LOCAL NOTES

THE WEATHER.

(By Associated Press.)
OREGON, Sept. 9.—Showers
tonight and Sunday with wester-
ly winds.

Give Banquet—A farewell banquet will be tendered Chas. B. Selby at the Chandler hotel this evening by a number of his friends. He will leave shortly for Oklahoma City to locate and some of his many friends here have arranged the event to bid him adieu.

Dead Horse in Stream—Coos river ranchers are complaining against a rancher there who has allowed a dead horse to remain in the river. Decomposition has set in and an awful stench is resulting. Some of the ranchers are talking of prosecuting the man who left the dead animal in the river.

Homesteader Dies—John Mackey, a North Inlet homesteader, died at the John Mars home on Larson's Inlet the night before last. He was about forty-five years old and a native of Finland. He did not have a physician during his illness but a post mortem revealed the fact that his death was due to double pneumonia which Mackey had been trying to cure with patent medicines. He was a bachelor and so far as known had no relatives in this country where he had resided about eight years. The funeral was held this afternoon from the Wilson Undertaking parlors, Rev. B. F. Bengtson officiating.

Horse Hurt—The delivery team of Andrew Hansen was frightened by a boy on a bicycle last night. No one was in the wagon and they ran down Central avenue to Fourth where one of the animals attempted to turn south. Their speed carried them too far around the corner and they struck the railing on the edge of the elevated bridge. One horse fell off the bridge and the wagon crowded down and held them fast. The other horse was partly on the bridge and a severe wound was inflicted on his nose by coming in contact with the railing. For a time, it was feared that it would be necessary to kill him but M. H. Mulloy sewed up the wound and may save the animal's life. The wagon was badly damaged.

LIEUT. GRAVES RESIGNS.

Local Officer of Naval Militia Retires—Boston Boys Return.

R. O. Graves was today notified that his resignation as Lieutenant of the Oregon Naval Militia had been accepted at headquarters. Mr. Graves' resignation was the result of private interests preventing him devoting as much time to the Naval Militia as he felt it required.

John Preuss, Milton and Vivian Carlson and Jimmy Greene of the Marshfield Naval Militia and the members of the Bandon Division who made the trip up on the Boston, arrived home today on the Breakwater. They had a rather rough trip up and the work was rather strenuous especially when coupled with seasickness. The Boston made good time and did not meet with any delays.

Capt. Reynolds, Capt. Edgar Simpson will return later.

ALONG THE WATERFRONT.

The President sailed Friday for the Coquille river with miscellaneous freight.

The Redondo is scheduled to sail today from San Francisco for Coos Bay and will probably reach here early Monday.

The Randolph sailed Wednesday for Port Orford and Rogue river and from there will go to Eureka to ply in the salmon trade there for awhile.

The Nann Smith sailed Friday for Bay Point with a cargo of lumber. In going down the Bay, she struck on the Coos River shoal opposite the Cold Storage which has been bothering many vessels recently.

The Coaster, formerly plying between here and Rogue River but now running between Eureka and the mouth of Klamath river, went on the beach there last week. She got off and was taken to Eureka for repairs.

The Omega, one of the Simpson Lumber company's fleet, arrived in yesterday from the south.

The Tillamook, the new gasoline schooner of the Elmore Packing Co., sailed yesterday from Coos Bay. She has been carrying supplies to the various salmon canneries along the Coast.

Capt. Cornwall came down on the tug Gleaner from Gardiner yesterday to take out a cargo of general merchandise.

A Great Advantage to Working Men
J. A. Maple, 125 S. 7th St., Steubenville, O., says: "For years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley Kidney Pills and their wonderful cures so I began taking them and sure enough I had as good results as any I heard about. My backache left me and to one of my business, expressman, that alone is a great advantage. My kidneys acted free and normal, and that saved me a lot of misery. It is now a pleasure to work where it used to be a misery. For Sale at Red Cross Drug Store."

RECEIVE BIDS ON BIG DREDGE

Lively Competition For Construction of Dredge to Be Used on Coos Bay Bar.

PORTLAND, Ore., Sept. 9.—Three large shipyards and a suction dredge plant took part in bidding this week before Major Morrow, of the United States Engineers, with a contract for the construction of the ocean-going suction dredge Colonel P. S. Michie as the stake. Bids will be forwarded to Washington and an award probably authorized at once.

The Fore River Shipbuilding Company offered to build the dredge in 12 months for \$440,000, the Newport News Shipbuilding company wanted 13 months to perform the work for \$394,500, and the Moran company of Seattle, filed a bid of \$384,000, and promised to finish the digger in 12 months. The Fruhling Suction Dredge company bid on its type of dredge, delivered in the east at \$310,000, or delivered at Coos Bay, where it is to work, for \$340,000.

The dredge is to have a length between perpendiculars of 230 feet, beam moulded of 46 feet, depth moulded of 21 feet, frame spacing of two feet and beam camber of 10 inches. Her displacement, with 100 tons of fuel oil, 20 tons of feed water and water in the bins at 10 feet mean draft, is to be 1835 tons. The dredge is to be used on Coos Bay under the same arrangement as the Chinook operates at the mouth of the Columbia, and it is expected that with its aid an excellent channel can be maintained.
