled when confronted with bills amounting to \$76,500 due September 1, while his cash assets totalled only \$30,000. Kruse is the owner of the Louvre Cafe, the Belvedere hotel and the Carlton hotel and the last named investment, it is thought, so piled the liabilities of the hotel man that he fled the city while temporarily deranged due to worry.
