

Important Announcement to the Music Lovers of Coos Bay

We Have Just Added to Our Line

THE FAMOUS BALDWIN PIANOS

These pianos are acknowledged among the best in the world. They have been the Standard in the musical world for over half a century. When we decided to add Pianos to our line of complete Home Furnishings, we made a careful investigation of the various pianos being offered to the public and after thorough search decided on the Baldwin Piano. The Baldwin Company was established in 1862 and now has a capital of \$1,800,000, with five factories and a capacity of 30,000 instruments annually. This will convey an idea to the people of Coos County the important place the Baldwin piano occupies.

The Baldwin Piano Took the Grand Prize at the World's Fair in Paris in 1900

Again in 1904 at the World's Fair in St. Louis, the Baldwin was awarded Grand Prize over all competitors.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson, Ohio Falls, Ind., writes, "Chamberlain's Cough Remedy is the best for coughs, colds and croup, and is my best seller." For sale by all dealers.

NEWS OF GARDINER.

GARDINER, Ore., Oct. 14.—The creamery situated west of town was destroyed by fire. No one seems to know how the fire started. One man was asleep in the building and was awakened by the noise of the flames and escaped. The building and machinery were a total loss, estimated at \$3,000, insured for \$1,800. The property belonged to the T. S. Townsend Company of Creameries of which Warren P. Reed is a large stockholder. The company has already let a contract to build another creamery larger and with all the latest improvements and up-to-date machinery. The new creamery will not be built on the old site, but across the river in Reedsport, where better facilities are offered for the increasing business. Last year this creamery turned out 160,000 pounds of butter, besides supplying the home market. T. S. Townsend of Portland was in Gardiner this week arranging for the re-building of the creamery. He was accompanied by H. S. Radcliff, who adjusted the insurance on the building recently destroyed by fire.

Geo. E. Walfrom of Portland Southern Pacific locating engineer, is here with Engineer Weir.

W. H. Dement of Myrtle Point, is here this week buying cattle.

L. Clark and William Luce, who have been cruising timber on Smith River for two months, returned to Portland the first of the week. They have been working in the interest of eastern capitalists.

Mrs. Cornwall, wife of Captain Cornwall, who resides in Berkeley, Cal., arrived in Gardiner this week on a visit. Their two sons are students in the University of California.

Rev. J. S. Green will remain in Gardiner at least another year, having been returned by the recent conference, held at Salem.

The new Methodist church is nearing completion and preparations are being made for dedicating the same.

The engineering crew of the Southern Pacific have been busy during the week placing grade stakes through the principal streets of Gardiner. If

the road is built where the surveys have been made it will necessitate the removal of several residences and business places.

Frank Bok while at work Friday afternoon at Camp Creek, near Scottsburg fell from a shoot, striking on the back of his head, being rendered unconscious and for a time it was thought he would not recover, but it is now thought that he will be able to be removed from the camp to his home near Scottsburg in a few days.

A cutting fray took place at the Reed cannery between two Japs Sunday night, one being cut with a knife in the hands of one by the name of Nakaka. A third one who attempted to prevent the trouble was cut in the hand. It seems that the trouble started over ten dollars that Nakaka claimed the other owed him and he refused to pay. There had been trouble before between the two men, terminating by one trying to carve the other up. The knife wielder was arrested by Deputy Justice Schilling and taken before Justice Haskel and was placed under a bond of \$250 to appear before the grand jury. Being unable to secure bonds he was taken to Roseburg Tuesday by Constable Sy Goodman. The victim was brought to Gardiner and had his wounds dressed by Dr. Barber. Although wounded severely about the body and arms he is now thought to be out of danger.

CULLINGS OF COQUILLE

Coos County News as Told By the Herald.

A three pronged white buck deer was seen on the Bear Creek divide, by Walter Loomis and James Redfern, who fired several shots at this freak of nature but failed to get it.

At a recent meeting of the Coquille Valley Creamery Company, which is a new organization of Valley farmers, it was decided to build at once a large modern creamery at Coquille. The site selected and secured is about midway between the new saw mill and the depot on the bank of the river where good dockage for milk boats is afforded. The new building will be 45x75 feet and will be equipped with all modern machinery and conveniences. W. H. Hull went down the river today to contract for the necessary piling. Committees are also busy distributing stock among the stock holders and the contract for the building and dock will be awarded soon.

CURRY COUNTY NEWS

Events There as Told by the Port Orford Tribune.

Dr. H. S. Holton, who was in the fort at Gold Beach in the Indian War of 1855-6, is now living in Merlin, Josephine county, Oregon, enjoying good health, at the ripe age of 86. STORY OF THE DAY

Men Are Liars, All.

The report was carried to the town that the passenger in steamer No. 23 had died, and the captain ordered a deckhand to go and see the body overboard.

A few minutes afterward the hand reported. He was covered in perspiration and gave all evidence of having had the fight of his life. His face was scratched and his hair torn.

"Did you follow my instructions?" asked the captain.

"I did," he replied. "The passenger in stateroom No. 33 has been overboard as per your instructions." "No. 33," shrieked the captain. "No. 23."

"Well, I guess that's my mistake," replied the deckhand. "That's in No. 33 told me he wasn't dead, some men lie so nowadays you believe a thing they say!"
