HOLDUP MEN BUSY.

Three Bandits Pull Off Two Crimes In Douglas County.

ROSEBURG, Ore., Oct. 16.—A burglary followed by a holdup, both crimes evidently committed by the same men, three in number, occurred in Northern Douglas county Thursday. During the night the general store of the Leona Mills Lumber company at Leona was entered and about \$75 worth of goods stolen, including three pairs of shoes, indicating that number of men who participated in the job. At 2 o'clock in the afternoon, three men held up a man traveling by wagon from Grants Pass to Turner, taking from him \$18, all the money he had. This crime was perpetrated at Alca, eight miles north of Leona, and at the same spot where a traveling minister was held up and robbed last July. The bandits wore white handkerchiefs over their faces and two of them used revolvers.

The victim of the robbery reported his experience upon arriving at Cottage Grove. Frank Snodgrass of that city is using a bloodhound, recently bought by the citizens of Cottage Grove for the special purpose of assisting the officers to run down fugitives.

PENSION ROLL IS DECREASING

Plan to Eliminate Vouchers—Peculiar Phases of Aid to War Veterans.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., Oct. 15.—A saving estimated at \$1,000,000 annually to the pensioners of the United States and eventually about \$180,000 a year to the government is contemplated by a simplified plan for the payment of pensions without vouchers, which Commissioner of Pensions Davenport submitted to the Secretary of the Interior in his annual report made public today.

During the year \$157,325,160 was paid as pensions, a decrease of \$3,498,154 from last year, making the total amount paid in pensions since the foundation of the government, \$4,239,381,730. There were 55,580 names dropped from the roll and 26,200 added, leaving a net loss of 28,985 pensioners. The total number at the end of the year was 92,098, the smallest number since 1892. Methods of economy resulted in a decrease of the cost of administration by \$140,546, the amount being \$2,517,127 the lowest since 1882.

Commissioner Davenport's plan, which was devised at the request of Congress and which will require the passage of a law, would greatly simplify the methods of paying pensions, result in the making of pension checks on the day upon which the pension falls due, eliminate the cost to the pensioners in a large majority of cases to the execution of pension vouchers which varies from \$1 to \$3 yearly; decrease to a considerable extent the work in drawing and mailing pension checks and eliminate the sending of four million letters yearly through the mails, saving about \$80,000 thereby.

The plan contemplates payment direct by checks mailed to the last address of the pensioner. Besides the indorsement on the back of these checks, the government would require certification by two witnesses as to identity. In a few instances, Commissioner Davenport said vouchers still would be required.

Commissioner Davenport told of his efforts to ascertain the truthfulness of reports in the press and elsewhere that the pension roll was honeycombed with fraud. He sent field men from pensioner to pensioner in the Washington district and is now doing the same in the Knoxville agency. Out of a total of 47,181 pensioners seen and questioned, only 26 cases of improper pensioning were revealed.

Number on Rolls.

The number of sailors and soldiers on the pension list at the close of the fiscal list was 570,050 dependents and widows 321,642, and army nurses 406. There were 529,884 having died during the year. It is believed that only about 25 per cent of the estimated 2,213,365 individuals in the United States Service during the Civil War are now living, the death rate of the survivors being now slightly in excess of six per cent yearly.

The last pensioner of the revolutionary war, Mrs. Phoebe M. Palmer, daughter of Jonathan Wesley, who served in a New Hampshire company, died at Brookfield, N. Y., April 25, 1911, aged 90 years.

Mrs. Britannia Kennon of Washington, D. C., a great granddaughter of Martha Washington and who died during the year, drew a pension as a widow longer probably than any other person in the history of the Pension Office, having received \$59 a month almost 67 years. Mrs. Kennon was a widow of a captain of the United States steamship Princeton, who was killed February 28, 1844, by the bursting of a cannon on that vessel.

and unfit to sit on the jury. It would be "better that the defendant be taken by a mob and lynched than be tried by a jury consisting of men like Nelson," he declared. Scott finally was checked by the court when he used the phrase "railroaded to the gallows."

The court suggested that no insincere intent had been shown by the prosecution.

"The greatest persecutions in history have been conducted by sincere men," rejoined Scott.

Estimates are that the total cost of the trial will run as high as \$500,000 or more. That was the figure named by Clarence Darrow today.

Martin Baker, a ventriloquist, was excused by both sides because he was not well up in the English language.

Supt. May of New York Asylum Says Report of Noted Patient's Release Incorrect.

(By Associated Press to Coos Bay Times.)

NEWBURGH, N. Y., Oct. 16.—Persistent reports that Harry Thaw's release from Mattewan is expected within three months are denied by Dr. James V. May, superintendent of the institution. Superintendent May said Thaw's counsel had declined to permit an examination of Thaw, but so far as his observation goes, he observed no change in Thaw.

STAY OUTSIDE OR REPENT

Tabernacle Opens With Large Crowds—Rev. Rutledge Speaks on Repentance.

Sunday was a bright day for the worshippers of Marshfield as they gathered from all parts of the city for the first service in the tabernacle. Some came from up Coos River while North Bend was represented by several who came by auto and boat.

Undoubtedly the best sermon of the day was the one in the evening when Rev. Rutledge gave in a carefully wrought-out discourse using the theme "Repentance." It should have been heard to have been appreciated, yet some striking thoughts abide in the memory of the writer. He said: "Repentance is not salvation, and yet no salvation is granted apart from repentance. You need not think you can be saved without first repenting. Repentance is turning away from sin. It is turning to God. No man can be saved unless he will first turn away from sin."

"The best time to repent is now. So many are waiting for a more convenient time. You might as well stand by the side of a swift flowing river and wait for the water to stop so you can cross over as to wait for the right time to come along for you to repent. Right now is the best time for you. There are people in this town who went through the Shannon meetings unrepentant, and yet they went through the Lyon campaign unrepentant, and I suppose they will go through this one and on down to the end and be lost."

The tabernacle is decorated with flags throughout, making it bright and cheerful. Directly above the platform is the banner which reads, "Get right with God." Pastor G. L. Hall said of this: "We have had this banner placed here to continually indicate the object of these meetings. No matter who you are, church member or outsider, these words are for you. They may seem old to some; yet it is our business and determination now to make them new, for that is exactly why Jesus came, that we might get right with God."

The music was made especially attractive yesterday. The old time Gospel hymns are certainly appreciated by the people. Mr. Frank Sacchi rendered a solo in the evening which was also appreciated. Everyone is doing something to help in this People's Evangelistic campaign. Come tonight, 7:30.

REAL CHINESE QUESTION.

(By Associated Press.)

NEW HAVEN, Conn., Oct. 16.—The question in China just now, according to Dr. Kanichi Asakawa of the Yale faculty, is not whether the revolutionists will win but whether they can agree after they have won.

(By Associated Press to the Coos Bay Times.)

SAN FRANCISCO, Cal., Oct. 16.—The news of the first engagement between the Chinese revolutionists and the Imperial forces since the establishment of the capitol of the republic of Chung Hwa, in San Francisco was received here today in a cablegram from the Chinese Free Press, published here, gives an account of the disabling of three government gun boats by the revolutionists near Hankow yesterday. The boats destroyed were the Chor Kung, the Chor Keung and Chor Choy. Two other boats of the flotilla, one of which carried Sui Ching, viceroy of Hupeh province, escaped. The cable gives no information of the attacking force's losses.

PEKIN, China, Oct. 16.—Heavy runs on the banks here continued today and there were riotous scenes at several institutions. Government bank notes are no longer passing at par, the best quotation today being a discount of twenty per cent. Three members of the American Legation here were given permission to accompany the Imperial army in its campaign against the rebels and they left today with General Tin Tschang. The price of rice has risen twenty per cent since the revolt began.

Other Rumors Afloat

Another railroad rumor afloat here today was that the Pacific Coast Line, the Summer project, had secured an option on 420 acres of land on the west side of the mouth of Pony Inlet, in near where the Reynolds mill was formerly located. This tract is owned by the Simpson Lumber company and the Menasha Woodware company and about 300 acres of it is tideland.

REPORT THAT SOUTHERN PACIFIC HAS PURCHASED PROPERTY THROUGH SIMPSON HOLDINGS.

It was reported today on pretty good authority that the Southern Pacific has closed negotiations for the purchase of right-of-way across the property of L. J. Simpson and the Simpson Lumber company at Ten Mile. L. J. Simpson could not be reached today to confirm the report. It is also understood that the right-of-way secured by the Southern Pacific embraces the logging road which the Simpson company started from North Inlet some time ago.

Vice-president Sumner was known to have been trying to secure the latter.

Local Contractor Asked by Projectors of Road to Submit Bid on Line.

NO CONTRACTS HAVE YET BEEN AWARDED

Portland Representatives of Project Say They Hope to Start Work Soon.

Hugh McLain who arrived home yesterday from Portland today verified a report that he had been asked by Messrs. Cole and Walkley, to submit a bid on ten miles of rock work through the canyon on the Coos Bay and Boise. He has not been informed yet as to whether his bid was accepted. However, he was informed that no contracts had been awarded on the line although they had several contractors figuring on the work.

"Mr. Walkley appears to be an Englishman and representing the capital behind the project, said Mr. McLain today. "He had all the details of the survey, etc., and took up the matter. Mr. Cole was handling the other details of the work. They informed me that they hoped to get actual construction on the project started this fall. The ten miles of work on which I submitted an estimate is the rock work through the canyon. Everything looks mighty good for it, judging from what information they gave me."

It has been unofficially understood here for some time that the Commonwealth Trust company of Pennsylvania, the underwriters of the Coos Bay and Boise, had practically concluded the placing of the \$10,000,000 bond issue of the company.

It has also been reported here that the project has, or will when the contracts are let, pass out of the hands of the local parties interested in it. The understanding of this, which is also an indirect report, is that Messrs. Haines and Clarke and their Portland associates, were to receive \$1,000,000 for the survey and right of way and in fact all the interest they have in the project. The Commonwealth Trust company of the people they represent, it is understood, has the awarding of the contract.

While away, Mr. McLain landed a good paving contract in Portland and also a big sewer contract near Columbia University grounds.
