## CHANGE NAME TO COOS BAY

Plan For New Title For Marsh-  
field to Be Submitted to  
Vote of People.

The Marshfield city council last evening adopted a resolution providing that the proposed change of the name of Marshfield to Coos Bay be submitted to the voters at the annual municipal election to be held December 5. The change will necessitate an amendment to the city charter and this is what will be voted upon.

The matter was brought before the council by Dr. McCormac, president of the Marshfield Chamber of Commerce. He pointed out the reasons advocated for it in discussions before the Chamber of Commerce and stated that the Chamber of Commerce wished the step taken. In fact, he said, that the Department has given instructions that letters addressed to parties at "Coos Bay, Oregon" be sent to Marshfield. He said that upon request of the Chamber of Commerce, City Attorney Goss had prepared a resolution providing for the submission of the question at the next municipal election.

Councilman Coke objected to the idea. He said it looked to him like a real estate boom scheme and he didn't believe it would do any good. City Recorder Butler objected to it because the submission of the question would mean a lot of additional clerical work in his office. Anyway, he thought, it was premature and thought the change in name should be made when the towns on the Bay are consolidated.

Councilman Albrecht declared himself in favor of it and said that it was another step to aid in reaping the rewards of the boosting and advertising that have been given this section in the past.

Coke objected to it as being sprung without sufficient notice and he said he didn't think there was much in a name anyway. He said F. B. Tichenor was claiming the honor of being sponsor for it and aside from a few in the Chamber of Commerce, he didn't know of anyone desiring the change. He said Marshfield had grown and prospered under its present name and was now the best town of its size on the coast. Besides he said to change the name would incur the expense of getting
